

AGENDA
VANCE COUNTY BOARD OF COMMISSIONERS
October 7, 2019

Invocation

Pastor Joel Beckham
New Life Baptist Church

1. **Public Comments** (for those registered to speak by 5:45 p.m. - each speaker is limited to five minutes)

2. **Public Hearing** **6:00 p.m.** **Angie Blount, County Planner**
Zoning Ordinance Amendment
Land Clearing Inert Debris

3. **Public Hearing** **Angie Blount, County Planner**
Flood Damage Prevention Ordinance Amendment
Updates as required by FEMA

4. **Appointment** **6:20 p.m.** **District Attorney Mike Waters**
Sheriff Curtis Brame
Police Chief Marcus Barrow
Law Enforcement Update

5. **Water District Board**
 - a. **Committee Report**
 - b. **Monthly Operations Report**

6. **Committee Reports and Recommendations**
 - a. **Technology Committee**
 - Public Wi-Fi
 - b. **Public Safety Committee**
 - Fire Response District Changes
 - c. **Human Resources Committee**
 - Vehicle Use Policy
 - Employee Appreciation Breakfast
 - d. **Properties Committee**
 - REO Property Matters
 - Dennis Building

7. **County Attorney's Report**
 - a. **REO Properties – Bid Acceptance**
 - 719 N. Garnett Street – Parcel 0075 03005
 - 14 Colenda Lane – Parcel 0325A02011
 - Lot 4 Cedar Cove Road – Parcel 0593 01031
 - 3.4+/- acres off Wilkins Lane – Parcel 0111 03023
 - Lot off Wilkins Lane – Parcel 0111 01018
 - Lot Pettigrew Street – Parcel 0103 06003
 - b. **REO Property – New Offers**
 - Spring Valley Road – Parcel 0201 01001

8. **Consent Agenda Items**
 - a. **Budget Amendment**
 - b. **Tax Refunds and Releases**
 - c. **Adjustments**
 - d. **Monthly Reports**
 - e. **Minutes**

9. **Miscellaneous**
 - a. **Appointments**

10. **Closed Session**
 - a. **Legal Matter**
 - b. **Contract Negotiation**
 - c. **Personnel Matter**

AGENDA APPOINTMENT FORM

October 7, 2019

Public Hearing: Proposed Zoning Ordinance Amendment

Request of Board: Approve Amendment

Public Notice

The Vance County Board of Commissioners has scheduled a Public Hearing for Monday, October 7, 2019 at 6:00 p.m., or shortly thereafter, in the Vance County Administration Building, 122 Young Street, Henderson, NC to gain citizen input on a proposed amendment to the Vance County Zoning Ordinance pertaining to adding regulations for Land Clearing and Inert Debris Landfills (LCIDs). A copy of the proposed amendment is available for viewing at the County Manager's Office, 122 Young Street, Henderson, NC. *This notice was published on September 25, 2019.*

DEPARTMENT OF PLANNING & DEVELOPMENT

Planning Board – Staff Report

PLANNING STAFF REPORT

Text Amendment Case # TA20190613 - 1

STAFF PROJECT CONTACT: Angie Blount

August 8, 2019

EXPLANATION OF THE REQUEST

This is a request to amend the text in the Vance County Zoning Ordinance to include *Land Clearing Inert Debris (LCID) (Minor, Less and two acres and Major, greater than two acres)* to the Permitted Use Table, **Section 3, 3.2.14**, to add to **Section 12**, the definition for *Land Clearing Inert Debris, Major, greater than two acres*, and *Land Clearing Inert Debris, Minor, less than two acres*, to amend **Section 6.10, (G)**., Changing to **Landfill (demolition, sanitary or LCID)**, adding **Section 3. Licensing Requirements (a) and (b)**. The Planning Board at the July 11, 2019 meeting, requested that LCID Landfills be allowed within the Agricultural Residential, Light Industrial and Industrial Mining zoning districts with a Conditional Use Permit and that they be prohibited within the Watershed Overlay District.

OWNER/APPLICANT

Applicant: K & K Organics LLC
1028 Old Keith Rd
Wake Forest, NC 27587

IMPACTS

Adding Land Clearing Inert Debris Landfills (LCID) to the Table of Permitted Uses for Vance County would allow a LCID, under 2 acres or greater than 2 acres to be operated within the AR, LI and IM zoning districts after obtaining a Conditional Use Permit from the Board of Adjustment. The impact to the surrounding area would depend on how large the tract of land is and where on the land the landfill would be located. Screening and setback requirements for this use would apply.

STAFF COMMENTS

Vance County does not have an ordinance which addresses Land Clearing Inert Debris Landfills. Most of the regulation for these is issued by the state. Within Vance County they would be allowed in designated zoning districts, and would be identified in two categories, less than 2 acres which the Planning Board has requested be allowed in the AR, LI and IM districts with a Conditional Use Permit, and greater than 2 acres, also requiring a Conditional Use Permit in AR, LI and IM districts, requiring licensing by the North Carolina Division of Waste Management and approval from NC DEQ. The Planning Board has requested at the July 11, 2019 meeting that they not be allowed within the Water Supply Watersheds.

The planning board should consider the following factors in deciding this case:

- A. The proposal will place all property similarly situated in the area in the same category, or in appropriate complementary categories.
- B. There is convincing demonstration that all uses permitted under the proposed zone classification would be in the general public interest and not merely in the interest of an individual or small group.
- C. There is convincing demonstration that all uses permitted under the proposed zone classification would be appropriate in the area included in the proposed change. (When a new zone designation is assigned, any use permitted in the zone is allowable, so long as it meets zone requirements, and not merely uses which applicants state that they intend to make of the property involved.)

- D. There is convincing demonstration that the character of the neighborhood will not be materially or adversely affected by any use permitted in the proposed change.
- E. The proposed change is in accord with the County Land Use Plan and sound planning principles.

Attachments: Zoning Text Amendment Petition, Exhibit A, justification of request

PLANNING BOARD RECOMMENDATION:

Recommended Amendments (in red):

	AR	R30	R20	R10	RMHC	HC	GC	LI	IM	EIA	OI	OS	WOZ
INDUSTRIAL USES													
Land Clearing Inert Debris Landfill, Minor (less than 2 acres)	CU	X	X	X	X	X	X	CU	CU	X	X	X	X
Land Clearing Inert Debris Landfill, Major (greater than 2 acres)	CU	X	X	X	X	X	X	CU	CU	X	X	X	X

Change Section 6.10 (G) ~~Landfill (demolition or sanitary)~~ Landfill (demolition, sanitary, Land Clearing Inert Debris)

Added to Section 6.10 (G) 3. a. and b. as stated below:

3. Licensing Requirements

- a. LCID (Land Clearing Inert Debris) Landfills minor, under two acres, require a copy of the Facility Plan approved by NCDEQ to be filed with the county planning department. Landfills major, greater than two acres, require a copy of the licensing issued by the North Carolina Division of Waste Management to be filed with the county planning department.
- b. LCID (Land Clearing Inert Debris) landfill facilities may not operate prior to 7:00 a.m. or after 7:00 p.m. unless allowed by the county manager in responding to excess debris resulting from a natural disaster.

Added to Section 12, the following definition: **“Landfill, Land Clearing Inert Debris, (LCID) minor”, A landfill facility, less than two acres, for the land disposal of land clearing waste, concrete, brick, concrete block, uncontaminated soil, gravel and rock, untreated and unpainted wood, and yard trash as defined in 15A NCAC 13B.0101.**

Added to Section 12, the following definition: **“Landfill, Land Clearing Inert Debris, (LCID) major”, a landfill facility, greater than two acres, for the land disposal of land clearing waste, concrete, brick, concrete block, uncontaminated soil, gravel and rock, untreated and unpainted wood, and yard trash., as defined in 15A NCAC 13B.0101**

**ORDINANCE AMENDING THE VANCE COUNTY ZONING
ORDINANCE TO ADD LAND CLEARING INERT DEBRIS LANDFILL,
MINOR AND MAJOR, TO SECTION 12 OF THE ZONING ORDINANCE
DEFINITIONS, TO SECTION 3, PERMITTED USE TABLE, AND TO
SECTION 6.10 (G) CONDITIONAL USE MINIMUM DEVELOPMENT
REQUIREMENTS**

WHEREAS, the Vance County Planning Board has reviewed the proposed amendments to the Vance County Zoning Ordinance, has determined them to be consistent with the land use plan, and has provided a recommendation for their approval.

WHEREAS, the proposed amendments provide additional protections for property owners and citizens of the county while maintaining an environment conducive to economic development; and

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS, that:

- A. The amendments presented are consistent with the county land use plan by conserving, protecting and encouraging the wise and prudent use of Vance County’s natural and cultural resources.
- B. The Vance County Zoning Ordinance be amended as follows (deletions as ~~strikethroughs~~, additions shown as **red** underlined text):

Add to Section 3, Permitted Use Table, under INDUSTRIAL USES:

AR R30 R20 R10 RMHC HC GC LI IM EIA OI OS WOZ

INDUSTRIAL USES														
<u>Land Clearing Inert Debris Landfill, Minor (less than 2 acres)</u>	CU	X	X	X	X	X	X	CU	CU	X	X	X	X	
<u>Land Clearing Inert Debris Landfill, Major (greater than 2 acres)</u>	CU	X	X	X	X	X	X	CU	CU	X	X	X	X	

Change Section 6.10 (G) ~~Landfill (demolition or sanitary)~~ Landfill (demolition, sanitary, Land Clearing Inert Debris)

Added to Section 6.10 (G) 3. a. and b. as stated below:

3. Licensing Requirements

- a. LCID (Land Clearing Inert Debris) Landfills minor, under two acres, require a copy of the Facility Plan approved by NCDEQ to be filed with the county planning department. Landfills major, greater than two acres, require a copy of the licensing issued by the

North Carolina Division of Waste Management to be filed with the county planning department.

- b. LCID (Land Clearing Inert Debris) landfill facilities may not operate prior to 7:00 a.m. or after 7:00 p.m. unless allowed by the county manager in responding to excess debris resulting from a natural disaster.

Added to Section 12, the following definition: ***“Landfill, Land Clearing Inert Debris, (LCID) minor”***, A landfill facility, less than two acres, for the land disposal of land clearing waste, concrete, brick, concrete block, uncontaminated soil, gravel and rock, untreated and unpainted wood, and yard trash as defined in 15A NCAC 13B.0101.

Added to Section 12, the following definition: ***“Landfill, Land Clearing Inert Debris, (LCID) major”***, A landfill facility, greater than two acres, for the land disposal of land clearing waste, concrete, brick, concrete block, uncontaminated soil, gravel and rock, untreated and unpainted wood, and yard trash., as defined in 15A NCAC 13B.0101

Adopted this the ____ day of _____ 2019.

ATTEST:

Archie B. Taylor, Jr. Chairman
Vance County Board of Commissioners

Kelly H. Grissom
Clerk to the Board

AGENDA APPOINTMENT FORM

October 7, 2019

Public Hearing: Proposed Flood Damage Prevention Ordinance Amendment

Request of Board: Approve Amendment

Public Notice

The Vance County Board of Commissioners has scheduled a Public Hearing for Monday, October 7, 2019 at 6:00 p.m., or shortly thereafter, in the Vance County Administration Building, 122 Young Street, Henderson, NC to gain citizen input on a proposed amendment to the Vance County Flood Damage Prevention Ordinance updates as required by FEMA. A copy of the proposed amendment is available for viewing at the County Manager's Office, 122 Young Street, Henderson, NC.

This notice was published on September 25, 2019.

ORDINANCE AMENDING THE VANCE COUNTY FLOOD DAMAGE PREVENTION ORDINANCE

WHEREAS, Vance County joined the National Flood Insurance Program and began enforcing a Flood Damage Prevention Ordinance on September 2, 1997; and

WHEREAS, the State of North Carolina Division of Emergency Management, Floodplain Management Branch, in cooperation with the Federal Emergency management Agency (FEMA), has updated portions of the Vance County Flood Insurance Rate Maps and Flood Insurance Study; and

WHEREAS, pursuant to the NFIP regulations, an appeal and protest period was provided and has elapsed; and

WHEREAS, Vance County, as a condition of eligibility in the NFIP, must adopt the revised maps, study, and ordinance by December 6, 2019; and

WHEREAS, The Board feels that the proposed amendment is necessary in order to provide protection to property owners and businesses from the dangers of flooding.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS, that:

A. The Vance County Flood Damage Prevention Ordinance be amended as follows (additions shown in underlined print, deletions shown with strike through):

1. AMEND Article 1, Section D adding the following:

- (8) To minimize damage to private and public property due to flooding;
- (9) To make flood insurance available to the community through the National Flood Insurance Program;
- (10) To maintain the natural and beneficial functions of floodplains;

2. AMEND Article 2. DEFINITIONS as follows:

Alteration of a watercourse means a dam, impoundment, channel relocation, change in channel alignment, channelization, or change in cross-sectional area of the channel or the channel capacity, or any other form of modification which may alter, impede, retard or change the direction and/or velocity of the riverine flow of water during conditions of the base flood.

Area of Shallow Flooding: means a designated Zone AO or AH on a community's Flood Insurance Rate Map (FIRM) with base flood depths determined to be from one (1) to three (3) feet. These areas are located where a clearly defined channel does not exist, where the path of flooding is unpredictable and indeterminate, and where velocity flow may be evident.

~~**Breakaway Wall:** means a wall that is not part of the structural support of the building and is intended through its design and construction to collapse under specific lateral loading forces without causing damage to the elevated portion of the building or the supporting foundation~~

system.

Design Flood: See Regulatory Flood Protection Elevation.

Development Activity means any activity defined as Development which will necessitate a Floodplain Development Permit. This includes buildings, structures, and non-structural items, including (but not limited to) fill, bulkheads, piers, pools, docks, landings, ramps, and erosion control/stabilization measures.

Digital Flood Insurance Rate Map (DFIRM) means the digital official map of a community, issued by the Federal Emergency management Agency (FEMA), on which both the Special Flood Hazard Areas and the risk premium zones applicable to the community are delineated.

Existing building and existing structure means any building and/or structure for which the “start of construction” commenced before date the community’s entered into the National Floodplain Insurance Program.

Flood-resistant material means any building product (material, component or system) capable of withstanding direct and prolonged contact (minimum 72 hours) with floodwaters without sustaining damage that requires more than lo-cost cosmetic repair. Any material that is water-soluble or is not resistant to alkali or acid in water, including normal adhesives for above grade use, is not flood-resistant. Pressure-treated lumber or naturally decay-resistant lumbers are acceptable flooring materials. Sheet-type flooring coverings that restrict evaporation from below and materials that are impervious, but dimensionally unstable are not acceptable. Materials that absorb or retain water excessively after submergence are not flood-resistant. Please refer to Technical Bulletin 2, Flood Damage-Resistant Materials Requirements, and available from the FEMA. Class 4 and 5 materials, referenced therein, are acceptable flood-resistant materials.

Floodway: means the channel of a river or other watercourse, including the area above a bridge or culvert when applicable, and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one (1) foot.

Floodway Encroachment analysis means an engineering analysis of the impact that a proposed encroachment into a floodway or non-encroachment area is expected to have on the floodway boundaries and flood levels during the occurrence of the base flood discharge. The evaluation shall be prepared by a qualified North Carolina licensed engineer using standard engineering methods and models.

Letter of Map Change (LOMC) means an official determination issued by FEMA that amends or revises an effective Flood Insurance Rate Map or Flood Insurance Study. Letters of Map Change include:

- (a) **Letter of Map Amendment (LOMA):** An official amendment, by letter, to an effective National Flood Insurance Program Map. A LOMA is based on technical data showing that a property had been inadvertently mapped as being in the floodplain, but is actually on natural high ground above the base flood elevation. A

LOMA amends the current effective Flood Insurance Rate Map and establishes that a specific property, portion of a property or structure is not located in a special flood hazard area.

- (b) **Letter of Map Revision (LOMR):** A revision based on technical data that may show changes to flood zones, flood elevations, special flood hazard area boundaries and floodway delineations, and other planimetric features.
- (c) **Letter of Map Revision Based on Fill (LOMR-F):** A determination that a structure or parcel of land has been elevated by fill above the BFE and is, therefore, no longer located within the special flood hazard area. In order to qualify for this determination, the fill must have been permitted and placed in accordance with the community's floodplain management regulations.
- (d) **Conditional Letter of Map Revision (CLOMR):** A formal review and comment as to whether a proposed project complies with the minimum NFIP requirements for such projects with respect to delineation of special flood hazard areas. A DLOMR does not revise the effective Flood Insurance Rate Map or Flood Insurance Study; upon submission and approval of certified as-built documentation, a Letter of Map Revision may be issued by FEMA to revise the effective FIRM.

Light Duty Truck means any motor vehicle rated at 8,500 pounds Gross Vehicular Weight Rating or less which has a vehicular curb weight of 6,000 pounds or less and which has a basic vehicle frontal area of 45 square feet or less as defined in 40 CFR 86.082-2 and is:

- (a) Designed primarily for purposes of transportation of property or is a derivation of such a vehicle, or
- (b) Designed primarily for transportation of persons and has a capacity of more than 12 persons; or
- (c) Available with special features enabling off-street or off-highway operation and use.

Lowest Adjacent Grade (LAG) means the lowest elevation of the ground, sidewalk or patio slab immediately next to the building, or deck support, after completion of the building.

Map Repository: means the location of the official flood hazard data to be applied for floodplain management. It is a central location in which flood data is stored and managed; in North Carolina, FEMA has recognized that the application of digital flood hazard data products carry the same authority as hard copy products. Therefore, the NCEM's Floodplain Mapping Program websites house current and historical flood hazard data. For effective flood hazard data the NC FRIS website (<http://Fris.NC.GOV/FRIS>) is the map repository, and for historical flood hazard data the FloodNC website (<http://FLOOD.NC.GOV/NCFLOOD>) is the map repository.

Mean Sea Level: means, for purposes of this ordinance, the National Geodetic Vertical Datum (NGVD) as corrected in 1929, the North American Vertical Datum (NAVD) as corrected in 1988, or other vertical control datum used as a reference for establishing varying elevations within the floodplain, to which Base Flood Elevations (BFEs) shown on a FIRM are referenced.

~~Refer to each FIRM panel to determine datum used.~~

Post-FIRM: means construction or other development for which the “start of construction” occurred on or after the effective date of the initial Flood Insurance Rate Map for the site (initial FIRM for Vance County - Unincorporated Area is July 16, 1991, ~~revised/updated FIRM April 16, 2013~~).

Pre-FIRM: means construction or other development for which the “start of construction” occurred before the effective date of the initial Flood Insurance Rate Map for the site (initial FIRM for Vance County - Unincorporated Area is July 16, 1991, ~~revised/updated FIRM April 16, 2013~~).

Recreational Vehicle (RV): means a vehicle, which is:

- (a) built on a single chassis;
- (b) 400 square feet or less when measured at the largest horizontal projection;
- (c) designed to be self-propelled or permanently towable by a light duty truck; and
- (d) designed primarily not for use as a permanent dwelling, but as temporary living quarters for recreational, camping, travel, or seasonal use.
- (e) Is fully licensed and ready for highway use.

Temperature Controlled: means having the temperature regulated by a heating and/or cooling system, built-in or appliance.

Water Surface Elevation (WSE): means the height, in relation to NAVD of floods of various magnitudes and frequencies in the floodplains of ~~eastal~~ or riverine areas.

3. AMEND Article 3 as follows:

SECTION B. BASIS FOR ESTABLISHING THE SPECIAL FLOOD HAZARD AREAS.

The Special Flood Hazard Areas are those identified under the Cooperating Technical State (CTS) agreement between the State of North Carolina and FEMA in its Flood Insurance Study (FIS) ~~and its accompanying Flood Insurance Rate Maps (FIRM), for Vance County dated April 16, 2013, which are adopted by reference and declared to be a part of this ordinance.~~

~~Special Flood Hazard Areas also include those identified by Vance County in its FIRMS, dated April 16, 2013 which with accompanying data are adopted by reference and declared to be part of this ordinance. Within the identified Special Flood Hazard Areas the provision of this ordinance applies to new construction, as defined in this document.~~ dated December 6, 2019 for Vance County and associated DFIRM panels, including any digital data developed as part of the FIS, which are adopted by reference and declared a part of this ordinance. Future revisions to the FIS and DFIRM panels that do not change flood hazard data within the jurisdictional authority of Vance County are also adopted by reference and declared a part of this ordinance. Subsequent Letter of Map Revisions (LOMRs) and/or Physical Map Revisions (PMRs) shall be adopted within 3 months.

SECTION H. PENALTIES FOR VIOLATION

Violation of the provisions of this ordinance or failure to comply with any of its requirements, including violation of conditions and safeguards established in connection with grants of

variance or special exceptions, shall constitute a Class 1 misdemeanor pursuant to NC G.S. § 143-215.58. Any person who violates this ordinance or fails to comply with any of its requirements shall, upon conviction thereof, be fined not more than \$100.00 ~~\$50.00~~ or imprisoned for not more than thirty (30) days, or both. Each day such violation continues shall be considered a separate offense. Nothing herein contained shall prevent Vance County from taking such other lawful action as is necessary to prevent or remedy any violation.

4. AMEND Article 4 as follows:

SECTION A. DESIGNATION OF FLOODPLAIN ADMINISTRATOR

The Director of the Planning and Development Department or his/her designee, hereinafter referred to as the "Floodplain Administrator" is hereby appointed to administer and implement the provisions of this ordinance. In instances where the Floodplain Administrator receives assistance from others to complete tasks to administer and implement this ordinance, the Floodplain Administrator shall be responsible for the coordination and community's overall compliance with the National Flood Insurance Program and the provisions of this ordinance.

5. AMEND Article 4, Section B (1) (b) as follows:

- i) Elevation in relation to ~~mean-sea-level~~ NAVD 1988 of the proposed reference level (including basement) of all structures;
- ii) Elevation in relation to ~~mean-sea-level~~ NAVD 1988 to which any non-residential structure in Zone AE, A or AO will be flood-proofed; and
- iii) Elevation in relation to ~~mean-sea-level~~ NAVD 1988 to which any proposed utility systems will be elevated or flood proofed;

6. AMEND Article 4, Section B (2) as follows:

- (a) A complete description of all the development to be permitted under the floodplain development permit. (e.g. house, garage, pool, septic, bulkhead, cabana, pier, bridge, mining, dredging, filling, grading, paving, excavation or drilling operations, or storage of equipment or materials, etc.).
- (f) A statement that no fill material or other development shall encroach into the floodway or non-encroachment area of any watercourse, ~~as applicable~~ unless the requirements of Article 5, Section F have been met.

7. AMEND Article 4, Section B (3) (a) as follows:

- i) An Elevation Certificate (FEMA Form ~~81-31~~ 086-0-33) is required prior to the actual start of any new construction. It shall be the duty of the permit holder to submit to the Floodplain Administrator a certification of the elevation of the reference level, in relation to ~~mean-sea-level~~ NAVD 1988. The Floodplain Administrator shall review the certificate data submitted. Deficiencies detected by such review shall be corrected by the permit holder prior to the beginning of construction. Failure to submit the certification or failure to make required corrections shall be cause to deny a floodplain development permit.

8. AMEND Article 4, Section B (3) (b) as follows:

~~If non-residential floodproofing is used to meet the regulatory flood protection elevation requirements, a Floodproofing Certificate (FEMA Form 81-65), with supporting data and an operational plan, is required prior to the actual start of any new construction. It shall be the duty~~

~~of the permit holder to submit to the Floodplain Administrator a certification of the floodproofed design elevation of the reference level and all attendant utilities, in relation to mean sea level. Floodproofing certification shall be prepared by or under the direct supervision of a professional engineer or architect and certified by same. The Floodplain Administrator shall review the certificate data and the operational plan. Deficiencies detected by such review shall be corrected by the applicant prior to permit approval. Failure to submit the certification or failure to make required corrections shall be cause to deny a floodplain development permit. Failure to construct in accordance with the certified design shall be cause to withhold the issuance of a Certificate of Compliance/Occupancy.~~

A final Finished Construction Floodproofing Certificate (FEMA Form 81-65), with supporting data, an operational plan, and an inspection and maintenance plan are required prior to the issuance of a Certificate of Compliance/Occupancy. It shall be the duty of the permit holder to submit to the Floodplain Administrator a certification of the floodproofed design elevation of the reference level and all attendant utilities, in relation to NAVD 1988. Floodproofing certificate shall be prepared by or under the direct supervision of a professional engineer or architect and certified by same. The Floodplain Administrator shall review the certificate data, the operational plan, and the inspection and maintenance plan. Deficiencies detected by such review shall be corrected by the applicant prior to Certificate of Occupancy. Failure to submit the certification or failure to make required corrections shall be cause to deny a Floodplain Development Permit. Failure to construct in accordance with the certified design shall be cause to deny a Certificate of Compliance/Occupancy.

9. ADD the following as Article 4, Section B (4):

(4) Determinations for existing buildings and structures.

For applications for building permits to improve buildings and structures, including alterations, movement, enlargement, replacement, repair, change of occupancy, additions, rehabilitations, renovations, substantial improvements, repairs of substantial damage, and other improvement of or work on such buildings and structure, the Floodplain Administrator, in coordination with the Building Official, shall:

- (a) Estimate the market value, or require the applicant to obtain an appraisal of the market value prepared by a qualified independent appraiser, of the building or structure before the start of construction of the proposed work; in the case of repair, the market value of the building or structure shall be the market value before the damage occurred and before any repairs are made;
- (b) Compare the cost to perform the improvement, the cost to repair a damaged building to its pre-damaged condition, or the combined costs of improvements and repairs, if applicable, to the market value of the building or structure;
- (c) Determine and document whether the proposed work constitutes substantial improvement or repair of substantial damage; and
- (d) Notify the applicant if it is determined that the work constitutes substantial improvement or repair of substantial damage and that compliance with the flood resistant construction requirements of the NC Building Code and this ordinance is

required.

10. AMEND Article 4, Section D (5) as follows:

Failure to Comply with Order: If the owner of a building or property fails to comply with an order to take corrective action for which no appeal has been made or fails to comply with an order of the governing body following an appeal, the owner shall be guilty of a Class 1 misdemeanor pursuant to NC G.S. § 143-215.58 and shall be punished at the discretion of the court.

11. AMEND Article 5, Section A as follows:

- (2) All new construction and substantial improvements shall be constructed with materials and utility equipment resistant to flood damage in accordance with the FEMA Technical Bulletin 2, Flood Damage-Resistant Materials Requirements.
- (4) Electrical, heating, ventilation, plumbing, air conditioning equipment, and other service facilities shall be ~~designed and/or~~ located at or above the Regulatory Flood Protection Elevation or designed and installed so as to prevent water from entering or accumulating within the components ~~during conditions of flooding to the Regulatory Flood Protection Elevation~~ during the occurrence of the base flood. These include, but are not limited to, HVAC equipment, water softener units, bath/kitchen fixture, ductwork, electric/gas meter panels/boxes, utility/cable boxes, hot water heaters, and electric outlets/switches.
 - (a) Replacements part of a substantial improvement, electrical, heating, ventilation, plumbing, air conditioning equipment, and other service equipment shall also meet the above provisions.
 - (b) Replacements that are for maintenance and not part of a substantial improvement, may be installed at the original location provided the addition and/or improvements only comply with the standards for new construction consistent with the code and requirements for the original structure.
- ~~(8) Any alteration, repair, reconstruction, or improvements to a structure, which is in compliance with the provisions of this ordinance, shall meet the requirements of "new construction" as contained in this ordinance.~~

12. AMEND Article 5, Section B as follows:

- (2) Non-Residential Construction. New construction and substantial improvement of any commercial, industrial, or other non-residential structure shall have the reference level, including basement, elevated no lower than the regulatory flood protection elevation, as defined in Article 2 of this ordinance. Structures located in A, AE, AH, AO, and ~~A99~~ A1-30 Zones may be floodproofed to the regulatory flood protection elevation in lieu of elevation provided that all areas of the structure, together with attendant utility and sanitary facilities, below the regulatory flood protection elevation are watertight with walls substantially impermeable to the passage of water, using structural components having the capability of resisting hydrostatic and hydrodynamic loads and the effect of buoyancy. For AO Zones, the floodproofing elevation shall be in accordance with Article 5, Section ~~H(3)~~ G(2). A registered professional engineer or architect shall certify that the floodproofing standards of

this subsection are satisfied. Such certification shall be provided to the Floodplain Administrator as set forth in Article 4, Section B(3), along with the operational plan and the inspection and maintenance plans.

- (5) (d) Any combination of repair, reconstruction, rehabilitation, addition or improvement of a building or structure taking place during one (1) year period, the cumulative cost of which equals or exceeds 50 percent of the market value of the structure before the improvement or repair is started must comply with the standards for new construction. For each building or structure, the one year period begins on the permit issuance date for the improvement or repair of the building or structure subsequent to the effective date of this ordinance. Substantial damage also means flood related damage sustained by a structure on two separate occasions during a 10-year period for which the cost of repairs at the time of each such flood event, on the average equals or exceeds 25 percent of the market value of the structure before the damage occurred. If the structure has sustained substantial damage, any repairs are considered substantial improvement regardless of the actual repair work performed. The requirement does not, however, include either:

(i) Any project for improvement of a building required to correct existing health, sanitary or safety code violations identified by the building official and that are the minimum necessary to assume safe living conditions.

(ii) Any alteration of a historic structure provided that the alteration will not preclude the structures continued designation as a historic structure.

- (6) Recreational Vehicles. Recreational vehicles shall either:

~~a. be on site for fewer than 180 consecutive days and be fully licensed and ready for highway use (a recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities, and has no permanently attached additions); or~~

~~b. meet all the requirements for new construction.~~

a. Temporary Placement

(i) Be on site for fewer than 180 consecutive days; or

(ii) Be fully licensed and ready for highway use. (Recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities, and has no permanently attached additions.)

b. Permanent Placement. Recreational vehicles that do not meet the limitations of Temporary Placement shall meet all the requirements for new construction.

- (9) Tanks. When gas and liquid storage tanks are to be placed within a Special Flood Hazard Area, the following criteria shall be met:

a. Underground tanks. Underground tanks in flood hazard areas shall be anchored to prevent flotation, collapse or lateral movement from hydrodynamic and hydrostatic loads during conditions of the design flood, including the effects of buoyancy assuming the tank is empty;

b. Above-ground tanks, elevated. Above-ground tanks in flood hazard areas shall be

elevated to or above the Regulatory Flood Protection Elevation on a supporting structure that is designed to prevent flotation, collapse or lateral movement during condition of the design flood. Tank-supporting structures shall meet the foundation requirements of the applicable flood hazard area;

- c. Above-ground tanks, not elevated. Above-ground tanks that do not meet the elevation requirements of Article 5, Section B (2) of the Article shall be permitted in flood hazard areas provided the tanks are designed, constructed, installed, and anchored to resist all flood-related and other loads, including the effects of buoyancy, during conditions of the design flood and without release of contents in the floodwaters or infiltration by floodwaters into the tanks. Tanks shall be designed, constructed, installed, and anchored to resist the potential buoyant and other flood forces acting on an empty tank during design flood conditions.
 - d. Tank inlets and vents. Tank inlets, fill openings, outlets and vents shall be:
 - (i) At or above the Regulatory Flood Protection Elevation or fitted with covers designed to prevent the inflow of floodwater or outflow of the contents of the tanks during conditions of the design flood; and
 - (ii) Anchored to prevent lateral movement resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy, during conditions of the design flood.
- (10) Other Development.
- a. Fences in regulated floodways and NEAs that have the potential to block the passage of floodwaters, such as stockade fences and wire mesh fences, shall meet the limitations of Article 5, Section F of this ordinance.
 - b. Retaining walls, sidewalks and driveways in regulated floodways and NEAs. Retaining walls and sidewalks and driveways that involve the placement of fill in regulated floodways shall meet the limitations of Article 5, Section F of this ordinance.
 - c. Roads and watercourse crossings in regulated floodways and NEAs. Roads and watercourse crossings, including roads, bridges, culverts, low-water crossings and similar means for vehicles or pedestrians to travel from one side of a watercourse to the other side, that encroach into regulated floodways shall meet the limitations of Article 5, Section F of this ordinance.

13. AMEND Article 5 to add a Section H as follows:

Section H. STANDARDS FOR AREAS OF SHALLOW FLOODING (ZONE AH)

Located within the Special Flood Hazard Areas established in Article 3, Section B, are areas designated as shallow flooding areas. These areas are subject to inundation by 1-percent-annual-chance shallow flooding (usually areas of ponding) where average depths are one (1) to three (3) feet. Base Flood Elevations are derived from detailed hydraulic analyses are shown in this zone. In addition to Article 5, Sections A and B, all new construction and substantial improvements shall meet the following requirements:

- (1) Adequate drainage paths shall be provided around structures on slopes, to guide floodwaters around and away from proposed structures.

14. **AMEND Article 6 to add a Section C as follows:**

SECTION C. SEVERABILITY

If any section, clause, sentence or phrase of the Ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way effect the validity of the remaining portions of this Ordinance.

SECTION ~~C~~D. EFFECTIVE DATE.

SECTION ~~D~~E. ADOPTION CERTIFICATION.

B. The above amendments are effective upon adoption of this ordinance.

Adopted this ____ day of _____, 2019.

Archie B. Taylor, Jr., Chairman
Vance County Board of Commissioners

ATTEST:

Kelly H. Grissom
Clerk to the Board

Committee Reports and Recommendations

October 7, 2019

Technology Committee

Public Wi-Fi. The committee (Brummitt[C], Taylor & Feimster) met with Rob Cranwell from Open Broadband, LLC on Wednesday, September 11, 2019 to discuss and determine final locations for proceeding with public Wi-Fi. The areas discussed included an existing water tank in Kittrell, the shopping and retail area near I-85 and Dabney Drive, and the downtown Henderson area. Open Broadband recommended moving away from the shopping and retail area as the necessary infrastructure was not in place making it cost prohibitive to serve the area. The committee then focused their discussion on the downtown area and determined a service area between Rose Avenue to Orange Street to include Breckenridge Street and Chestnut Street around the library and McGregor Hall. The committee desires to partner with the city for providing coverage in the downtown area and asked staff to discuss joint participation with the city. The committee asked Open Broadband to prepare final coverage maps and costs based on committee feedback. Following the meeting, Open Broadband presented a cost of \$600/month for Kittrell and \$2,000/month for the downtown area with a one-time install fee of \$4,000 for downtown. The Kittrell area would be served with a connection of up to 200 Megabits per second with the downtown area served by a gigabit capacity service. The committee intends to review a contract at its next meeting. *For your information.*

Public Safety Committee

Fire Response District Changes. The committee (Wilder[C], Brummitt, & Faines) met with the fire association during its meeting on Monday, September 16, 2019 at the Epsom Volunteer Fire Department. The meeting provided an opportunity for the fire chiefs to view maps of potential areas for changing fire district boundaries and gave the committee the opportunity to seek input from the chiefs. The association acknowledged that any redistricting should occur after the departments complete their ISO testing in October. The committee chair suggested meetings with groups of chiefs for adjoining districts to seek their direct input as to whether the dividing lines should be changed. It is anticipated that these meetings could occur in mid-October. Following the meeting, each volunteer department was provided with a map showing the overlaps in districts to facilitate discussion for each volunteer department. *For your information.*

Human Resources Committee

Vehicle Use Policy. The committee (Faines[C], Taylor, & Wilder) met with HR Staff on Tuesday, September 24, 2019 to discuss and review a draft “Use of County Vehicles” Policy. The purpose of the policy is to regulate the operation of county vehicles assigned to employees in the performance of their duties as well as the use of personally owned vehicles when used on county business. The committee suggested several edits during their detailed review and are in favor of moving forward with the policy. *Recommendation: Approve the Use of County Vehicles policy.*

Employee Appreciation Breakfast. The committee was informed and discussed an upcoming employee appreciation breakfast being planned by the Employee Engagement Team. The tentative date for the breakfast is December 10th with further details being determined. *For your information.*

Properties Committee

REO Property Matters. The committee (Brummitt[C], Taylor, & Wilder) met on Monday, September 30, 2019 and discussed property matters related to two jointly owned properties (725 Roberson Street and 709 Arch Street).

- 725 Roberson Street (Parcel 0068 01014) - currently leased by the City and County to Green Rural Redevelopment at no cost for use as a community garden. Recently the City received two offers (one for \$1,000 and one for \$1,800) to purchase the property once the existing lease expires in December and the City Council has taken action to begin the upset bid process to sell the property subject to county approval. The City is willing to handle the legal work if the county conveys the property to the city.
- 709 Arch Street (Parcels 0091 01002 and 0091 01021) – The City has agreed to provide this property to Mr. Omega Perry as a part of its Homestead Program which is designed to promote homeownership by recycling jointly owned properties. The program will require Mr. Perry to bring the property up to standards (estimated renovation cost of \$28,000) and make the property his principal residence for a period of not less than three years.

The committee discussed conveying both properties to the City of Henderson to allow them to handle the upset bid process for 725 Roberson Street and to handle the necessary legal work for both properties. The committee asked staff to discuss with the city whether an access easement should be retained across the Arch Street property for the adjoining property also owned by the City and County. In subsequent conversations with the city, the intent is to convey two (both) parcels to Mr. Perry as the adjoining property has historically been associated with 709 Arch Street.

Recommendation: *Approve the conveyance of 725 Roberson Street and 709 Arch Street to the City of Henderson and authorize the chairman to execute any documents relative to the transaction.*

Dennis Building. The Committee was informed of a recent water leak in the basement of the Dennis Building and was ensured staff is working with the insurance company to have the necessary asbestos removed and flooring reinstalled. The committee was also informed that staff is looking for solutions to prevent the deterioration of the four cast-iron lamp posts at the Dennis Building. Staff will provide estimated costs for removing and/or restoring the lamps once estimates are obtained. The committee discussed a recent request from the Elections Board to vacate the Dennis Building. During the discussion, the committee discussed the county's existing ownership and use of the building in light of existing and anticipated expenditures in the future. The committee asked staff to research whether the building is on or eligible for the national register and expressed an interest in holding onto and utilizing spaces more efficiently within the building. Due to additional state funding for Juvenile Justice, they are in need of 3-4 additional offices within the Building. The County Manager recommended moving Youth Services/Teen Court from the Dennis Building to an area adjacent to the gymnasium at Eaton Johnson to allow for additional space for Juvenile Justice. The committee mentioned the need to work within our financial means when considering any movement of departments or building renovations. The committee made no commitments to moving any departments from the building at the current time, but felt the overall space within the building could be better utilized. *For Your Information.*

City of Henderson

1. Public Wi-Fi Zone in downtown Henderson

Open Broadband will design, furnish, install, and maintain free public Wi-Fi service for external areas along north and south Garnett Street from Rose St, to Orange St, along with the side streets from Garnett as indicated in Red in the picture below. Coverage area will be outdoor only, and focused on the sidewalks and streets.

Cost:

- Installation fee: for the areas marked in red, it will be a \$4,000 one-time cost, though cost will depend on access to City & County Buildings.
- Service: We recommend feeding the downtown Wi-Fi Zone with a gigabit of internet bandwidth, spread out between various access points distributed throughout downtown. The gigabit service is \$2000/month, which includes the internet usage, maintenance, updates, repairs, and software upgrades.

- The service is perfect for downtown visitors, vendors and visitors at the festivals and for students that may need to access free public Wi-Fi for homework assignments. The Wi-Fi service will be an amenity for the residents, allowing them to utilize their laptops, tablets, and phones without incurring data usage on a cellular plan.
- The amenity will provide another location for low-income residents who do not have home broadband service to access the internet free of charge.
- 5-year fixed price agreement, with the option to renew at same price.
- IP Camera surveillance system with NVR available at an additional cost.

Page 1 of 1

Title: Use of County Vehicles

Effective: 10/01/2019

Archie B. Taylor, Jr. Chairperson,
Vance County Board of Commissioners

1.0 Purpose

This policy is established to regulate the operation of County vehicles assigned to employees in the performance of their duties and where applicable, the use of personally owned vehicles when used on county business.

2.0 USE OF COUNTY-OWNED VEHICLES

1. Permitted Uses

- a. Only County employees authorized by departments may operate County Vehicles or equipment.
- b. County-owned vehicles are to be used for official business only with reasonable consideration for use for meals, while in the course of performing business on behalf of the County. For individuals assigned vehicles for overnight use, stopping between work and home to perform brief minor personal business may be acceptable, **BUT** any such use should be the **EXCEPTION** rather than the rule, and only if the stop is directly in route from work to the employee's residence.
- c. All passengers accompanying County employees in County vehicles must have a business interest in the travel. Due to insurance limitations and regulations, no other passengers are permitted unless authorized by the County Manager. Any exceptions would require the employee to complete and have placed in their personnel file a waiver of responsibility form.

2. Driver Requirements

- a. The driver of any County-owned vehicle must have a valid Driver's license. County employees who drive vehicles weighing 26,001 pounds or more or carrying 16 or more passengers must have a valid Commercial Class B license with a passenger endorsement.
- b. All employees who operate county vehicles or their personal vehicle for County business shall have their driving record checked; new employees shall be checked upon hire and all other employee drivers shall be checked every three years. These record checks will be conducted by the county HR Director. A point's based review will be used to determine proper recommended action.
- c. Employees will be responsible for any vehicle or equipment assigned to them and shall ensure all policy guidelines are followed.

- d. Employees driving County vehicles are required to obey all traffic laws.
- e. Vehicles are to be driven in a manner that creates a favorable impression with the public. Drivers will exercise special precaution when:
- Children are playing on the roadway, alley or near the curb
 - Passing schools, playgrounds or school buses
 - Approaching pedestrians or persons on bicycles.
 - Adverse weather or road conditions are encountered.
- f. No vehicle will be operated if any controlling mechanism (such as steering, brakes, headlights, horn or windshield wipers) is not in proper working condition. Do not operate a vehicle that is not in proper mechanical condition; report such conditions to your supervisor and/or designated departmental vehicle coordinator~~fleet coordinator~~.
- g. Drivers and all passengers must wear seat belts at all times.
Exemption: Employees with medical conditions that would be worsened by seatbelt use. Employee must have a Physician's note on file with his/her department head.
- h. Employees who are cited for a traffic/moving violation (such as excessive speeding, DWI, etc.) while operating a County vehicle must notify their Supervisor or Department Head immediately. The County will not pay traffic tickets or parking fines, including those received while using personal vehicles for County business. Employees found guilty of a moving violation may be subject to disciplinary action by their supervisor.
- h.i. Employees with a license status change that prevents them from legally operating a vehicle shall notify their Supervisor or Department Head immediately.
- i.j. The use of tobacco, in any form, is prohibited in County owned vehicles.
- j.k. Alcoholic beverages and/or drugs are not permitted in County vehicles at any time; however, law enforcement personnel may transport lawfully confiscated alcoholic beverages and/or drugs.
- k.l. The use of a mobile telephone for voice communications while operating a County vehicle or while operating a personal vehicle on official County business is discouraged except in emergency situations. Employees should park their vehicle in a safe manner and location when it becomes necessary to use a mobile telephone for voice communications inside the vehicle.

It is unlawful under N.C.G.S 20-137.4A for “any person to operate a vehicle on a public street or highway or public vehicular area while using a mobile telephone to: (1) Manually enter multiple letters or text in the device as a means of communicating with another person; or (2) Read any electronic mail or text message transmitted to the device or stored within the device, provided that this prohibition shall not apply to any name or number stored in the device nor to any caller identification information.” This law does not apply to “(1) The operator of a vehicle that is lawfully parked or stopped;

(2) Any of the following while in the performance of their official duties: a law enforcement officer; a member of a fire department; or the operator of a public or private ambulance; (3) The use of factory-installed or aftermarket global positioning systems (GPS) or wireless communications devices used to transmit or receive data as part of a digital dispatch system; and (4) The use of voice operated technology.

l.m. All drivers shall take a Defensive Driving Course (DDC). All existing drivers should be scheduled to take DDC within six months of the implementation of this policy. start-up of the fleet safety program. New employee drivers should take DDC within ninety (90) days of being assigned to drive County vehicles or use personal vehicles on County business. This course shall be offered through the Human Resources office quarterly. ~~State Certified~~ Emergency Vehicle Driver (EVD) Training to include in-vehicle training is required for departments responding in emergency vehicles and may be substituted in place of the Defensive Driving Course.

3. Vehicle Assignment

- a. County vehicles are normally assigned to an individual at the start of their assigned work period, and are the employee's responsibility until the completion of the period.
- b. A County vehicle may be assigned to an individual employee who regularly requires the use of the vehicle both on and off duty. Such an assignment may be of a permanent nature or for a specified time period, such as a week of on-call duty. To the extent possible, specific employee/vehicle assignments should be made rather than the use of "pool" vehicles. Doing so should promote better accountability for vehicle condition and operation.
- c. Overnight assignment will not typically be granted to any employee that lives outside of a five-mile (5) radius from the nearest County limit boundary of the County, unless specifically approved by the County Manager.
- d. During vacation periods or leaves of absence, an employee who is assigned a vehicle on a non-permanent basis will turn the vehicle in to their department.

3.0 ACCIDENTS

If the vehicle is involved in an accident, the driver's first duty is to stop the vehicle. Regardless of the situation, the following procedures must be followed in the event of an accident:

1. Immediately notify the local law enforcement agency to obtain their accident investigation and report, as well as report any emergency needs.
2. Notify supervisor, department head, and county ~~safety officer~~ Finance Director within one hour. If, as a result of the accident, you are rendered physically unable to make this notification within one hour, you must make the notification within 24 hours of the accident. Notification must include a thorough admission of any and all property damage, as well as any personal injury to the driver and/or any passenger, including possible Worker's Compensation claims.
3. Complete an Incident Investigation form within 24 hours. This report, along with the law enforcement agency's report, should be turned in to the finance office.

4. Notify your supervisor of any possible injuries to yourself, including possible workers' compensation claims. If medical treatment is needed, complete the Employees Initial Report of Injury form (can be obtained from your supervisor).
5. The department head of the employee involved in an accident is responsible for obtaining damage estimate(s) on the County vehicle within ~~72 hours~~ 3 business days and must notify the County Manager within 8 hours of the accident.
6. Failure to promptly report accidents and provide the necessary information may result in a loss of County driving privileges, suspension, demotion or dismissal.

Employees involved in an accident will be required to submit to drug or alcohol screening if the Human Resources Director, in consultation with the employee's Department Manager, determines there is reason to believe the employee's acts or omissions may have contributed to the accident. Some of the objective criteria that will trigger a post-accident test include: fatalities; injuries that require anyone to be removed from the scene for medical care; damage to any vehicle to the extent that it must be towed. The post-accident test should be conducted as soon as possible and not to exceed six hours following the accident.

4.0 MAINTENANCE AND CARE OF COUNTY VEHICLES

Vehicles must be kept clean at all times. It is the assigned driver's responsibility to maintain the vehicle in a clean condition.

1. **Maintenance**
 - a. A vehicle number will be assigned by the department head and shall be affixed and visible from the rear of the vehicle to the right rear windshield.
 - b. The department head or ~~fleet manager~~ his/her designee is responsible for making an appointment and ensuring periodic maintenance of the vehicle at the vehicle maintenance facility designated by the county. Schedule the appointment when the vehicle mileage is within 500 miles of the next service. It will be the driver's responsibility to have the vehicle at the contracted service location at the designated time and to pick up the vehicle when finished.
 - c. Emergency repairs during normal working hours will be completed by the vehicle maintenance facility designated by the county, with EMS and Sheriff's departments given top priority.
 - d. In the event of a mechanical failure, employees will call the department head or ~~fleet coordinator~~ his/her designee to report the need for service and possibly a wrecker.
 - e. Special equipment (fire extinguisher, first aid kits, gasoline cards, etc.) must stay with the vehicle at all times. Important information (warranty booklet, tag registration cards, state inspection certificate, owner's manuals, and driver accident information) should also remain with the vehicle at all times. Drivers are responsible for the security of these items.

- f. The driver and/or department head/~~fleet coordinator~~ is responsible for ensuring that mechanical fluid levels are maintained, including gasoline, engine oil, transmission fluid, radiator fluid, washer fluid, etc.

VEHICLE REPLACEMENT

All county vehicles will be replaced as mechanical and safety conditions dictate.

5.0 SAFE DRIVER PROCEDURES

All employees operating a county vehicle or where applicable, a personal vehicle for county business must adhere to the following practices and procedures.

1. Accident Reporting

If you are involved in an accident, follow these procedures:

- Stop. Failure to do so is a criminal offense, and may also result in County disciplinary action.
- Stay calm.
- Do not admit fault or blame other persons.
- Obtain names of any witnesses.
- Obtain an incident report from appropriate law enforcement agency i.e. police.
- Obtain names, addresses and telephone numbers of all other persons involved (including drivers, passengers, pedestrians and/or other persons possibly injured, and owners of property possibly damaged.)
- Exchange automobile insurance information with other persons involved (including vehicle owners and drivers). This information should include the name of the insurance company and the policy number for each driver and/or vehicle involved.

If someone is hurt or there is danger of fire, explosion or other further damage, call 9-1-1. Assist injured to the extent possible.

If you are injured or suspect an injury, notify your supervisor.

Within 24 hours following the accident, fill out an Incident Investigation Form (including diagram of the accident) and turn it in to your supervisor/~~fleet coordinator~~.

2. Drugs

Drivers will not drive after having consumed alcohol and/or drugs, including legal drugs that may impair their ability to operate a motor vehicle.

3. Vehicle Inspection

Drivers and/or department head/~~fleet coordinator~~ or his/her designee will inspect vehicles periodically. Any items checked needing attention; damage or other unusual conditions will be reported to the department head/~~fleet coordinator~~. It is the responsibility of each driver to ensure that their vehicle is operating properly at all times.

Any employee who is instructed to drive a vehicle they feel is unsafe has the right to contact the department head/~~fleet coordinator safety officer~~ or his/her designee for inspection and a decision as to whether the vehicle should be driven.

4. Cleanliness

Vehicles are to be maintained in a clean condition, especially the windshield. They are to be kept free of interior debris or trash, especially in those areas that could impair operation. ~~the windshield. They are to be kept free of interior debris or trash, especially that which or anything that could impair operation.~~

POINTS–BASED REVIEW OF MOTOR VEHICLE RECORDS

Periodic review (every three years) of the drivers' Motor Vehicle Record (MVR) is helpful in monitoring overall driver performance and in predicting future problems. To help motivate these persons to drive safely and obey traffic laws, the County shall implement an employee policy dictating the need for remedial training or stronger disciplinary measures. This policy shall be based on the accumulation of points incurred through driving violations reported on the MVR.

Point's accumulation for violations or accidents as they appear on the motor vehicle record should use the conviction date as the date of reference. As defined below, points for major violations should be assessed for four years from the conviction date. Minor violations should be assessed for three years from the conviction date. Should a violation occur in conjunction with an accident and the driver receives points for both, only the higher total should apply. Points should be assigned for violations occurring both on and off the job.

1. COMMON VIOLATIONS AND POSSIBLE POINTS

Major Violations (86 points)

- ~~Reckless driving~~
- Driving while intoxicated
- Racing
- Fleeing from the scene of an accident
- Driving under license suspension or revocation
- Fleeing from a law enforcement officer
- Passing a stopped school bus

Minor Violations (4 points)

- 20 or more MPH above the speed limit
- Improper driving/~~Reckless driving~~
- Failure to drive on the right side of the road
- Passing on the yellow line
- Running a red light

Minor Violations (2 points)

- 19 or less MPH above the speed limit
- Failure to yield right of way
- Failure to obey traffic signals
- Failure to provide proper signal
- Following too close
- Seatbelt Violations

Note: This list is not all-inclusive.

2. DISCIPLINARY ACTION

<u>Points</u>	<u>Applicants</u>	<u>Employees</u>
Four	Defensive Driving Course	Defensive Driving Course
Six	Not Eligible	Review by County Manager with potential disciplinary action as per the County personnel policy.
Eight	Not Eligible	Suspension of Privileges with potential additional disciplinary action as per the County personnel policy.

Consultation between the County and driver should occur for these actions.

POINTS–BASED EMPLOYEE DISCIPLINARY POLICY FOR ACCIDENTS

A County Vehicle Accident Review Board shall investigate and review all motor vehicle accidents involving county vehicles.

1. Upon review of the accident, the County Vehicle Accident Review Board will gather and analyze the factor(s) contributing to the accident to determine preventability on the part of the County driver. Each accident will be given one of the following designations, and the employee may be assigned points accordingly.

- | | |
|----------------------------------|-----------|
| • Non-preventable | No points |
| • Questionable preventability | 2 points |
| • Preventable | 4 points |
| • Definitely preventable/serious | 8 points |

An additional 6 points will be assigned to any driver who fails to promptly report an accident to his or her supervisor and/or a law enforcement agency. Any employee involved in a moving vehicle accident not wearing a seat belt will receive an additional 4 points.

2. A uniform disciplinary procedure will result from the accumulation of points, based on a 24 month accumulation period.

- | | |
|---|-----------|
| • Written warning | 2 points |
| • Written notice | 4 points |
| • Written notice and mandatory driver training | 6 points |
| • Suspension for 1 - 3 days | 8 points |
| • Suspension for 3 – 5 days and/or any other disciplinary action as may be appropriate, up to dismissal | 12 points |

More specific disciplinary actions may reflect amount of injury and/or damage or the potential for such.

3. The Board will present its findings and recommendations to the County Manager, appropriate Department head, driver, and if necessary, Personnel/Legal counsel. Department heads should take disciplinary action in accordance with this and other policies.

725 Roberson St (0068 01014)

Offers to Purchase	\$1,000/\$1,8000
Condition	Foreclosed in October 2007; vacant lot; 0.425 acres; City (41%) and County (59%) owned property; R6(High Density Residential) City Zoning
Property Value	\$5,943
County Cost thus far	\$ 4,180 (Tax - \$4,180); \$2,850 Attorney Fees
Applicant	Larry & Belinda Leach/Karen Terry

*Property is currently leased to Green Rural Redevelopment at no cost for use as a community garden through December, 2019. Two offers have been provided to the City and the City Council has recommended the property enter the upset bid process. The second offer is above the minimum amount set by policy. The county manager and attorney recommend conveying this property to the city and allowing them to handle the upset bid process and necessary legal work associated with the property. There is potential the property will have additional bids and the county would receive funding equal to our ownership stake upon sale of the property.

Property Value	\$24,024
County Cost thus far	\$ 2,355 (Tax - \$1,915 / Interest - \$440); \$1,130 Attorney Fees
Applicant	

The Henderson City Council adopted the Urban Homestead Program in an effort to promote home ownership in our metro area by recycling selected City and County owned properties. The basic requirement for eligibility is the willingness and ability of the applicant to make the chosen property their principal residence for a period of not less than 3 years.

Mr. Omega Perry has applied for the Urban Homestead Program and has accepted the terms and requirements of the program. Mr. Perry has selected 709 Arch Street as his potential home, Vance County Tax PIN #0091 01002. The dwelling was built in 1929 but has been vacant since 2007 according to utility records. City Compliance Inspectors have inspected the property and the Minimum Housing Inspection Report is attached, which illustrates various violations, including, but not limited to, electrical problems, roof damage, HVAC, etc. Mr. Perry has inspected the property and dwelling and has submitted an estimated cost of repairs and proposal from electrical and plumbing contractors. The total estimated cost of repairs is \$28,000.

Therefore, it is recommended to transfer 709 Arch Street to Mr. Omega T. Perry under the guidelines of the Urban Homestead Program NCGS §160A-457.2 adopted by City Council on February 13, 2017.

Abandoned Structures - Chapter 21A

Violation #1: 21A-4 Abandoned Structure - Every abandoned structure within the city shall be deemed in violation of this chapter whenever such structure constitutes a hazard to the health, safety or welfare of the city's citizens as a result of:

- (1) The attraction of insects or rodents;
- (2) Conditions creating a fire hazard;
- (3) Dangerous conditions constituting a threat to children; or
- (4) Frequent use by vagrants as living quarters in the absence of sanitary facilities.

Housing - Electrical, Chapter 21

Violation #1: 21-4 (c)(3) Electrical- Good repair & safe conditions of all electrical components - All fixtures, receptacles, equipment and wiring shall be maintained in a state of good repair, safe, and capable of being used.

Violation #2: 21-4 (c)(1) Electrical- Proper Lighting & receptacles. - Every dwelling and dwelling unit shall be wired for electric lights and convenience receptacles. Every habitable room shall contain at least two (2) properly connected floor or wall-type electric convenience receptacles. There shall be installed in every bathroom, water closet room, laundry room and furnace room at least one (1) supplied ceiling, or wall-type electric light fixture. In the event wall or ceiling light fixtures are not provided in any habitable room, then each such habitable room shall contain at least three (3) floor or wall-type electric convenience receptacles.

Violation #3: 21-4 (c)(3) Receptacles in disrepair / damage - All fixtures, receptacles, equipment and wiring shall be maintained in a state of good repair, safe, and capable of being used.

Housing - Heating, Chapter 21

Violation #1: 21-4 (b)(2) Heating-All Rooms must be equipped with Permanent heat source. - Every dwelling and dwelling unit must be provided with a heat source: Where a central or electric heating system is not provided, each dwelling and dwelling unit shall be provided with one or more heat sources so as to heat all habitable rooms, bathrooms, and water closet compartments with a minimum temperature of sixty-five degrees Fahrenheit (65 degrees F) measured three (3) feet above the floor during ordinary winter conditions.

Housing - Insects, Rodents and Infestations, Chapter 21

Violation #1: 21-8 (a) Windows & Doors- Equipped with screens if required by minimum housing code. - In every dwelling unit, for protection against mosquitoes, flies and other insects, every door opening directly from a dwelling unit to outdoor space shall have supplied and installed screens and a self-closing device; and every window or other device with openings to outdoor space, used or intended to be used for ventilation, shall likewise be supplied with screens installed. Provided, however, window and door screens can be omitted if the dwelling or dwelling unit has an operating central heating system and operating air conditioning system and room(s) not serviced by an operating air condition system shall have a minimum of one (1) window with screen for ventilation; if such room(s) is

smoke detector shall be installed, on each floor and habitable basement and. maintained in working condition.

Housing - Structural, Chapter 21

Violation #1: 21-3 (c) Deteriorated foundation - Foundations, foundation walls, piers or other foundation supports shall not be deteriorated or damaged

Violation #2: 21-3 (g) Doors and or windows are not weather or watertight - The roof, flashings, exterior walls, basement walls, floors, and all doors and windows exposed to the weather shall be constructed and maintained so as to be weather and watertight.

Violation #3: 21-3 (h) Good repair & Safe Conditions-Hazardous Chimney. - There shall be no chimneys or parts thereof which are defective, deteriorated or in danger of falling, or in such condition or location as to constitute a fire hazard.

Violation #4: 21-3 (f) Interior-Habitable spaces shall be constructed with suitable material, and designed in a manner that - Interior walls and ceilings of all rooms, closets and hallways shall be finished of suitable materials, which will, by use of reasonable household methods promote sanitation and cleanliness, and shall be maintained in such a manner so as to enable the occupants to maintain reasonable privacy between various spaces.

Violation #5: 21-3 (a) Structural-Rotted Walls, trim, and structural components. - Walls or partitions or supporting members, sills, joists, rafters or other structural members shall not list, lean or buckle, and shall not be rotted, deteriorated, or damaged, and shall not have holes or cracks which might admit rodents.

1. Construction Dumpster-\$350 Deposit, bill will be sent to me, amount to be determined by Waste Industries, estimated cost-\$2,500.00
2. Remove, Replace Windows & Door, estimated cost of materials and labor-\$5,500.00
3. Electrical and Plumbing Repair/Install, estimated cost of materials and labor-\$9,500.00
4. Roofing Repair, estimated cost of materials and labor-\$3,500.00
5. Heat Pump & A/C Replacement and Install, estimated cost-\$6,000.00

Total Estimated Cost for materials and labor-\$28,000.00

Submitted by
Rev. Omega T. Perry
(919)939-5549

Mr Omega Perry. Im so sorry for the inconvenience with the email situation. Something is wrong on my end as I have had numerous customers last week not receive estimates from me. Si im writing this in a word document. We spoke briefly on the phone last week. For a 2 ½ bath house with kitchen, fridge/ ice maker, and laundry room rough in you are looking at 3k. that includes inspection and 5 year workmanship warranty. If have any questions please call me. Ill be happy to come by this week to take a look at everything. Whenever your ready to get things rolling let me know and we will get it done in a timely manner. Thank you!

Henry A. Dennis Building

Occupants and Space Usage

- Elections – 3,167 square feet
- Veteran’s Services – 1,682 square feet
- Youth Services/Teen Court – 1,800 square feet
- Juvenile Justice – 1,720 square feet

Potential Locations for Existing Tenants:

- Elections – TBD
- Veteran’s Services – County office building
- Youth Services/Teen Court – Adjacent to Gymnasium at Eaton Johnson
- Juvenile Justice – Create space at Eaton Johnson; Could potentially pair with Community corrections at Eaton Johnson (currently paying \$16,500/year to house Community Corrections) – Community Corrections uses 1,600 sq. feet currently

Recommendations for Next Steps:

Architect to evaluate suitability for locating various county departments (i.e. Cooperative Extension, Planning and Development, Veteran’s Services, etc.) at County Office Building.

Architect to evaluate suitability and possibility for renovating one wing at Eaton Johnson for Juvenile Justice, Community Corrections, Elections or other compatible users.

E – Henry A. Dennis Bldg.

Basic Information (Henry A. Dennis Bldg.):

Address: 300 S. Garnett Street

Acres: 0.46

Assessed Value: \$604,328 (Total Building)

Building Size: Approx. 15,762 SF (Total Building)

Parking Spaces: 20 (Total Building)

Existing Conditions (Henry A. Dennis Bldg.):

The current facility at the Henry A. Dennis County Office Building is comprised of multiple facilities housed under a single roof. Youth services (teen court/community outreach spaces) is also currently spread out throughout multiple floors of the existing structure which does not provide adequate space or privacy. Additionally, the lack of accessibility to the upper floors necessitates the need for additional space located on the first floor to be used when needed when meeting with handicapped visitors & clients. Spaces located on the third floor are extremely small, inaccessible and inadequate to meet the needs of the functions required by the program.

The existing configuration and building structure would allow for easy relocation of the required program spaces for the Youth & Teen Services programs.

E – Elections

Basic Information (Elections):

Address: 300 South Garnett Street

Acres: 0.46

Assessed Value: \$604,328 (Total Building)

Building Size: Approx. 15,762 SF (Total Building)

Parking Spaces: 20 (Total Building)

Existing Conditions (Elections):

The current facility at the Henry A. Dennis County Office Building is comprised of multiple facilities housed under a single roof. The largest room on the first floor is used during elections as a voting location and also doubles as a conference room during non-election times. This space is currently undergoing repairs for severe water damage.

The Board of Elections Director office shares its space with volunteer workers and other staff members. The available secure storage space for voting machines/files is limited and scattered throughout the building in various closets and other spaces.

E – Elections – *Continued*

Programming Needs (Elections):

Although the current location is acceptable, the Board of Elections space requires some expansion that would be more logical to provide in another location, grouped more closely with other county departments. Primary programming increases involve additional office space (to relieve shared offices) and additional secure storage for voting machines. Additionally, a dedicated work space that would allow a lockable space for election preparation creates more functional and efficient utilization of space.

Title	Name	Area (SF)

Approx. Existing Parking*	20
*Currently shared between Youth Services, Veteran's Affairs, & Elections	

E – Veteran’s Affairs

Basic Information (Veteran’s Affairs):

Address: 300 South Garnett Street

Acres: 0.46

Assessed Value: \$604,328 (Total Building)

Building Size: Approx. 15,762 SF (Total Building)

Parking Spaces: 20 (Total Building)

Existing Conditions (Veteran’s Affairs):

The current facility at the Henry A. Dennis County Office Building is comprised of multiple facilities housed under a single roof. The veteran’s services office currently serves approximately 2,500 veterans in the area. However, the current office lacks the necessary privacy and storage rooms, especially for files.

E – Veteran’s Affairs – Continued

Programming Needs (Veteran’s Affairs):

Although the current location is acceptable, Veteran’s Services could operate from another location and still serve its clientele well. If relocated, minor adjustments should be made to the overall space – primary to reduce larger office sizes and provide a separate secure file storage space.

Archie B. Taylor, Jr., Chairman
Vance County Board of Commissioners

ATTEST:

Kelly H. Grissom, Clerk to the Board

**RESOLUTION AUTHORIZING UPSET BID PROCESS
FOR SALE OF REAL PROPERTY
Lot 3-A Spring Valley Road, Henderson, NC 27537**

WHEREAS, Vance County owns certain real property with an address of **Lot 3-A Spring Valley Road, Henderson, North Carolina**, and more particularly described by the Vance County Tax Department as Parcel Numbers **0201 01001**; and,

WHEREAS, North Carolina General Statute §160A-269 permits the county to sell real property by upset bid, after receipt of an offer for the property; and,

WHEREAS, the County has received an offer to purchase the real property described herein above in the amount of **\$1,000.00** subject to the terms and conditions as included in the submitted offer to purchase bid, submitted by *Blue Ocean Partners, LLC*; and,

WHEREAS, *Blue Ocean Partners, LLC* has paid the required deposit in the amount of **\$750.00** with their initial offer.

THEREFORE, THE VANCE COUNTY BOARD OF COMMISSIONERS RESOLVES THAT:

1. The Board of County Commissioners declares the real property described above surplus and authorizes its sale through the upset bid procedure of North Carolina General Statute §160A-269.

2. A notice of the proposed sale shall be published which shall describe the property and the amount of the offer and shall require any upset offer be subject to the same terms and conditions as contained therein except for the purchase price.

3. Any person may submit an upset bid to the Clerk to the Board of County Commissioners within 10 days after the notice of sale is published. Once a qualifying higher bid has been received, that bid will become the new offer.

4. If a qualifying upset bid is received, a new notice of upset bid shall be published, and shall continue to do so until a 10-day period has passed without any qualifying upset bid having been received. At that time, the amount of the final high bid shall be reported to the Board of County Commissioners.

5. A qualifying higher bid is one that raises the existing offer by the greater of \$750 or ten percent (10%) of the first \$1,000.00 of that offer and five percent (5%) of the remainder of the offer and is subject to the same terms and conditions of the previous bid.

6. A qualifying higher bid must also be accompanied by a deposit in the amount of the greater of \$750 or five percent (5%) of the bid, which may be made by cash, cashier's check

or certified funds. The County will return the deposit of any bid not accepted and will return the bid of an offer subject to upset if a qualifying higher bid is received.

7. The terms of the final sale are that the Board of County Commissioners must approve the final high offer before the sale is closed and the buyer must pay with certified funds or wire transfer the bid amount and any other amounts as required pursuant to the terms and conditions of the bid at the time of closing, which shall be no later than 30 days following the approval by this Board of the final bid. The real property is sold in its current condition, as is, and the County gives no warranty with respect to the usability of the real property or title. Title will be delivered at closing by a **Non Warranty Deed**, subject to exceptions for ad valorem taxes, assessments, zoning regulations, restrictive covenants, street easements, rights of others in possession and any other encumbrances of record. Buyer shall pay for preparation and recording of the Deed and revenue stamps.

8. The County reserves the right to withdraw the property from sale at any time before the final high bid is accepted **and the right to reject all bids at any time**.

9. If no qualifying upset bid is received, the Board of County Commissioners will accept or reject the bid submitted within 60 days after the close of the 10-day upset period.

This the 7th day of October, 2019.

122 Young Street, Suite B
Henderson, NC 27536

TO: Board of Commissioners
FROM: Jordan McMillen, County Manager *Jm*
DATE: 10/7/2019
SUBJECT: Salary Adjustment for DSS Director

Ph: (252) 738-2001
Fax: (252) 738-2039

Commissioners,

The DSS Board has requested a salary adjustment for the DSS Director following the directors six month review. The adjustment would be effective November 11, 2019 and coincide with the end of the standard nine month probationary period for new hires. The requested new salary is \$90,000 and follows a satisfactory employee performance appraisal. The adjustment will not require a budget amendment at the current time.

TOTAL \$ 27,772.71

Objectives	Outcomes
<p>1. Producers will increase sales of food locally to more agriculturally aware consumers through market development, producer and consumer education, and new farmer and infrastructure support.</p>	<ul style="list-style-type: none"> ● Kerr- Tar Beekeepers held their September meeting with 9 members attending. The program was a discussion on various varroa mite control strategies. ● The Vance County Regional Farmers Market reports a strong season so far. Beginning in October, the Market will shift to a Saturday only schedule. The Market continue to offer a strong variety of products, and the facility remains in excellent condition overall.
<p>2. Agricultural producers, workers, food handlers and consumers will adopt safer food and agricultural production, handling, and distribution practices that reduce workplace and home injuries/illnesses, enhance food security, and increase the quality and safety of food that North Carolinians prepare and consumers.</p>	<ul style="list-style-type: none"> ● Fall Vegetable Garden workshop was conducted with five small farmers. Post workshop evaluations from these farmers stated all five had increased their knowledge in regards to fall vegetable production. They also stated they would adopt Cooperative Extension recommendations taught during this workshop into their vegetable operations this fall. ● Farmers are required to attend continuing education classes to maintain their Pesticide Applicator certification. The deadline is September 30, so NC Cooperative Extension offers “last chance” classes to help farmers meet the requirement. These trainings offer farmers with important updates on practices that protect the environment and safeguard the health of their employees and families.
<p>3. Individuals and groups will acquire leadership and decision making capacities needed to guide and actively participate in local and state organizations.</p>	<ul style="list-style-type: none"> ● Teen council has new members and new goals as we work towards including the whole 4-H membership
<p>4. Youth and adults will address community issues and/ or challenges through volunteerism.</p>	<ul style="list-style-type: none"> ● New volunteers have been background checked in order to state a new community club.

<p>5. North Carolina's plant, animal and food systems will become more profitable and sustainable.</p>	<ul style="list-style-type: none"> • In recent years, partly as a result of a grant program offered through the USDA Natural Resources Conservation Service, there has been great interest in raising produce in high tunnels which helps growers extend the production season as well as maintain better control over growing conditions. In response, NC Cooperative Extension held a two part high tunnel workshop and tour providing expert instruction on construction, management, funding and other topics. There were nearly 30 participants, many of whom indicated intentions to install a high tunnel on their own farm.
<p>6. Parents and caregivers will effectively use recommended parenting, self-care practices, and community resources.</p>	<ul style="list-style-type: none"> • Incredible Years Parenting is officially underway. The first session began on Sept. 19th and will go through Dec. 19th
<p>7. Futures that Work: School to Career Pathways</p>	<ul style="list-style-type: none"> • Youth from local clubs and schools will learn to make value added products, market them and sell them at the Vance County Regional Farmers Market on the 4-H youth market days
<p>8. Youth and adult program participants will make healthy food choices, achieve the recommended amount of physical activity and reduce risk factors for chronic diseases</p>	<p>EFNEP will begin classes at Pinkston Street Elementary as early as 9/11.</p>
<p>9. Consumers and communities will enhance the value of plants, animals, and landscapes while conserving valuable natural resources and protecting the environment.</p>	<ul style="list-style-type: none"> • Progress continues on training the next batch of volunteers for the Vance/Warren Master Gardener program. The twelve trainees are receiving in-depth instructions on all aspects of horticulture in preparation for serving the community in a variety of outreach and education projects.
<p>10. Community Outreach</p>	<ul style="list-style-type: none"> • The food giveaway had another successful month providing food from our local food bank to residents of Vance County.
