County Manager's Report

Vance County
County Manager's Report to the Board
March 9, 2020

- A. Resolution - Appointment of Review Officer.** Review officers are required in the Tax Office to review plats and certify that they meet statutory requirements before being recorded with the Register of Deeds. *Recommendation: Approve resolution to appoint Carrie Reddick, Assistant Tax Administrator as a review officer as required by NC General Statute 47-30.*
- B. Surplus Property – Police Canine Sarge.** Sheriff Brame requests that the Board of Commissioners declare police canine Sarge as surplus property and allow him to be sold to his handler, Deputy Michael Burns for \$1.00. The animal is three years old, experiencing hip dysplasia and has never finished canine training to be certified. *Recommendation: Declare police canine Sarge surplus County property and sell him to Deputy Michael Burns for the sum of \$1.00.*
- C. Approval of Road Name – Cloyd Lane.** The County's addressing ordinance adopted in 2019 requires board approval of road name changes. This is the first request under the new ordinance. A section of roadway off of Van Dyke Road serves five existing homes and a sixth home is proposed. The section has historically been addressed as Van Dyke Road, but is clearly a separate road in need of a name as per the addressing ordinance. Finalizing the road name will allow the permitting process to proceed for the sixth home. Over 75% of the property owners along the segment encompassing more than 75% of the road frontage has signed a petition asking for the road to be Cloyd Lane as is required by ordinance. The county's addressing coordinator is in agreement and recommends approval of the road name. *Recommendation: Approve Cloyd Lane as presented.*
- D. Resolution Recognizing 100th Anniversary of 19th Amendment.** March is women's history month and the League of Women's Voters has requested the county to adopt the enclosed resolution recognizing the 100th Anniversary of the 19th Amendment. The 19th amendment to the US Constitution went into effect in 1920 and provided women the right to vote. When it went into effect, 120,000 women were registered to vote in North Carolina, and today women constitute a majority vote in our state and the United States, are running for office in higher numbers and are more active in the election process than ever before in history. The enclosed resolution recognizes this 100th anniversary as well as the impact this historic accomplishment has had on citizen engagement and civic life. *Recommendation: Approve Resolution Recognizing the 100th Anniversary of the Passing of the 19th Amendment to the US Constitution providing women the right to vote.*
- E. Resolution Declaring Vance County a Constitutional Rights Protected County.** A growing number of counties have adopted resolutions in support of the 2nd Amendment right to bear arms. Thus far over 50 counties have taken this action which reaffirms that counties would not enact unconstitutional gun-control measures. These resolutions are mostly symbolic, since County Government in NC is subordinate to State and Federal Government. The Chair and Vice-Chair requested a resolution be prepared for consideration by the full board. *Recommendation: Approve Resolution Declaring Vance County, North Carolina a Constitutional Rights Protected County.*

F. Resolution Supporting the Formation of the Triangle Trails Initiative. The Triangle Trails Initiative is an effort to organize 14 counties in central NC for the purpose of promoting and marketing trails and greenways within the region. The organization was formed in 2019 as a result of a grant from the AJ Fletcher Foundation. In 2019, a public-private advisory board was formed and their goal is to begin raising \$2 million in private funds to sustain operations and staffing for the next 3-5 years. The county's participation is voluntary and no funding commitments are being asked or required of the counties. Participation in the initiative will allow the county access to the organization and staff as a resource and clearinghouse for access to grants in the future. The effort is not intending to advocate for a single trail through all counties, but rather is designed to promote the region and our trails as a whole. ***Recommendation:** Approve Resolution Supporting the Formation and Vance County's inclusion in the Triangle Trails Initiative.*

G. Goals for FY2020-21. The following goals were prioritized during the retreat on February 10, 2020 for FY 2020-21.

1. To complete renovation and move DSS into Eaton-Johnson by June 30, 2021.
2. To retain or assist in the creation of 150 new jobs and \$10 million in new investment for the county through various means to include completion of Phase III of the Henderson-Vance Industrial Park, business retention, attraction of new businesses, and other means to include advocacy for rail development long-term.
3. To implement a community paramedicine program in the next fiscal year.

***Recommendation:** Approve the goals as developed by the Board of Commissioners for FY 2020-21.*

H. Established Committee Topics. Through the goal setting process, the board determined several topics for further committee discussion:

- Public Safety Committee – Paramedicine Program
- Public Safety Committee – Reorganization of Fire Dept. to Combination Department
- Human Resources Committee – Evaluation Format for County Manager
- Intergovernmental Committee – Joint Funding of McGregor Hall
- Intergovernmental Committee – Reorganization of Recreation Department to County Department

For Your Information.

RESOLUTION
by the
Vance County Board of Commissioners
Appointment of Review Officers

WHEREAS, the North Carolina General Assembly in its 1997 Session passed Senate Bill 875, which is now incorporated into General Statute 47-30, requiring counties, by resolution to appoint one or more persons as review officers to review each plat before it is recorded and certify that it meets the statutory requirements for recording; and

WHEREAS, the appointed person or persons should be experienced in mapping or land records management, and preferably should be certified as contained in G.S. 147-54.4; and

WHEREAS, the review officer is to expeditiously review all maps and plats before they are presented to the Register of Deeds, with the exception of a map or plat which is a survey within the meaning of G.S. 47-30(f)(11)b or c; and

WHEREAS, Cathy Renn was duly appointed as a review officer as of December 7, 2009 and Porcha Brooks was duly appointed as of February 8, 2010; and

WHEREAS, this resolution must be recorded in the Vance County Register of Deeds.

NOW, THEREFORE BE IT RESOLVED that the Vance County Board of Commissioners duly appoints Carrie Reddick, Assistant Tax Administrator, as a review officer for the purpose of review and certification of plats and maps as required by the North Carolina General Assembly, with such appointment to be effective as of March 9, 2020.

RE: K-9 Sarge
DATE: February 28, 2020

Unfortunately the time has come to retire our K-9 Sarge.

Due to the health condition of K-9 Sarge, he is no longer suitable for the Vance County Sheriff's Office. (Please see attached addendum for further information)

Deputy Michael Burns has requested that he be allowed to keep K-9 Sarge.

I am requesting that Deputy Burns be granted this request and allowed to purchase Sarge for the sum of \$1.00 as we have done in the past.

We will be looking to replace Sarge upon his retirement.

Your assistance in this matter is greatly appreciated.

Respectfully,

Sheriff Curtis R. Brame

Addendum

On Friday December 13, 2019, Lt. Roberson spoke with Dr. Lee Darch at the Kittrell Animal Hospital. Dr. Darch reviewed X-rays that he took of Canine Sarge on September 30, 2019. Dr. Darch advised that Sarge has early bilateral hip changes, which is also called hip dysplasia. This can be very painful and even debilitating due to the joints rubbing together especially with heavier canine breeds. Dr. Darch also advised that Sarge has had a previous injury to his L4 and L5 vertebrates, which is causing a lot of his pain. Dr. Darch has been treating Sarge with cortisone shots every six weeks or as needed and has given Deputy Burns' wife medicine to give Sarge to treat his pain and discomfort. Dr. Darch did explain to that having both of the conditions this early on in Sarge's life means that it will be very hard on Sarge to continue as a working dog. According to Dr. Darch, bloodhounds are very prone to hip dysplasia so when Sarge came in with obvious pain in the rear, he immediately looked there. Dr. Darch did write a note on Sarge's condition and advised if anyone had any questions he would be glad to answer him or her. Please also note that Sarge is 3 years old, he has never finished canine training, he has never been certified as a tracking dog, and Deputy Burns is not scheduled to come back to work from deployment until the middle of 2020. Therefore, it will be at least the end of 2020 before the canine is trained. I feel at this age and this much pain, Sarge will only get worse riding in the car, jumping in and out of the car, and possibly injuring himself more pulling on a track. This will end up costing the county a lot of money to treat or could potentially end up with having to put him to sleep.

Re: Letter Of Recommendation For New Road – “Cloyd Lane”

Dear Chairman, Board Members and County Manager:

It has been brought to our attention at the end of Van Dyke Road, there is an area where a current driveway provides the only access to five (5) homes. With a driveway servicing five (5) homes by the Vance County Addressing Ordinance is required to be named. In 1991 Plat/Survey Number V-8 was recorded indicating this driveway as Brookside Drive and also Brookside Way. During this time Plat/Survey recording did not require any type of review, therefore these two road names were recorded as if they are actual roads but were not. At this time Vance County currently has “Brookside Lane” located in the Timberlake Subdivision, therefore “Brookside” cannot be used to re-name the driveway that services the five (5) homes of concern. In this area there are fifteen (15) different parcels which have six (6) different owners. Vance County Addressing Department has a Road Name Petition with four (4) of those parcel owners agreeing on naming the driveway servicing the five (5) homes to “Cloyd Lane”. Please see the attached aerial map image to provide a visual of this area.

The Vance County Addressing Department is requesting approval from the Vance County Commissioners to approve “Cloyd Lane”, therefore allowing the Re-Addressing process to begin as stated in the Vance County Addressing Ordinance.

Thank you,

Lisa M. Falkner

Objectives	Outcomes
1. Producers will increase sales of food locally to more agriculturally aware consumers through market development, producer and consumer education, and new farmer and infrastructure support.	<ul style="list-style-type: none">● Small Farms Opportunities Conference was conducted with 25 farmers attending. Post evaluations from farmers stated all 25 gained knowledge of small fruit production, alternative power for your farm, hemp processing, vermiculture. They also stated they would adopt this information into their farm operations.● Kerr- Tar Beekeepers met with 15 members attending. The program was Solving Swarming Bees From Your Hive.
2. Agricultural producers, workers, food handlers and consumers will adopt safer food and agricultural production, handling, and distribution practices that reduce workplace and home injuries/illnesses, enhance food security, and increase the quality and safety of food that North Carolinians prepare and consumers.	<ul style="list-style-type: none">● EFNEP is holding classes with Community Workforce Solutions where we teach food safety, and food handling techniques and temperature guides. Trackout Success Camp is scheduled to be held at Vance County Housing Authority to increase the quality and safety of food prepared by teenagers in the home.● Cooperative Extension provides continuing education classes for certified pesticide applicators. These classes help farmers maintain necessary certifications, as well as provide important updates on health, safety and environmental protection. In recent years new requirements have come into play that dictate specialty training for the use of certain products. We offered five separate training opportunities in the month of February, reaching approximately 40 applicators/farmers.
3. Individuals and groups will acquire leadership and decision making capacities needed to guide and actively participate in local and state organizations.	<ul style="list-style-type: none">● Jason Springs, City Council member and Community Voices graduate, is using the action items from our last cohort to present to city council. Our immediate goal is to get the city to speak to the issue of trash pick up and city beautification.
4. Youth and adults will address community issues and/ or challenges through volunteerism.	<ul style="list-style-type: none">● The 4-H Teen Council will start back up next month. This group has planned community service projects to get to before the end of the year. They also serve as Summer Interns during the Summer Fun program.

5. North Carolina's plant, animal and food systems will become more profitable and sustainable.	<ul style="list-style-type: none">● Many farmers and landowners are interested in the possibility of raising industrial hemp. However, this new crop poses many unknowns for potential growers, as well as significant risks. To help prospective producers make sound decisions, Cooperative Extension conducted an educational workshop featuring NCSU and NC A&T SU experts with the latest information on production methods, cultivar selection, pest management, legal framework, drying, etc. Approximately 40 people were in attendance.
6. Parents and caregivers will effectively use recommended parenting, self-care practices, and community resources.	<ul style="list-style-type: none">● Incredible Years Parenting is having a record year for enrollment. We have enrolled 20 parents so far and still have one series left for the year. We're finishing up the second series on Feb. 27th and starting our next series in Granville county on March 18th.
7. Futures that Work: School to Career Pathways	<ul style="list-style-type: none">● The 4-H Department is working to start new clubs around the county to meet the needs of our Teen population. We are in the process of reestablishing the Robotics Club to meet the STEM interest in the community.
8. Youth and adult program participants will make healthy food choices, achieve the recommended amount of physical activity and reduce risk factors for chronic diseases	<ul style="list-style-type: none">● Faithful Families and Trackout Success Camp sponsored by EFNEP will address healthy recipes and menu items and new and exciting exercises for participants of all ages; school age children to caregivers in adulthood.
9. Consumers and communities will enhance the value of plants, animals, and landscapes while conserving valuable natural resources and protecting the environment.	<ul style="list-style-type: none">● Vance County Cooperative Extension partnered with the Granville office as well as the NC Forest Service to conduct a workshop for woodland owners. The workshop provided information and instruction on the importance of creating a woodland management plan. Developing a detailed plan helps woodland owners achieve the maximum potential from their property, from an ecological, economic and recreational standpoint. The workshop was attended by approximately 15 landowners.
10. Community Outreach	<ul style="list-style-type: none">● The Monthly Food Giveaway was again successful and we were able to feed about 400 families with the help of volunteers from the school system and other county departments.
