ACCOUNT REF#: 22226

OWNER/BUSINESS NAME: Glenn R Moss Jr and Sherril Moss

LOCATION: 0210 03003 165 Haywood Wright Rd

DATE OF APPEAL: 11/14/2016

PENALTY APPEALED:

2016 10% \$277.80	2013 40% \$980.68
2015 20% \$496.30	2012 50% \$1,225.85
2014 30% \$744.45	2011 60% \$1,445.94

OPENING STATEMENT:

Appellant is appealing the late listing penalties for their real property for tax years 2011-2016.

The appellants states they didn't know they were doing anything wrong. They are asking if the late penalties can be removed.

STAFF REVIEW:

In accordance with NCGS 105-309(c) (4) it is the responsibility of the taxpayer to list any improvements to their property with the tax office. The Certificate of Occupancy was issued in 2006. The house was never picked up in the tax office, so taxes have not been billed for the improvement for 10 years. Taxpayer was billed for land only.

In accordance with NCGS 105-312(g), when property is discovered, it shall be taxed for the year in which discovered and for any of the preceding five years during which it escaped taxation.

ASSESSOR'S RECOMMENDATION:

Assessor recommends that the penalties stand according to NCGS 105-312(h) which states that "having computed each year's taxes separately as provided in subsection (g), there shall be added a penalty of 10% of the same amount for each subsequent listing period that elapsed before the property was discovered or not timely listed.

BUSINESS EQUIPMENT – Construction in Progress

DATE OF APPEAL: 10/19/2016

OPENING STATEMENT: Appellant is appealing value assessed on the CIP.

Appellant statement of reason (s) for the appeal:

Appellant is appealing the timely exemption application that was denied by the Tax Assessor. The client states that the exclusion for a solar energy electric system applies to all “equipment used directly and exclusively for the conversion of solar energy to electricity and under North Carolina law, the exclusion applies to such equipment during the construction phase, and therefore their equipment is entitled to the exemption for 2016.”

STAFF REVIEW:

Under North Carolina General Statutes the Department of Revenue is charged with the duty to exercise general and specific supervision over the valuation and taxation of property by taxing units throughout the State. On October 10, 2016 all Assessors received an email from the Department of Revenue stating, based on their opinion “equipment is taxable 100% valuation as Construction in Progress (CIP). Once the equipment is placed into production then G.S 105-275(45) may apply as of January 1 the following year.”

ASSESSOR’S RECOMMENDATION:

The CIP valuation of \$8,935,368.00 stands.

Properties Committee

Roofing Projects. The committee (Brummitt [C], Kelly, Wilder) met Tuesday, November 29th and received a summary from the engineer (Bob Tomlinson with REI Engineers) on the completed roof and masonry work at the Henry A. Dennis Building. The total construction cost was \$165,871 and is currently in the punch list and closeout phase. Attached are before and after photos. The committee also reviewed plans for the replacement of the administration building roof. This project is currently in the design phase with bidding planned in the spring and construction scheduled for summer 2017. The engineer estimates the total construction cost at \$378,000 and anticipates this could be less if synthetic slate is used as a substitute for natural slate. The committee discussed concerns with synthetic slate, and will review further once bids are provided. The Capital Improvements Program (CIP) has \$325,000 budgeted for the project this fiscal year. The engineer will continue with design and provide bidding alternatives to assist with lowering the cost when the project is released for bid. The committee will reconvene to review bids and alternatives once they are received. *For Your Information.*

Animal Shelter Construction - Change Order #5. The committee met with the architect and general contractor to continue their discussion from last month on Change Order #5. The committee recommended adding a french drain as opposed to rain gutters to the building and recommended removing and replacing concrete in the kennel areas to create slope and address the drainage issue. The committee also felt it was necessary to add sound proofing inside the building to reduce the noise levels from the dogs. The committee questioned the need to add a booster pump to address a lack of water pressure in the building but ultimately determined that the general contractor would cover the cost if it is not effective in addressing the issue. Staff informed the committee that over \$90,000 remains in the project budget prior to Change Order #5. The change order totals \$32,338 and is made up of the following additions and deduction.

Change Proposal	Reason	Amount
CP #20	Add: Washer/Dryer Cords	\$190
CP #21	Add: Three 3" conduit sleeves for data into building	\$349
CP #22	Deduct: Final Adjusting Change Order	-\$8,672
CP #23	Add: Solenoid valve box and washed stone	\$532
CP #26	Add: Remove/Replace Concrete; Lower trough drain in Kennel Areas	\$25,463
CP #27	Add: Domestic water line booster pump to address pressure issues in building	\$2,897
CP #28	Add: French drain to handle front roof drainage	\$6,197
CP #29	Add: Sound panels to reduce dog noise	\$5,382
Total	Change Order #5	\$32,338

The committee recommended proceeding forward with Change Order #5 and asked staff to obtain a specification sheet from the kennel manufacturer confirming a sloped floor will maintain the kennel warranty. *Recommendation: Approve Change Order #5 with Riggs Harrod Builders totaling \$32,338.*

REO Property Offer – Bullock Street (Tax Parcel 0084 03034). The committee reviewed an offer from Mr. D’Juan Jones to purchase a vacant lot (0.3 acres) owned jointly by the City of Henderson and Vance County. The offer was a result of the County’s efforts to reach out and market County owned property to adjoining property owners. Mr. Jones’s grandfather (Mr. Theodore Burwell) owns adjacent property to the rear of the vacant lot. The committee recommended proceeding with the upset bid process for sale of the property. *Recommendation: Approve resolution to authorize the upset bid process for the sale of Bullock Street (tax parcel 0084 03034).*

**RESOLUTION AUTHORIZING UPSET BID PROCESS
FOR SALE OF REAL PROPERTY
Lots 2 & 3 Bullock Street, Henderson, NC 27536**

WHEREAS, Vance County owns certain real property with an address of **Lots 2 & 3 Bullock Street, Henderson, North Carolina**, and more particularly described by the Vance County Tax Department as Parcel Number **0084 03034**; and,

WHEREAS, North Carolina General Statute §160A-269 permits the county to sell real property by upset bid, after receipt of an offer for the property; and,

WHEREAS, the County has received an offer to purchase the real property described herein above in the amount of **\$750.00** subject to the terms and conditions as included in the submitted offer to purchase bid, submitted by **D’Juan Jones**; and,

WHEREAS, **D’Juan Jones** has paid the required deposit in the amount of **\$750.00** with his initial offer.

THEREFORE, THE VANCE COUNTY BOARD OF COMMISSIONERS RESOLVES THAT:

1. The Board of County Commissioners declares the real property described above surplus and authorizes its sale through the upset bid procedure of North Carolina General Statute §160A-269.

2. Upon acceptance of the County’s counter offered terms and conditions, a notice of the proposed sale shall be published which shall describe the property and the amount of the offer and shall require any upset offer be subject to the same terms and conditions as contained therein except for the purchase price.

3. Any person may submit an upset bid to the Clerk to the Board of County Commissioners within 10 days after the notice of sale is published. Once a qualifying higher bid has been received, that bid will become the new offer.

4. If a qualifying upset bid is received, a new notice of upset bid shall be published, and shall continue to do so until a 10-day period has passed without any qualifying upset bid having been received. At that time, the amount of the final high bid shall be reported to the Board of County Commissioners.

5. A qualifying higher bid is one that raises the existing offer by the greater of \$750 or ten percent (10%) of the first \$1,000.00 of that offer and five percent (5%) of the remainder of the offer and is subject to the same terms and conditions of the previous bid.

6. A qualifying higher bid must also be accompanied by a deposit in the amount of the greater of \$750 or five percent (5%) of the bid, which may be made by cash, cashier’s check

or certified funds. The County will return the deposit of any bid not accepted and will return the bid of an offer subject to upset if a qualifying higher bid is received.

7. The terms of the final sale are that the Board of County Commissioners must approve the final high offer before the sale is closed and the buyer must pay with certified funds or wire transfer the bid amount and any other amounts as required pursuant to the terms and conditions of the bid at the time of closing, which shall be no later than 30 days following the approval by this Board of the final bid. The real property is sold in its current condition, as is, and the County gives no warranty with respect to the usability of the real property or title. Title will be delivered at closing by **a Non Warranty Deed**, subject to exceptions for ad valorem taxes, assessments, zoning regulations, restrictive covenants, street easements, rights of others in possession and any other encumbrances of record. Buyer shall pay for preparation and recording of the Deed and revenue stamps.

8. The County reserves the right to withdraw the property from sale at any time before the final high bid is accepted **and the right to reject all bids at any time**.

9. If no qualifying upset bid is received, the Board of County Commissioners will accept or reject the bid submitted within 60 days after the close of the 10-day upset period.

This the 5th day of December, 2016.

B. Education Lottery Fund Applications. A joint application filed by the County Commissioners and the Board of Education must be submitted to the State in order to draw down available North Carolina Education Lottery funds from the Public School Building Capital Fund. The Board of Education approved the applications at their November 14, 2016 meeting. *Recommendation: Approve the applications to draw down lottery funds to be used for debt service payments on existing school facilities debt.*

C. Waiver of Bid Procedure for Purchase of Ambulance. The County budget contains funds for the purchase of a new ambulance in the current fiscal year. On behalf of Habitat for Humanity of North Carolina, Inc. (HHNC) (Tax ID: 27-1296717), I would like to request that the City of Henderson donate the following 2 parcels of land, to be used by HHNC to construct a home for a selected and approved homeowner, Ms. Tamara McGhee:

- Parcel # 0107 01022 (deed reference 1234/65), and
- Parcel # 0107 01023 (deed reference 1221/49)

These two contiguous properties, on North Street and W. Andrews Avenue (GIS attached), will be combined to form the building lot for a 3- or 4-bedroom home for Ms. McGhee and her 4 daughters.

This initiative is in response to a challenge grant from State Employees Credit Union Foundation to build a Habitat home for a family in all 100 counties throughout North Carolina. And while providing a safe, decent, and affordable home for a single family in Vance County is certainly an accomplishment to be celebrated, we hope that this endeavor might also catalyze some in the Henderson community to re-activate the Habitat affiliate organization to continue to serve those in need of decent shelter in your city.

I want to thank you and the City of Henderson for helping us/HHNC make this dream of a home for Ms. McGhee possible, through the donation of this city-owned property. We have had the extremely good fortune to be able to connect and partner with the Henderson Rotary Club, whose members (cc'd above) have provided invaluable assistance to initiate this project; it would have been incredibly more-difficult – if not impossible – to carry out this project without their help.

Please contact me if there is anything further that you need. It would also be very helpful to HHNC and our planning for next steps on this project if you could provide us with the estimated timeframe that you expect to be able to consider and act on this request.

Thank you again. I look forward to hearing from you, and I'm sure I'll have an opportunity to meet you on one of my next trips up to Henderson.

Objectives	Outcomes
1. Producers will increase sales of food locally to more agriculturally aware consumers through market development, producer and consumer education, and new farmer and infrastructure support.	<ul style="list-style-type: none">• Kerr-Tar Beekeepers met for their November with thirteen members and three new potential members. The program was beekeeping tips and tricks on how to increase beehive health.• The Vance County Regional Farmers Market 2016 season is winding down, but went out with a bang on November 19th, the date of the annual Handcrafted Holiday Market. This event included approximately 40 vendors of quality handmade crafts, and also a selection of our regular produce vendors. This is typically the biggest sales day of the year, attracting approximately 500 customers.
2. Agricultural producers, workers, food handlers and consumers will adopt safer food and agricultural production, handling, and distribution practices that reduce workplace and home injuries/illnesses, enhance food security, and increase the quality and safety of food that North Carolinians prepare and consumers.	<ul style="list-style-type: none">•
3. Individuals and groups will acquire leadership and decision making capacities needed to guide and actively participate in local and state organizations.	<ul style="list-style-type: none">• Vance County had ten individuals attend the 2016 Grassroots Leadership Conference held at NC A&T State University. The Vance delegation consisted of four small farmers and six volunteers. Topics covered at the conference were general leadership, social media and social change, engaging local leaders, and understanding the leader in you. The attendees stated this conference increased their leadership skills.
4. Youth and adults will address community issues and/or challenges through volunteerism.	<ul style="list-style-type: none">• On Thursday November 10th, 2016 Vance County Cooperative Extension co-hosted a food drive at the Regional Farmers Market. This drive takes place every other month and is meant to provide healthy foods to

	<p>individuals that may not have access. This past food drive we were able to service over 600 families with various food items. Youth from Southern Vance High School as well as Job Corps came to assist. These youth provide the framework for our “assembly line” and help ensure that all residents are served.</p>
5. North Carolina's plant, animal and food systems will become more profitable and sustainable.	<ul style="list-style-type: none">• A High Tunnel Vegetable Production workshop was conducted with three small farmers attending. Topics covered during this workshop were advantages of high tunnels, vegetables that grow well in a high tunnel environment, potential increased markets. All three farmers stated on post meeting evaluations that their knowledge increased about high tunnel vegetable production and would try to establish high tunnels next year.• Cooperative Extension partnered with RAFI-USA to promote their Agricultural Reinvestment Fund grant program to local producers. Efforts included media releases, e-mail newsletters and an outreach meeting. Several area farmers have benefited from this program in the past, which offers grants to innovative farmers.
6. Parents and caregivers will effectively use recommended parenting, self care practices and community resources.	<ul style="list-style-type: none">• Incredible Years Series One and Two are currently meeting, with seven to ten parents and caregivers attending each weekly 2 ½ hour session. A session one parent reported that she is modeling positive behaviors for her child due to the techniques she has learned in the class.
7. Futures that Work: School to Career Pathways	<ul style="list-style-type: none">• On Saturday October 5th, 2016. Vance County 4-H hosted the Four County Poultry Show and Sale. The show requires youth to raise chickens over a few months while learning how to care and raise them. They then bring them to the competition and tested on their knowledge of their birds. At the end of the show they are allowed to sell their chickens to prospective buyers. This opportunity teaches and inspires some youth to pursue the hobby or profession of dealing with chickens and some even begin to sell they own eggs.

8. Youth and adult program participants will make healthy food choices, achieve the recommended amount of physical activity and reduce risk factors for chronic diseases	<ul style="list-style-type: none">● NC A&T and Vance County Cooperative Extension conducted interviews for a EFNEP program assistant to replace the temporary position we had (20hrs a week). A new program assistant (40 hrs a week) is scheduled to join the team January 2017.
9. Consumers and communities will enhance the value of plants, animals, and landscapes while conserving valuable natural resources and protecting the environment.	<ul style="list-style-type: none">● Cooperative Extension outreach efforts to the gardening public this month included another edition of the Garden Path newsletter. Written entirely by local Extension Master Gardener Volunteers, this newsletter provided timely garden, lawn and landscape management tips. The Extension Master Gardeners also made progress on planning their demonstration landscape project at the Farmers Market which will showcase plants for pollinators, drought tolerant landscaping, and other environmentally sound features.
10. Community Outreach	<ul style="list-style-type: none">● On Thursday November 10th, 2016 Vance County Cooperative Extension co-hosted a food drive at the Regional Farmers Market. This drive takes place every other month and is meant to provide healthy foods to individuals that may not have access. This past food drive we were able to service over 600 families with various food items.

Re: KTREDC – Triangle North Board Members

With elections being right around the corner, it has reminded us that several of our current Board Members on the KTREDC (Triangle North Board) are not running for re-election and/or running for an office that will take them away from their current commissioner status.

Board Members in this scenario are:

- Don Lancaster – Franklin County
- Shane Mitchell – Franklin County
- Terry Garrison – Vance County
- Barry Richardson – Warren County

The By-Laws do not state that your appointed representative(s) must be an elected official, but when the Board was originally set up, it is my understanding that each County appointed at least one elected official and other member(s) from the County may have been appointed due to their past work expertise or background that could further advance the vision for this project. We are asking that you review the members that you currently have on the KTREDC Board and to replace or re-appoint members to this Board as you see fit. Please bring this to the attention of your Board of Commissioners at an upcoming meeting for their review. Any changes should be sent to our office in writing with a recommended appointment date for each.

Currently the following individuals serve on this Board:

Don Lancaster - Chairman (Franklin County)
Terry Garrison – Secretary (Vance County)

David Smith – Vice Chairman (Granville County)
Barry Richardson – Treasurer (Warren County)

Keith Smith - Franklin County
Shane Mitchell – Franklin County

Stan Fox – Granville County
Bryan Pfohl – Granville County

Danny Wright – Vance County
Abdul Rasheed – Vance County
Bob Fleming – Vance County

John Alston – Warren County
Tare Davis – Warren County
