## **Public Notice**

The Vance County Board of Commissioners has scheduled a Public Hearing for Monday, April 1, 2019 at 6:00 p.m., or shortly thereafter, in the Vance County Administration Building, 122 Young Street, Henderson, NC to gain citizen input on an amendment to the Vance County Planning Board Ordinance for the purpose of adding two alternate positions to the board. A copy of the proposed amendment is available for viewing at the County Manager's Office, 122 Young Street, Henderson, NC. *This notice was published on March 19, 2019.*

**AMENDMENT TO PROVIDE FOR ALTERNATE MEMBERS TO THE ORDINANCE  
ESTABLISHING THE VANCE COUNTY PLANNING BOARD.**

**WHEREAS**, the Vance County Planning Board was established in 1997 by Ordinance #27 entitled “An Ordinance Establishing the Vance County Planning Board” pursuant to Article 18 of Chapter 153A of the North Carolina General Statutes; and

**WHEREAS**, the Planning Board serves a vital role in studying county land use issues, advising on potential land use related ordinance amendments, and recommending such changes to the Board of Commissioners; and

# DEPARTMENT OF PLANNING & DEVELOPMENT

Vance County Planning Board Meeting Date 02-21-2019  
Rescheduled from 02/14/19  
Public Hearing – Case # RZ20190214-1, 8.196 acres, US HWY 1

Staff Project Contact: Angie Blount

## EXPLANATION OF THE REQUEST

Planning Board recommendation to rezone one, 8.196 acre tract of land located between US Hwy 1 and Edwards Rd. The property is currently zoned R30 (Residential Low Density) and the proposed zoning is GC1 (General Commercial 1).

## OWNER/APPLICANT

The owner of the property is Jean Harris, 211 Par Dr., Henderson, NC 27536, the applicant is Jonathon Edwards, 241 Pinnacle Place, Henderson, NC 27536.

## PROPERTY INFORMATION

**LOCATION:** Between US 1 HWY and Edwards Rd, Pin # 0456 06008

**EXISTING LAND USE:** Residential, Zoned R30 (Residential Low Density)

**SURROUNDING LAND USE:** The surrounding tracts are residentially zoned, AR or R30. This property has road frontage on both Edwards Rd. and US 1 Hwy.

**ZONING HISTORY:** All parcels in this area are zoned as they were since countywide zoning was established in November 2011.

## STAFF COMMENTS

This is a large parcel of land, combined with the more restrictive setbacks associated with a GC1 zoning, and access being made from US 1 HWY, plus buffering requirements would further protect surrounding residential areas. These things combined should lessen the impact a potential commercial business might have on residential neighbors.

## PLANNING BOARD RECOMMENDATION

The planning board should consider the following factors in deciding this case:

- A. The proposal will place all property similarly situated in the area in the same category, or in appropriate complementary categories.
- B. There is convincing demonstration that all uses permitted under the proposed zone classification would be in the general public interest and not merely in the interest of an individual or small group.
- C. There is convincing demonstration that all uses permitted under the proposed zone classification would be appropriate in the area included in the proposed change. (When a new zone designation is assigned, any use permitted in the zone is allowable, so long as it meets zone requirements, and not merely uses which applicants state that they intend to make of the property involved.)
- D. There is convincing demonstration that the character of the neighborhood will not be materially or adversely affected by any use permitted in the proposed change.
- E. The proposed change is in accord with the County Land Use Plan and sound planning principles.

The planning board unanimously recommended the rezoning at their February 21, 2019 meeting.

## BOARD OF COMMISSIONERS

Whenever the Board of Commissioners makes a decision to adopt or to reject a zoning amendment, the board must approve a written statement describing whether the action is consistent with an adopted comprehensive plan. The statement must also address why the board considers the action taken to be reasonable and in the public interest. The board is not required to follow its adopted plans in zoning decisions, but must consider its reasons for deciding to follow the plan or not.

**Draft Motion and Rationale for Board of Commissioners Approval:** Motion to approve the rezoning request on the basis that it is consistent with the county's land use plan by promoting economic development and growth while preserving the character and community values of the rural area.

**Draft Motion and Rationale for Board of Commissioners Disapproval:** Motion to deny the rezoning request on the basis that the uses allowed within the proposed zoning category can create negative visual impacts on the surrounding residential areas and the rezoning would not be in the general public interest.

Vance County Planning & Development Board,

Please see the answer to question # 3

3. What factors justify the proposed amendment?

I propose the request to rezone the property in question for the purpose of building a new facility for my current HVAC business. Ranes Heating & Air Conditioning has been a staple in the community since 1976 and hopes to continue this pattern if the property is available for our expansion. We have seen exponential growth over the last few years and will be needing a new facility very soon. This property is a viable candidate for relocation if rezoned. In moving to this property, we will be visible to more potential clients in the Vance County and surrounding markets. This move also increases tax revenue for the dormant property and even increases surrounding property values. As a HVAC business our level of work will still allow the neighboring property owners to enjoy a quiet atmosphere under all conditions. Our impact to the traffic will be minimal as the nature of our business is conducted at our customers residence.

**ORDINANCE AMENDING THE VANCE COUNTY ZONING ORDINANCE  
PERTAINING TO PLACEMENT OF ACCESSORY BUILDINGS**

**WHEREAS**, the planning board has been asked to review the county’s existing zoning regulations pertaining to placement of accessory structures; and

**WHEREAS**, the planning board met on March 21, 2019, held a detailed conversation on amending the ordinance, and received public comments; and

**WHEREAS**, the planning board recommended the county consider allowing accessory structures within front yard areas at Kerr Lake where residents commonly place their primary structure in close proximity to the U.S. Corps of Engineers controlled property; and

**WHEREAS**, the planning board also recommended allowing accessory structures in front yard areas throughout the county in situations where properties contain 5 or more acres; and

**WHEREAS**, the proposed ordinance amendment is consistent with the county’s land use plan by improving the county’s visual image while encouraging development of a variety of housing types.

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS, that:**

A. The Vance County Zoning Ordinance be amended as follows (additions shown as underlined text, deletions shown with strike through):

1) AMEND Section 4.12 as follows:

Accessory structures/buildings shall not be placed any closer to the front right of way than any portion of the dwelling. For all lots facing on more than one road, all accessory structures shall meet the front setback requirements for each road right of way. The following exceptions apply to this rule:

A. Accessory structures located on properties containing 5 or more acres may be placed closer to the front setback than the dwelling, but may not be within the front setback stated for that zoning district.

B. Accessory structures located on properties that border land owned by the U.S. Government under the control of the U.S. Army Corps of Engineers for the John H. Kerr Dam and Reservoir may be placed closer to the front setback than the dwelling, but may not be within the front setback stated for that zoning district.

A survey showing all improvements and proposed improvements shall be presumptive evidence of compliance with this section.

B. The above amendments are effective upon adoption of this ordinance.

## Committee Reports and Recommendations

### April 1, 2019

#### **Planning/Environmental Committee**

***RV/Camper Use Regulations – Zoning Amendment.*** The committee (Faines [C], Kelly, & Wilder) met with planning staff on Wednesday, March 13, 2019 to discuss zoning regulations for RV/Camper use in Vance County. The committee considered and referred this matter to the planning board for further study in September 2018 following concerns from a citizen at the regular board meeting. The current zoning regulations only allow campers to be present on a lot for up to 14 days if more than one utility (water, septic tank, power, etc.) is present on the lot. This has caused enforcement challenges for the county. The planning board recommendation is to prohibit altogether the use of campers for temporary or permanent occupation on lots and only allow temporary/recreational occupancy within approved RV parks. The proposed amendments would allow for the storage of RVs on lots. State law already prohibits permanent occupation in a camper. The committee discussed potential concerns of prohibiting the use of campers and balancing the rights of property owners vs. regulations. The majority of committee members favored the amendment and the committee as a whole felt further public input was necessary and recommended the board set a public hearing. ***Recommendation: Set a public hearing for the May 6<sup>th</sup> meeting concerning the proposed RV/Camper Zoning Ordinance Amendment.***

#### **Public Safety Committee**

***Addressing Ordinance.*** The committee met with Emergency Operations Director Brian Short to review the draft addressing ordinance. Mr. Short provided a summary of the ordinance by section and explained that the ordinance will provide formality to the addressing process which has been in place for over 15 years. The ordinance includes procedures for naming roadways, guidelines for numbering and assigning addresses to structures, requirements for existing and new structures to post addresses, and creates an enforcement mechanism to ensure addresses are posted. The committee discussion centered on the ordinance's requirement for addresses to be posted and the committee recommended strengthening the ordinance to require address postings to be reflective. The committee discussed the importance of the ordinance for enhancing the ability of first responders to locate individuals and structures at night time and in emergency situations. The committee mentioned the possibility of volunteer fire departments providing address numbers to residents as a potential fundraising opportunity for departments. The committee was in favor of proceeding with the addressing ordinance and recommended the board set a public hearing for the next board meeting. ***Recommendation: Set a public hearing for the May 6<sup>th</sup> meeting concerning the proposed Addressing Ordinance.***

#### **Properties Committee**

***Farmer's Market Rental Rate.*** The committee (Brummitt [C], Taylor, & Wilder) met on Thursday, March 28<sup>th</sup> to discuss changes to the rental rates for the Vance County Farmer's Market. The existing rates are \$200 minimum for 4 hours and \$400 for up to 8 hours. The committee was agreeable with the farmer's market advisory committee recommendation to change this to \$200 minimum for 4 hours and \$50 per hour over 4 hours. The committee felt this created greater flexibility and could contribute to greater usage of the facility. The committee also reviewed a proposal to reduce the fee for governmental use of the facility and recommended a fee that was appropriate to cover staff, utility, and other operational costs. The committee

recommended reducing the fee for governmental use of the facility to \$100 for up to 4 hours and \$25 per hour thereafter. *Recommendation: Approve a revised fee of \$200 for up to 4 hours usage of the farmer's market and \$50 per each additional hour with a reduced fee of \$100 for up to 4 hours and \$25 per each additional hour for state, federal, and city government use of the facility*

**Selection of Architect – DSS Relocation.** The committee met with staff and the DSS Director to discuss the selection of an architect for the DSS relocation project. Staff informed the committee that a request for qualifications was advertised in February with responses from two firms - Oakley, Collier Architects and Baxter Armistead Architecture. The committee discussed pros and cons of each and felt both were capable firms based upon previous experience with the county. The county manager recommended proceeding with Oakley, Collier based upon their previous planning involvement for the DSS relocation and based upon their RFQ response that addressed experience with the state department of Health and Human Services to ensure maximum reimbursement on the project. Committee members expressed concern with the previous project cost estimates and discussed their desire to be closely involved to ensure cost is limited. The committee requested staff to research the project budget and cost per foot of other recent DSS projects in the state. The committee also held a discussion as to whether the county should own the building or provide it to investors who could complete the work and provide a lease to the county. Staff informed the committee that based upon previous research the reimbursement rates would not be more advantageous in a lease situation. The committee ultimately favored owning the building and recommended selecting Oakley, Collier as the architect. *Recommendation: Select Oakley, Collier as architect for DSS relocation project and authorize the county manager to negotiate a contract.*

**Henderson Middle School.** The committee reviewed a letter from the school system seeking a decision as to whether the county had interest in acquiring the former Henderson High/Middle School. The committee mentioned the existing school program being maintained on the property and agreed that both Eaton Johnson and Henderson Middle School were too much for the county to take on at one time from a budgetary standpoint. The committee expressed a desire for the school system to take the appropriate measures to preserve the architecture and mentioned a willingness for the county to assist the school system with getting the building declared as historical. *Recommendation: Decline option from Vance County Schools to obtain the former Henderson Middle School.*

**Asbestos Abatement/Demolition – County Owned Property.** The committee reviewed quotes for asbestos abatement and demolition for county owned property on Warrenton Road (former People's Grocery property). The property contains several buildings including the former store building, a one story residence and a two story residence or boarding house. The existing low bid is \$8,940 (AB Control) for asbestos abatement and \$14,200 for demolition (Faulkner Grading & Landscaping). The committee recommended that staff proceed with asbestos abatement for the one-story residential structure with AB Control and explore whether a controlled burn is an option for both of the residential structures after removal of asbestos. The committee discussed the possibility of taking the asbestos materials from the former store building directly to the landfill to avoid the higher abatement costs. *Recommendation: Authorize the county manager to enter into a contract with AB Control in an amount not to exceed \$8,940 for asbestos abatement for county owned property located on tax parcel 0526 02008.*

**VANCE COUNTY, NORTH CAROLINA  
PROPOSED ADDRESSING ORDINANCE  
DOCUMENT HIGHLIGHTS**

***VANCE COUNTY BOARD OF COMMISSIONERS***

The first three Articles of the Ordinance simply spell out our procedures for assigning addresses and for the naming of roads. These are processes and practices that have used by our department for over 10 years with great success. We are simply outlining those processes in the Ordinance.

**Article I – General Provisions**

These sections speak to the purpose of the document, which is to protect the safety and welfare of the general public through the orderly assignment of structure addresses to facilitate the location of and access to individual dwellings and businesses by emergency response personnel. It also speaks to the governing authority and sites the General Statute behind that authority, the jurisdiction that it pertains to and how the Ordinance will be administered.

**Article II – Definitions**

This section simply identifies and explains certain terms that are used through the document.

**Article III – Roadway Naming Procedures**

These sections speak to how roads are actually named and where the names of all roads are maintained. It discusses the specifics of road name suffixes, directional names, duplicated road names and clarifies other aspects of the road naming process explaining how important it is that firm processes exist to ensure only valid, usable road names are assigned. Additionally, these sections speak to the application process for the naming of a new roadway and the specific paperwork required for a road to be named, the renaming process and the road sign installation process.

**Article IV – Street Numbering and Address Assignment**

These sections discuss the address numbering and renumbering process as well as the road ranges and how the addresses of structures directly correlate to their exact distance from the beginning of a given road. Additionally, these sections discuss the requirement to post addresses in order for responders to locate the property during an emergency. The ordinance also makes it a requirement that all house numbers be of a certain size and that be reflective so they can be seen by our responders at night.

**Article V – Violations and Enforcement**

This section speaks to compliance with the Ordinance itself and references fines that will be imposed for noncompliance.

There are essentially two considerations for this section. The first is the requirement for existing structures to post their house numbers and the second is the requirement for new construction or new occupancy.

New structures or occupancies will be denied the certificate of occupancy until their address is posted. In the case of existing structures, responders shall notify the 911 center in any situation in which they respond to a call and encounter a property with no address posted. The communications center will leave word for the Addressing Coordinator. Who will in turn notify the property owner.

**Article VI - Appeals**

This section gives the property owner the right to appeal any action associated with the ordinance to the Addressing Coordinator with final appeals made to the Vance County Board of Commissioners. It discusses the process of filing an appeal and establishes time frames for that process.

  - 3. Basis why the petitioner is requesting the change.
  - 4. List of all individuals owning property adjacent to the subject roadway or whose driveway abuts the subject roadway.
  - 5. Signatures from 75% of those individuals listed in item 4 above which must encompass 75% of the roadway frontage.

Upon receiving a completed petition, the Addressing Coordinator shall verify the information submitted in the petition and shall inform the County Manager of the pending petition and need for Board of Commissioners action pursuant to N.C.G.S. 153A 239.1 or its replacement, along with a recommendation of the petition.

- B. When renaming a roadway, the following should be taken into consideration:

1. The County may not change the name of any name given to a roadway by the Department of Transportation unless the Department of Transportation agrees to such changes.
2. Any number assigned to a roadway by Department of Transportation may not be changed, although a roadway name may be assigned in addition to its DOT Number.
3. Largest Impact - In most cases, the roadway with the larger number of homes, dwellings, or commercial structures along the roadway should have priority and retain the name in order to minimize the number of people affected.
4. Oldest Roadway - When renaming a roadway which conflicts with this Ordinance and between two roadways the impact will be equal, then the roadway that has been consistently signed for the longest period of time should retain the name.
5. Historical Significance - In some cases, the roadway with a name of historical significance should retain the disputed name.

#### **SECTION 307. Notice of Roadway Name Assignment or Changes**

Upon the assignment or re-assignment of any roadway name, the Addressing Coordinator shall give notice to all owners and occupants of the abutting property, to the local postmaster with jurisdiction over the roadway, to the Board of Transportation, and to any city within five miles of the roadway, and others as set forth in NCGS 153A-239.1(a). The Addressing Coordinator shall also provide notice to any utilities serving the area, and emergency services agencies serving Vance County.

It shall be unlawful for any person to establish or erect any road sign that does not comply with the standards set forth in this article and without receiving prior approval from the addressing coordinator. It shall be unlawful for any person to intentionally destroy, mar, or deface any county road name sign.

### **Article IV. Street Numbering and Address Assignment**

#### **SECTION 401.**

understand manner in order to help citizens and emergency personnel quickly locate people, places and events.

- A. When to assign address numbers - After a new roadway is approved, it must be assigned an address range and each individual property with a building, assigned numbers in accordance with the standards defined in this Ordinance. Addresses should not be assigned to structures that are simply accessory to another building or are insubstantial in nature.
- B. Street addressing process in Vance County, NC - Address block ranges will be assigned to roadways shown on approved preliminary plans. Individual physical addresses must be assigned to structures prior to approval of zoning permits as required by the Vance County Zoning Ordinance.

## **SECTION 402. Guidelines for Numbering and Renumbering Street Addresses**

### **A. Assignment of Addresses for New Development**

- 1. Address Ranges - All primary structures shall be assigned an address number that reflects the established addressing formula. No address range in Vance County shall conflict with another address range in a contiguous locality. For those rare duplicate street names in the county, the address range will be different for each street. The range will be assigned consecutively for all duplicate street names; however, the numbering of the second street will have a break of a minimum of one thousand (1,000) addresses.
- 2. Addressing Interval – Primary structure addresses shall be assigned consecutively so that a new address is created ideally every 5.28 linear feet. Addresses will be assigned at the point of access (driveway) or to a structure point along the front of the structure. If the driveway enters from the side or rear of the property, the structure shall be addressed on the roadway that the structure fronts/faces at the approximate middle of the structure.
- 3. Even and odd numbering. Odd numbered addresses shall be assigned to the left in the direction of increase and even numbered addresses shall be assigned to the right in the direction of the increase.
- 4. Each unit within a multiple housing unit and mobile homes within Mobile Home Parks shall be assigned a primary 911 address. Addresses shall be assigned from internal drives, using even and odd addressing. A Mobile Home Park owner may assign lot numbers, but the lot number shall not be used in the address of the lot.
- 5. Addresses in Sequential Order. All addresses need to be in sequential numeric order, always increasing from the point of origin, and should numerically balance on both sides of the roadway.
- 6. Addresses will be established as whole numbers and will not have fractions or decimals of a number.

7. Vacant properties shall, upon request, be assigned addresses during pre-development for location purposes only, but once zoning approval pursuant to the Vance County Zoning Ordinance occurs it may have to be readdressed based on the final layout or plan.

**B. Renumbering/Readdressing a Roadway:**

1. It shall be the duty of the Addressing Coordinator from time to time, and upon request, to review address numbers, identify conflicts in number assignment and make changes which, in their opinion, are necessary or as follows:
  - a. Due to conflicts with other addresses, or
  - b. Change in character or density of occupancy of any block, or
  - c. Lack of availability of additional numbers when the need arises, or
  - d. Addresses are determined to be out of sequence creating a potential public safety concern, or
  - e. In conjunction with the changing of a roadway name.
2. Upon the request of the Planning Director the Addressing Coordinator shall review the section of roadway or roadways requested by the Planning Director.
3. While undertaking any reviews, the Addressing Coordinator will take into consideration the Public's Health, Safety and General Welfare. In the event an existing address has jeopardized the public's health, safety, or general welfare by impeding timely emergency response, or in the event an existing roadway name reasonably could be perceived to jeopardize the public's health, safety, or general welfare by impeding timely emergency response, the Addressing Coordinator may make changes.
4. When renumbering/reassigning addresses along a roadway it shall be done in accordance with Section 402 A of this Ordinance.
5. The Addressing Coordinator shall provide notice to all affected property owners by certified mail, return receipt requested, to the current mailing address as listed with the Vance County Tax Office for the affected parcels of property. Each notice shall include:
  - a. The prior and new address assigned to the property.
  - b. Notice of right to appeal and appeal process.

- B. The numbers shall be conspicuously placed immediately above, on, or at the side of the proper door of each primary structure addressed so that the number can be seen plainly from the roadway on which the address is based and shall be a minimum of six (6) inches in height. Whenever any primary structure is more than one hundred twenty (120) feet from the roadway which the address is based upon, and the number is not clearly discernible from the roadway right of way, or vision of the primary structure from the roadways is otherwise obscured, the number assigned shall be placed on a sign (minimum of six inches (6) x eighteen inches (18) attached near the walk, driveway or common entrance to such primary structure. It shall be affixed upon a gatepost, fence, post or other appropriate place so as to be easily discernible, and to clearly identify the entrance to a property. Alternatively, numbers can be posted on an individual US mailbox or US mailbox stand/post for the building if:
1. The US mailbox is distant and separate from any other US mailbox so as to eliminate confusion as to specific ownership, and;
  2. The US mailbox is located along the roadway on which the address is based, and is adjacent to the driveway or access to the primary structure, and;
  3. The address numbers are affixed to the US mailbox or US mailbox post/stand in such a manner as to be visible and readable from any and/or all directions from the roadway which it fronts, and;
  4. The address numbers on the US mailbox or US mailbox post/stand are no less than three (3) inches in height.

Numbers painted or stenciled on the curb shall not be a lawful substitute for the display of address numbers prescribed by this section.

- C. Numbers for multiple dwelling units and nonresidential buildings shall be at least ten (10) inches in height and shall be placed on the primary structure so as to be easily and readily seen facing the roadway nearest the street in which the building is accessed.
- D. All numbers must be made of a durable, clearly visible material and must contrast with the color of the house, building, or other structure. Numbers must also be reflective for night time identification.
- E. Address numbers should be plain block numeric numbers and not in alpha print or any type of script writing.
- F. The Addressing Coordinator shall be authorized to approve alternate methods of displaying the address numbers on primary structures that meet the intent of this Ordinance.

#### **SECTION 404. Notice of Final Address Change**

After all rights to appeal a notice of address change pursuant to this ordinance have expired or been heard, the Addressing Coordinator shall give notice to the owners and occupants of all

affected addresses, the local Postal Service, to any major utilities serving the addressed area, to any emergency services agencies such as police, sheriff, fire departments and ambulance service with jurisdiction over the addressed area.

This final appeal must be filed in writing within 30 days of the denial with the Address Coordinator(s) and will be placed on the next available Board of County Commissioner meeting agenda.

### **Article VII. Amendments**

The provisions of this ordinance may from time to time be amended, supplemented, changed, modified, or repealed by the Board of Commissioners. PROPOSED CHANGE TO FACILITY USE GUIDELINES

At their November 29<sup>th</sup>, 2018 meeting, the Vance County Regional Farmers Market voted to recommend the following changes to the Facility Use Guidelines:

- a. Under current guidelines outside groups may rent the facility for up to 4 hours at a cost of \$200, or up to 8 hours at a cost of \$400. The Advisory Board recommends maintaining a \$200 minimum for 4 hours, and then charging \$50 per hour for each additional hour (or portion thereof), up to a maximum of 8 hours.
- b. Under current guidelines, the use charge for groups that are not part of Vance County Government is the same, regardless of the nature of the group. We believe that offering a reduced rate to governmental organizations (e.g. City, State, Federal) will foster goodwill and provide valuable exposure. Thus, the Advisory Board recommends charging governmental groups that are not part of Vance County Government a flat fee of \$50. Departments of Vance County Government could continue to use the facility at no charge.

Presented by Paul McKenzie, Agriculture Extension Agent

## **VANCE COUNTY REGIONAL FARMERS MARKET GUIDELINES FOR USE OF FACILITY**

The primary use of this facility is that of a regional farmers market. When not being utilized for that purpose, or for events sponsored by other Vance County Government Departments, it may be licensed to outside groups for legal activities in accordance with local, state and federal laws.

Licensees must pay a \$250 security deposit, which will be refunded if the building/grounds are found to be clean and undamaged after use, and the terms of the agreement fulfilled.
2. Licensees will have access to the "vendor sales area", restrooms, and small classroom.
3. Licensee must provide all needed equipment for their event, including tables and chairs.
4. Firearms are not permitted on the premises, except when brought on for instruction in firearm safety or use.
5. Alcohol consumption is not permitted on the premises.
6. Security for any event shall be provided at the licensees expense and discretion.

13. The licensee may not permit or assign the use of the facility to any other person or organization.
14. The licensee will be responsible for any damages inside or outside the facility.
15. The licensee will be responsible for restoring the facility to the condition it was in when they were given use of the building.
16. The licensee is to have the building cleaned out at the end of the stated time rented.
17. Alterations to the facility (e.g. drilling, painting, nailing etc.) are strictly prohibited.

According to Tourism Director Pam Hester, the work will be contracted with a professional pyrotechnics firm which has the appropriate credentials and insurance coverage. *Recommendation: Approve the request from Tourism for a permit to discharge fireworks at its annual Independence Day celebration at Kerr Lake on Saturday, July 6, 2019, contingent upon the necessary approvals from the fire marshal.*
- B. 2020 Census.** Today marks one year from the start of the 2020 census count. April 1, 2020 is Census Day 2020. The US Census Bureau has been in touch with the county and is advocating for the creation of a complete county committee similar to what we did prior to the 2010 census. We intend to form a complete count committee made up of citizens who will be instrumental in creating awareness, advocating, and marketing for better participation in the census. For the 2020 census, every household will have the option of responding online, by mail, or by phone. Nearly every household will receive an invitation to participate in the summer/fall 2019 with in-field address canvassing beginning in fall 2019. During the 2010 census, Vance County's participation rate was 73% and the goal for the upcoming census is a 5% improvement. Greater participation in the census can impact reapportionment of congressional seats, and distribution of more than \$675 billion in federal funds annually to the states, counties and communities vital programs such as housing, education, transportation, employment, health care and public policy. *For Your Information.*
