**County Manager's Report to the Board**  
**January 6, 2020**

- A. Schedule Annual Planning Retreat.** Staff is working with the chairman to plan the annual retreat. Two half days are proposed. The first day will be similar, but a condensed version from this past year where department heads will share two accomplishments from the year and two priorities for the coming year. The second day will include a financial and budget outlook, a review of proposed CIP projects for the coming year, and prioritization of goals for the upcoming year. The agendas and locations are being finalized and staff proposes Wednesday, January 22 for the first day and Monday, February 10 for the second day.  
*Confirm dates for Planning Retreat.*
- B. NCDOT Agreement – Warrenton Road Solid Waste Site Project.** NCDOT has agreed to reimburse the county up to \$100,000 for installation of a turn lane into the new convenience site to be constructed along Warrenton Road. The project has been in a holding pattern as the state budget was on hold. We have been informed the transportation budget was pulled from the state budget and approved as a mini-bill in early November. Since that time we have been working with NCDOT to receive the necessary agreements guaranteeing the county's reimbursement. Although the funds have been approved, we are being told the funds are not currently available due to limitations associated with the Department's on-going cash management challenges. Once approved, the county can seek approval of plans by DOT and begin the preparations for bidding the project. The current solid waste budget includes \$316,216 for completion of the new site and turn-lane, although these estimates are over one year old. Moving to the bidding phase will allow for a final cost estimate to be determined.  
*Recommendation: Approve agreement with NCDOT securing a reimbursement for up to \$100,000 for completion of a turn-lane into the newly proposed Warrenton Road Solid Waste Site.*

NOW, THEREFORE, the parties hereto, each in consideration of the promises and undertakings of the other as herein provided, do hereby covenant and agree, each with the other, as follows:

## **SCOPE OF PROJECT**

1. The Project consists of widening SR 1001 (Warrenton Road) just west of US 1 to add a turn lane in conjunction with the County's expansion of the adjacent solid waste convenience site. The County has funded project design which has been reviewed and approved by the Division. Project construction involves grading, paving, drainage and final pavement markings necessary to implement the road widening and turn lane according to the approved plans.

## **PROCUREMENT OF SPECIALIZED SERVICES**

2. If the County causes the professional engineering services required by this Agreement to be performed by contracting with a private engineering firm and seeks reimbursement for said services under this agreement, it is agreed as follows:
  - A. The County shall ensure that an engineering firm is obtained through an equitable selection process and that prescribed work is properly accomplished in a timely manner, at a just and reasonable cost.
  - B. The County, when procuring architectural, professional and engineering services, must adhere to North Carolina Department of Transportation Policies and Procedures for Major Professional or Specialized Services Contracts. This policy conforms to N.C.G.S. 143-64, Parts 31 and 32.

In the event that the professional services contract proposal (engineering) exceeds \$30,000, a pre-negotiation audit must be requested from the Department's External Audit Branch. A pre-negotiation audit of a contract under \$30,000 will be performed by the Department's External Audit Branch if the County requests it.
  - D. Reimbursement for construction administration costs cannot exceed fifteen percent (15%) of the actual construction contract cost. This applies to private engineering firms and/or work performed by the County. If the County elects to procure a private consulting firm to conduct Project administration, the County shall be responsible for submitting the consulting firm's

proposal to the Division Engineer for review and approval. The County, and/or its agent, shall perform Project administration in accordance with all Departmental policies and procedures.

  - The County shall not advertise nor enter into a contract for services performed as part of this Agreement, unless the Department provides written approval of the advertisement or the contents of the contract.
  - If the County fails to comply with these requirements, the Department will withhold funding until these requirements are met.

## **PLANNING AND DESIGN**

- 3. The County, and/or its consultant, shall prepare the environmental and/or planning document and obtain any environmental permits needed for the Project. All work shall be done in accordance with departmental standards, specifications, policies and procedures.
- 4. The County shall design and prepare the plans and specifications for the Project, in accordance with the Department's standard practices, regulations and guidelines for transportation improvements. The Department shall review and approve Project plans and specifications.

## **UTILITIES**

- 5. The County, without any cost or liability whatsoever to the Department, shall relocate and adjust all utilities in conflict with the Project. All utility work shall be performed in a manner satisfactory to and in conformance with rules and regulations of the Department prior to the County beginning

The County shall make all necessary adjustments to house or lot connections or services lying within the right of way or construction limits of the Project, whichever is greater, regardless of ownership of the connections or services. Any encroachment agreement and/or permits required for the Project must be obtained from the Division Office. All work shall be performed in accordance with the Department's approved Utility Relocation Policy and standard procedures for utility improvements.

## **RIGHT OF WAY**

6. The County, at no expense or liability whatsoever to the Department, shall be responsible for acquiring any needed right of way and/or permanent easements required for said Project. If the Project is not to be constructed within the existing right of way, the County will be responsible for any additional right of way or easements. Acquisition of right of way shall be accomplished in accordance with applicable policies, guidelines, statutes and the North Carolina Department of Transportation Right of Way Manual.

The County shall remove from said right of way all obstructions and encroachments of any kind or character (including hazardous and contaminated materials). The County shall indemnify and save harmless the Department from any and all claims for damages that might arise on account of said right of way acquisition, and construction easements for the construction of said Project.

## **CONSTRUCTION**

7. The County shall construct, or cause to be constructed, the Project in accordance with the plans and specifications of said Project as filed with, and approved by, the Department. The County shall enter into and shall administer the construction contract for said Project and the procedures set out herein below shall be followed:
  - A. Bids received along with proper documentation of Municipal approval shall be submitted to the Division Engineer for review and approval by the Department prior to the contract being awarded by the County. Upon award of the Project, the County shall provide the Division Project Manager copies of the executed contract and sets of plans as requested.

- B. The County shall follow Department regulations, and North Carolina General Statutes regulations pertaining to bid procedures in the award of the contract and purchases. The County shall not enter into any contractual agreement for any phase of the Project without prior written approval from the Department.

- E. The County shall sample and test all materials in reasonable close conformity with the Department's Guide for Process Control and Acceptance Sampling and Testing. The Division Engineer shall be provided a copy of the testing results.

- H. Upon completion of the Project, the County shall furnish the Division Engineer with complete sets of "Plan of Record" and/or "As Built" plans as requested.
- I. Prior to the final acceptance and payment by the Department, the Division Engineer shall make a final inspection of the completed work. The Division Engineer will be responsible for final acceptance of the completed work on behalf of the Department.
- J. During construction of the Project, the County shall provide and maintain adequate barricades, signs, signal lights, flagmen, and other warning devices for the protection of traffic in conformation with standards and specifications of the Department and the current edition of the Manual on Uniform Traffic Control Devices for Streets and Highways published by the Federal Highway Administration.

- K. In the event the Project is not let to contract within six (6) months after receiving final approval of construction plans and proposals from the Department, the County shall be responsible for documenting to the Department justification for project delay and that the Project remains in compliance with the terms of this Agreement, the approved plans and specifications, and current codes.
  
- L. The County shall complete construction of the Project, in accordance with the terms of this Agreement within one (1) year(s) of execution of this Agreement. If the County has not completed its responsibilities to the satisfaction of the Department, including satisfactory progress of the various phases of the Project, the unexpended balance of funds may be recalled by the Department and assigned to other Projects by the Board of Transportation and the County shall reimburse costs incurred by the Department associated with the Project.

## **CONSTRUCTION SUBCONTRACTOR GUIDELINES**

- 8. Any construction contract entered into with another party to perform work associated with the requirements of this Agreement shall contain appropriate provisions regarding the utilization of Minority Businesses and Women Businesses as required by GS 136-28.4 and the North Carolina Administrative Code.
  - A. The Department will provide the appropriate provisions to be contained in those contracts. Those provisions are available on the Department's website at <https://connect.ncdot.gov/projects/Contracts/Pages/LGA-Projects.aspx>

- 9. Subject to compliance by the County with the provisions set forth in this Agreement, and the availability of funds, the Department shall participate in the actual Construction costs up to a maximum amount of \$100,000 (estimated costs are \$169,854). Costs which exceed this amount

shall be borne by the County. Reimbursement to the County shall be made upon approval of the invoice by the Department's Division Engineer and the Department's Fiscal Section.

- A. The County may bill the Department for actual costs by submitting an itemized invoice and requested documentation to the Department. Reimbursement shall be made upon completion. By submittal of said invoice, the County certifies that it has adhered to all applicable state laws and regulations as set forth in this Agreement.
  
- B. Force account work is only allowed when 1) there is a finding of cost effectiveness for the work to be performed by some method other than contract awarded by competitive bidding process, and 2) the force account work is in compliance with NC General Statute 143-135, found at [www.ncleg.net/gascripts/Statutes/Statutes.asp](http://www.ncleg.net/gascripts/Statutes/Statutes.asp). Further, the County shall make such materials available at its office at all reasonable times during the contract period, and for five (5) years from the date of final payment under this Agreement, for inspection and audit by the Department's Fiscal Section.
  
- E. The County agrees that it shall bear all costs for which it is unable to substantiate actual costs.

- F. Failure on the part of the County to comply with any of these provisions will be grounds for the Department to terminate participation in the costs of the Project.
- G. All invoices associated with the Project must be submitted within six months of the completion of the Project to be eligible for reimbursement by the Department.
- H. The Project must progress in a satisfactory manner as determined by the Department. If the Project does not remain active, the Department reserves the right to de-obligate said funding.

Title VI and related authorities prohibit discrimination on the basis of race, color, national origin, disability, gender, and age in all programs or activities of any recipient of Federal assistance.
- 13. This Agreement is solely for the benefit of the identified parties to the Agreement and is not intended to give any rights, claims, or benefits to third parties or to the public at large.

14. It is the policy of the Department not to enter into any agreement with parties that have been debarred by any government agency. By execution of this Agreement, the County certifies, that neither it nor its agents or contractors are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by a governmental department or agency.
15. The County shall certify to the Department compliance with all applicable State laws and regulations and ordinances and shall indemnify the Department against any fines, assessments or other penalties resulting from noncompliance by the County or any entity performing work under contract with the County.
16. The County is solely responsible for all agreements, contracts, and work orders entered into or issued by the County for this Project. The Department is not responsible, for any expenses or obligations incurred for the Project except those specifically eligible in the terms of this Agreement. However, at no time shall the Department reimburse the County costs which exceed the total funding for this Project.
17. The County will indemnify and hold harmless the Department and the State of North Carolina, their respective officers, directors, principals, employees, agents, successors, and assigns from and against any and all claims for damage and/or liability in connection with the Project activities performed pursuant to this Agreement including construction of the Project. The Department shall not be responsible for any damages claims, which may be initiated by third parties.
18. The Department must approve any assignment or transfer of the responsibilities of the County set forth in this Agreement to other parties or entities.
19. If the County decides to terminate the Project without the concurrence of the Department, the County shall reimburse the Department one hundred percent (100%) of all costs expended by the Department and associated with the Project. Any notification of termination of this Project shall be in writing to the other party. Reimbursement to the Department shall be made in one lump sum payment within sixty (60) days of billing. A late payment penalty and interest shall be charged on any unpaid balance due in accordance with G.S. 147-86.23 and G.S. 105-241.21.
20. In compliance with state policy, the County, and/or its agent, including all contractors, subcontractors, or sub-recipients shall have a Conflict of Interest Policy and adhere to the Department's Women Business Enterprise (WBE) and Minority Business Enterprise (MBE) policy

which requires goals to be set and participation to be reported, as more fully described in the Subcontractor Guidelines section of this Agreement.

21. A copy or facsimile copy of the signature of any party shall be deemed an original with each fully executed copy of the Agreement as binding as an original, and the parties agree that this Agreement can be executed in counterparts, as duplicate originals, with facsimile signatures sufficient to evidence an agreement to be bound by the terms of the Agreement.
  
22. All terms and conditions of this Agreement are dependent upon, and subject to, the allocation of funds for the purpose set forth in the Agreement and the Agreement shall automatically terminate if funds cease to be available.
  
22. By Executive Order 24, issued by Governor Perdue, and N.C. G.S. § 133-32, it is unlawful for any vendor or contractor ( i.e. architect, bidder, contractor, construction manager, design professional, engineer, landlord, offeror, seller, subcontractor, supplier, or vendor), to make gifts or to give favors to any State employee of the Governor's Cabinet Agencies (i.e., Administration, Commerce, Environmental Quality, Health and Human Services, Information Technology, Military and Veterans Affairs, Natural and Cultural Resources, Public Safety, Revenue, Transportation, and the Office of the Governor).
  
23. IT IS UNDERSTOOD AND AGREED that the approval of the Project by the Department is subject to the conditions of this Agreement and that no expenditure of funds on the part of the Department will be made until the terms of this Agreement have been complied with on the part of the County.

IN WITNESS WHEREOF, this Agreement has been executed, in duplicate, the day and year heretofore set out, on the part of the Department and the Vance County by authority duly given.
