## DEPARTMENT OF PLANNING & DEVELOPMENT

### PLANNING STAFF REPORT

#### REZONING CASE # RZ1502-1

STAFF PROJECT CONTACT: Jordan McMillen

### EXPLANATION OF THE REQUEST

This is a request to amend the zoning map and to rezone 1 parcel from Residential Medium Density (R-20) to Highway Commercial (H-C).

### OWNER/APPLICANT

**OWNER:** Alice Jones  
1700 Walter Bowen Rd  
Henderson, NC 27537

**Applicant:** Eastern Pride, Inc.  
2405-F Nash Street  
Wilson, NC 27896

### PROPERTY INFORMATION

**LOCATION:** The proposed rezoning is for 7996 NC 39 Hwy South and includes tax parcels 0553 02003 and 0553 02004. The property is located 150 feet from the Epsom Crossroads of NC 39 Hwy South, New Bethel Church Road and Epsom Rocky Ford Road.

**EXISTING LAND USE:** Both parcels are currently zoned R-20 and total 1.49 acres together. The property is currently being used for residential purposes.

**SURROUNDING LAND USE:** The surrounding land use is predominantly open in nature and residential with R-20 zoning to the north and west and R-30 zoning to the east on the opposite side of NC 39 South. To the south is an existing retail store that is zoned General Commercial.

**SIZE:** The proposed rezoning is for 1.49 acres and includes the entire areas of tax parcels 0553-02003 and 0553-02004. The intent will be to recombine the property if approved for a rezoning.

**ZONING HISTORY:** All parcels in this area are zoned as they were since countywide zoning was established in November 2011.

## IMPACTS

This rezoning changes the allowable uses of the property from being residential in character to retail trade and services for the convenience of nearby residential areas. The rezoning would increase the front and rear setbacks and would reduce the side setbacks. The maximum lot coverage would increase from 25% to 60% promoting a higher density that is typical with retail development. Additionally screening and buffering would be required between the commercial use and the surrounding residential properties.

## STAFF COMMENTS & PLANNING BOARD RECOMMENDATION

The rezoning request is located in the Epsom Community directly adjacent to a significant crossroads that currently includes 2 existing commercial properties. Although located in a crossroads area, the Epsom Area is not considered a traditional development community within the Vance County land use plan. By definition, a development community is designed to be focused areas of growth outside of the immediate City of Henderson area.

In considering this rezoning request, it is important to consider the overall character of the area and to determine through the rezoning process whether this area should have greater commercial character in the future. In doing this it is important to consider whether the proposed zoning is in the general public interest and whether the character of the neighborhood would be adversely affected. One of the limiting factors in this is the fact that Vance County only regulates half of the intersection area through the zoning process while Franklin County oversees the other portion through their zoning. In reviewing the Franklin County land use plan as well as through conversations with their planning department, the Epsom area is regarded as a rural area, but is very similar in nature to other activity nodes that they have designated within rural areas. In reviewing the Vance County land use plan, a very similar picture is seen of the Epsom area. This area is not designated as a development community or area where significant commercial development is anticipated, however it is not uncommon for small retail or country stores to exist near intersections and within these areas as a convenience for rural residents.

During the Planning Board meeting, eight people spoke and provided their opinion to the Planning Board. The opinions were both in favor and in opposition to the proposed rezoning. The general consensus from the individuals who were in favor of the rezoning believed that a retail/trade establishment would be convenient and beneficial to the residents within the Epsom community. The greatest concern of the people who were opposed to the rezoning was the issue of traffic safety and congestion.

**Attachments:** Rezoning Application, Survey Map, Aerial view map

**PLANNING BOARD RECOMMENDATION:** Recommended approval of rezoning on February 12, 2015

## BOARD OF COMMISSIONERS

Whenever the Board of Commissioners makes a decision to adopt or to reject a zoning amendment, the board must approve a written statement describing whether the action is consistent with an adopted comprehensive plan. The statement must also address why the board considers the action taken to be reasonable and in the public interest. The board is not required to follow its adopted plans in zoning decisions, but must consider its reasons for deciding to follow the plan or not.

**Draft Written Rationale for Board of Commissioners Approval:** The rezoning request is in the public interest as it will provide an alternative for citizens in a rural area and is reasonable as it encourages commercial development in an area that includes other existing commercial uses. While the Epsom Community is not officially designated as a development community in the Vance County Land Use Plan, it is similar in character to other crossroad communities throughout the County which have experienced commercial development.

### PLANNING STAFF REPORT REZONING CASE # RZ1502-2

STAFF PROJECT CONTACT: Jordan McMillen

### EXPLANATION OF THE REQUEST

This is a request to amend the zoning map and to rezone 1 parcel from Agricultural Residential (A-R) to Residential Low Density (R-30).

### OWNER/APPLICANT

**OWNER:** Jason Righter  
2409 Davistown Road  
Wendell, NC 27591

**Applicant:** Jason Righter  
2409 Davistown Road  
Wendell, NC 27591

### PROPERTY INFORMATION

**LOCATION:** The proposed rezoning is for 1252 Warrenton Road, or more specifically tax parcel # 0525 04003. The property is located approximately 3/10 of a mile east of the US 1 Bypass N interchange.

**EXISTING LAND USE:** The parcel is currently zoned A-R and totals 1.746 acres. The property is currently vacant, but a dwelling previously occupied the property.

**SURROUNDING LAND USE:**

The surrounding land use is mixed in nature. In the immediate vicinity of this property there are both residential (R-10 and R-30 districts) as well as agricultural (A-R district) uses. Approximately 1/10 of a mile to the west of the property there is a Highway Commercial-designated property at the intersection of Carey Chapel Road.

**SIZE:** The proposed rezoning is for 1.746 acres (inclusive of right of way) and includes the entire tax parcel 0525 04003.

**ZONING HISTORY:** All parcels in this area are zoned as they were since countywide zoning was established in November 2011.

## IMPACTS

This rezoning changes the allowable uses of the property from being agricultural & residential in character to strictly residential. The rezoning would reduce dimensional requirements. The minimum lot area would decrease from 1 acre to 30,000 square feet. The setbacks would decrease and the street frontage would decrease from 150 feet to 100 feet. Given the current acreage of the property, rezoning to R-30 would allow for a minor subdivision creating a second lot.

## STAFF COMMENTS & PLANNING BOARD RECOMMENDATION

This rezoning request is to change the zoning of this property from Agricultural Residential to Residential Low Density. The applicant purchased the property from the county out of the foreclosure process in 2009. The deed references the property as 2 acres more or less, which would allow a second lot if it were a total of 2 acres. Upon having the property surveyed it was determined that it was less than 2 acres and therefore unable to meet the minimum lot size requirement of the A-R zoning category. The applicant prior to having the property surveyed purchased 2 water taps from the Vance County Water District and desires to subdivide the property for 2 homes and to utilize both of the water connections. Changing the zoning district to R-30 would slightly decrease the minimum area requirement, granting the applicant the ability to subdivide.

In the Sandy Creek Township and the majority of Vance County, typically residential zoning districts front roads and major thoroughfares with A-R districts sitting just behind. As proposed, this rezoning would follow that trend. Along this section of Warrenton Road there are numerous parcels zoned R-30. Directly to the east of the subject property is a parcel zoned R-30, with a farm located directly behind (to the south). Directly opposite the property on Warrenton Road there is a housing development at the intersection of Ellington Road. Additionally, there is a mobile home park several hundred feet to the west as well as parcels scattered along Warrenton Road that are in residential use. It is believed that this proposed amendment would be harmonious with surrounding agricultural and residential uses.

Agricultural Residential and Residential Low Density zoning districts are similar in nature. Both districts permit low density residential development and other small-scale uses. Therefore, the proposed amendment would align with the overall character of this area of the county.

**Attachments:** Rezoning Application, Aerial view map, Survey Map

**PLANNING BOARD RECOMMENDATION:** Recommended approval of rezoning on February 12, 2015.

## BOARD OF COMMISSIONERS

Whenever the Board of Commissioners makes a decision to adopt or to reject a zoning amendment, the board must approve a written statement describing whether the action is consistent with an adopted comprehensive plan. The statement must also address why the board considers the action taken to be reasonable and in the public interest. The board is not required to follow its adopted plans in zoning decisions, but must consider its reasons for deciding to follow the plan or not.

**Draft Rationale for Board of Commissioners Approval:** This rezoning is consistent with the character and land uses of the surrounding area and will promote residential development.

Mr. Archie Taylor, Jr., Chairman  
Vance County Board of Commissioners  
122 Young Street  
Henderson, NC 27537

Dear Commissioner Taylor:

Girl Scouting has been inspiring and teaching girls in North Carolina for more than 97 years. Our first troop was organized in 1918, just six years after Juliette Gordon Low founded Girl Scouts of the USA on March 12, 1912.

More than 270 girls and adults are Girl Scout members in Vance County, and more than 80,000 throughout North Carolina. Throughout its history, Girl Scouting has welcomed girls and women from every background to join the movement. Our mission is to build girls of courage, confidence, and character, who make the world a better place.

The Girl Scout Leadership Experience helps girls develop skills that will serve them throughout their lives so that we may contribute to our community, our city and our great state.

I and my sister Girl Scouts are asking that you proclaim March 8-14, 2015, as Girl Scout Week in our city. I am attaching a sample proclamation to help you as you make your decision to honor an organization that has brought much to our community and its citizens.

Thank you for your consideration.

Sincerely,

Diane D. Marks,  
Service Unit Manager

## Committee Reports and Recommendations

### March 2, 2015

#### **Water Planning Committee**

***Change Order – Phase 1A Remaining Funds.*** This committee (Garrison [C], Brummitt, and Taylor) met February 19, and reviewed an analysis of expenditures and cost projections for phase 1A as it relates to spending the remaining grant funds. During this review the committee was informed that USDA has responded to the county's request for moving funds between phases and will not allow the county to move funds between phases or to areas that were not in the original preliminary engineering report. USDA has however left the door open for the county to obtain additional grant funds for the NC 39 South corridor area within phase 1A. In order to spend the remaining grant funds in Phase 1A the committee recommended proceeding with a change order to add on the next section of Rock Mill Road (extending south from Finch Road) at a total cost of \$369,883 with additional inspection costs not to exceed \$23,000. ***Recommendation #1: Approve Contract 2 - Change Order #6 for Phase 2A with H.G. Reynolds in an amount not to exceed \$369,883 to utilize the remaining grant funds for extending a waterline along Rock Mill Road subject to USDA approval.***

***Recommendation #2: Approve additional funds for construction inspections in an amount not to exceed \$23,000.***

***Water Pricing Alternatives.*** The committee also held an in-depth discussion regarding the financial outlook for the water system and reviewed potential pricing options/alternatives and associated impacts of the options on total revenue. During this discussion the committee reviewed updated income statements and customer projections showing an approximate amount of \$455,000 that will be necessary from the general fund to support the water fund in the upcoming budget. The committee discussed the need for balancing the citizen concerns with the base rate and creating alternatives to encourage participation versus the significant shortfall in revenue for the system. In reviewing the pricing alternatives the committee has asked staff to prepare data to explore a revised fee schedule that would provide an allowance of water to benefit the elderly and low income customers. Additionally staff will be working with the tax office to determine a value for properties located within the water district. The committee will be continuing this discussion and providing recommendations to the full board as necessary at a later time.

**RESOLUTION PROVIDING FOR THE ISSUANCE OF \$2,196,000  
GENERAL OBLIGATION WATER BONDS, SERIES 2015A AND  
\$3,937,000 GENERAL OBLIGATION WATER BONDS, SEIRES 2015B**

BE IT RESOLVED by the Board of Commissioners (the "Board") for the County of Vance, Carolina, in its capacity as the governing body of the Vance County Water District (the "District"), as follows:

Section 1. The Board has determined and does hereby find and declare as follows:

(a) An order authorizing \$27,000,000 Water Bonds of the District was adopted by the Board for the District on March 10, 2008, which order was approved by the vote of a majority of the qualified voters of the District who voted thereon at a referendum duly called and held on May 6, 2008.

(b) \$5,627,000 of said bonds has been issued and there is outstanding \$6,133,000 Water Bond Anticipation Notes of the District, dated July 14, 2014, maturing April 8, 2015 (the "Maturing Notes"), which notes were issued in anticipation of the receipt of the proceeds of the sale of a like amount of said bonds.

(c) It is necessary to issue \$6,133,000 of the said bonds at this time, all of the proceeds thereof, together with other moneys of the District, to be applied to the payment of \$6,133,000 principal of the Maturing Notes at their maturity.

(d) The bonds to be so issued will be issued in two series, consisting of a series of bonds in the aggregate principal amount of \$2,196,000 designated General Obligation Water Bonds, Series 2015A and a second series of bonds in the aggregate principal amount of \$3,937,000 designated General Obligation Water Bonds, Series 2015B.

(e) The maximum period of usefulness of the water system improvements to be provided with the proceeds of the bonds authorized hereby is estimated as a period of forty (40) years from April 6, 2015, the anticipated date of said bonds, and such period expires on April 6, 2055.

Section 2. Pursuant to said order, there shall be issued \$2,196,000 bonds of the District, designated "General Obligation Water Bonds, Series 2015A," dated as of the date of delivery thereof, and maturing in annual installments on June 1 in the amounts hereinafter described, with the final principal installment date of June 1, 2055.

Furthermore, pursuant to said order, there shall be issued \$3,937,000 bonds of the District, designated "General Obligation Water Bonds, Series 2015B," dated as of the date of delivery thereof, and maturing in annual installments on June 1 in the amounts hereinafter described, with the final principal installment date of June 1, 2055.

The bonds shall bear interest on the unpaid part of the principal until payment thereof, such interest to be payable on June 1, 2015, and annually thereafter on the first day of June of each year until paid. The interest rate shall be determined by the Secretary of the Local Government Commission on or before the date of issuance of the bonds, such rate not to exceed three and one-fourth per centum (3.25%) per annum. Upon the determination of the interest rate on the bonds, the Secretary of the Local Government Commission shall also determine a schedule for payment of the principal and interest on each series of the bonds, such schedule to result in approximately equal payments of principal and interest on the series of bonds payable on June 1 of each year through June 1, 2055 (provided that the bond may bear interest only until June 1, 2017). Upon determination of the interest rate and principal and interest schedule for the bonds, a copy of the principal and interest schedule shall be filed among the official records of the District and shall be binding upon the District to the same extent as set forth herein. The final principal schedule shall be included in the form of the bond delivered to the initial purchaser thereof as provided in the next paragraph.

The bonds shall be sold to the United States of America, acting by and through Rural Development, an agency of the United States Department of Agriculture (formerly Farmers Home Administration) ("USDA"), by private sale in accordance with Section 8 hereof. The bonds shall not be defeased without the written consent of USDA during such time as USDA shall remain the registered owner of the bonds.

The bonds shall bear interest from the interest payment date next preceding the date on which they are authenticated unless it is (a) authenticated upon an interest payment date in which event it shall bear interest from such interest payment date or (b) authenticated prior to the first interest payment date in which event it shall bear interest from its date; provided, however, that if at the time of authentication interest is in default, the bonds shall bear interest from the date to which interest has been paid.

The principal of and the interest and any redemption premium on the bonds shall be payable in any coin or currency of the United States of America which is legal tender for the payment of public and private debts on the respective dates of payment thereof.

Payment of interest on the bonds shall be made by the Bond Registrar (hereinafter defined) on each interest payment date to the person appearing on the registration books of the District hereinafter provided for as the registered owner of such bonds (or the previous bonds or bonds evidencing the same debt as that evidenced by such bonds) at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date. During the time that USDA is the registered owner of the bonds, payment of the installments of principal and interest when due and payable on the bonds shall be made at the office of such fiscal agent as USDA shall designate without presentation or surrender thereof. During any such time as an assignee thereof is the registered owner of any of the bonds, payment of the installments of principal when due and payable on such bonds shall be made by the Bond Registrar to the person appearing on the registration books of the District hereinafter provided for as the registered owner of such bonds (or the previous bonds or bonds evidencing the same debt as that evidenced by such bonds) at the close of business on the record date for such payment, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such payment date, and payments of principal and interest on such bonds shall be made by check mailed to such assignee at his address as it appears on the bond registration books of the District without the presentation or surrender thereof (except as provided below). Upon receipt of said payments of principal and interest, written acknowledgment of the receipt thereof shall be given promptly to the Bond Registrar, and the District shall be fully discharged of its obligation on this bond to the extent of the payment so made. Upon final payment, the bonds shall be surrendered to the Bond Registrar for cancellation.

Section 3. Each of the bonds may be redeemed, at the option of the District, at any time prior to the maturity of any installment of the principal thereof, either in whole or in part in the inverse order of the maturity dates of the installments of principal (or in any other manner agreed to in writing by the registered owner of such bond), from any moneys that may be made available for such purpose, at the aggregate principal amount of the installments of principal to be redeemed, together with the interest accrued thereon to the date fixed for redemption, but without any premium.

In case of a redemption of all or any part of a series of such bonds, a notice of redemption shall be sent by registered mail, mailed at least thirty (30) days prior to the date fixed for redemption, addressed (a) during the time that USDA is the owner of the bonds, to the Finance Office, Rural Development, United States Department of Agriculture, 1530 Market Street, St. Louis, Missouri, 63103, or to such other address as USDA may designate by registered or certified mail forwarded to the District at least forty (40) days prior to any redemption date, and (b) during any time as an assignee of USDA is the owner of the bonds, to the address as it appears on the registration books of the District hereinafter mentioned.

On the date fixed for redemption, notice having been given in the manner and under the conditions hereinabove provided, each bond or part thereof called for redemption shall be due

and payable at the redemption price provided therefor, plus accrued interest to such date. If moneys sufficient to pay the redemption price of the bond or part thereof to be redeemed plus accrued interest thereon to the date fixed for redemption are held at such place as USDA may designate (or, if the bonds shall have been assigned by USDA, at the office of the Bond Registrar) in trust for such purpose, interest on the bond or part thereof called for redemption shall cease to accrue, such bond or part thereof shall cease to be entitled to any benefits or security under this resolution or to be deemed outstanding, and the registered owners of such bond or part thereof shall have no rights in respect thereof except to receive payment of the redemption price thereof, plus accrued interest to the date of redemption.

In the event that an installment of principal of the bonds shall be redeemed, the Bond Registrar shall direct the registered owner thereof to evidence such redemption by appropriate notation on the schedule attached to such bond for such purpose.

Section 4. The bonds, upon surrender thereof at the principal office or corporate trust office of the Bond Registrar, together with an assignment duly executed by the registered owner or his attorney or legal representative in such form as shall be satisfactory to the Bond Registrar, may, at the option of the registered owner thereof, be exchanged for bonds of the same series having maturities corresponding to the maturities of the installments of principal of such bonds of such series then unpaid issuable in fully registered form in the denomination of \$1,000 or any integral multiple thereof and bearing interest at the same rate.

The transfer of the bonds may be registered by the registered owner thereof only upon an execution of an assignment thereof duly executed by such registered owner or his attorney or legal representative. Notice of such assignment shall be given promptly by the assignor to the Bond Registrar by registered mail, such notice to be in such form as shall be satisfactory to the Bond Registrar, and upon receipt of such notice, such bonds shall be registered as to both principal and interest on such registration books in the name of the assignee named in such notice.

The transfer of any bonds issued in exchange for the bonds as provided above may be registered only upon the registration books of the District upon the surrender thereof to the Bond Registrar together with an assignment duly executed by the registered owner or his attorney or legal representative in such form as shall be satisfactory to the Bond Registrar. Upon any such registration of transfer, the Bond Registrar shall authenticate and deliver in exchange for such bond a new bond or bonds of the same series, registered in the name of the transferee, of any denomination or denominations authorized by this resolution, in an aggregate principal amount equal to the unredeemed principal amount of such bond so surrendered, of the same maturity and bearing interest at the same rate.

In all cases in which the bonds shall be exchanged or the transfer of bonds shall be registered hereunder and a new bond or bonds are to be delivered in exchange therefor, the Bond Registrar shall authenticate and deliver at the earliest practicable time bonds in accordance with the provisions of this resolution. All bonds surrendered in any such exchange or registration of transfer shall forthwith be canceled by the Bond Registrar. The Bond Registrar shall not be required to make any such exchange or registration of transfer of (a) any bond during a period

beginning at the opening of business fifteen (15) days before the day of the mailing of a notice of redemption of bonds or any portion thereof and ending at the close of business on the day of such mailing or (b) any bond called for redemption in whole or in part pursuant to Section 3 of this resolution.

As to any bond, the person in whose name the same shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal or redemption price of any such bond and the interest on any such bond shall be made only to or upon the order of the registered owner thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such bond, including the redemption premium, if any, and interest thereon, to the extent of the sum or sums so paid.

The District shall appoint such registrars, transfer agents, depositaries or other agents as may be necessary for the registration, registration of transfer and exchange of bonds within a reasonable time according to then current commercial standards and for the timely payment of installments of principal and interest with respect to the bonds. The Finance Officer of the District is hereby appointed the registrar, transfer agent and paying agent (the "Bond Registrar") for the bonds, subject to the right of the governing body of the District to appoint another Bond Registrar, and as such shall keep at his office the books of the District for the registration, registration of transfer, exchange and payment of the bonds as provided in this resolution.

Section 5. The bonds shall bear the manual or facsimile signatures of the Chairman of the Board and the Clerk to the Board for the District, and the official seal or a facsimile of the official seal of the District shall be impressed or imprinted, as the case may be, on the bonds.

The certificate of the Local Government Commission of North Carolina to be endorsed on the bonds shall bear the manual or facsimile signature of the Secretary of said Commission, and the certificate of authentication of the Bond Registrar to be endorsed on the bonds shall be executed as provided hereinafter.

## Committee Reports and Recommendations

### March 2, 2015

#### **Human Resources Committee**

**Position Vacancies.** (A) The Jail has a position vacancy for a *Detention Officer*. This position is critical to the safety and security of the Jail. (B) Fire & EMS has a position vacancy for a *Paramedic*. This position is critical to maintain staffing levels for three EMS Units. (C) The Sheriff's Office has a position vacancy for a *Deputy Sheriff*. This critical position patrols the county during an assigned shift in a vehicle; preventing, detecting and investigating disturbances and crime; serving various civil and criminal papers; responding to calls; apprehending suspects; serving as court bailiff; and executes related assignments. (D) Social Services has a position vacancy for a *Social Worker III* in Children's Services. This position's primary duties are providing placement services to children and families when children are not able to be maintained in their own home safely. *[Recommendations are contingent upon endorsement by the Human Resources Committee.] Authorize the filling of the vacant positions as requested.*

#### **Public Safety Committee**

**Minimum Standards for the Care of Equines.** The committee (Brummitt [C], Brown, and Hester [absent]) met on Wednesday, February 18 to review the final draft amendment to the Animal Control Ordinance providing provisions for the care of equines. The committee reviewed additional minor updates which included adding a definition for equines as well as the addition of citation fees for violations of the new ordinance provisions. Staff made the committee aware that additional minor changes were made to bring the ordinance up to current state requirements, reducing the amount of time that animals are to be held prior to beginning the adoption process. **Recommendation:** *Approve the ordinance amending the Animal Control Ordinance to provide minimum standards for the care of equines in addition to general ordinance updates.*

#### **Properties Committee**

**Sale of Foreclosed Property.** The committee (Brown [C], Brummitt, and Hester [absent]) met on Wednesday, February 18 to review offers to purchase two properties that the County owns as a result of foreclosure. The properties include 255 Andrews Avenue, which received a starting bid of \$5,000 and a vacant parcel on Van Dyke Road (Tax Parcel 0460-01047), which received a starting bid of \$750. Upon review, the committee members present recommended proceeding with the upset bid process in order to sell both properties. The committee expressed a desire to continue reviewing the County's process for marketing and selling foreclosed properties, and asked staff to provide recommendations of strategies to dispose of other foreclosed properties.

***Recommendation:*** *Proceed with the upset bid process for the sale of the following properties: (1) 255 Andrews Avenue - Tax Parcel 0078 01012 (2) Van Dyke Road – Tax Parcel 0460-01047.*

***Review of Tax Foreclosure Process.*** The Committee reviewed the current foreclosure process as well as a proposed change that would adjust the process allowing the advertisement of delinquent properties for current year taxes to be moved up two months from May until March of every year. It is believed that this condensed process will allow better and timelier budget projections relating to the collection rate. The committee is agreeable to having staff use the revised schedule as it is similar to surrounding counties and is in accordance with state statutes. In adjusting the foreclosure schedule, the committee felt it was appropriate for the full board to revisit the amount of time that goes by before a property can be sent to foreclosure. Currently, properties must be two years delinquent before the foreclosure process begins. The committee recommends that this timeframe begin once the property is advertised for being delinquent on the current year taxes. This will act to lower the delinquent taxes owed to the County over time, and will provide better justification for the County reselling foreclosed properties at a lower price.

***Recommendation:*** *Approve a change allowing the foreclosure process to begin when the property is advertised for being delinquent on its current year taxes.*

***Surplus Property Disposal.*** The Committee entered into closed session to discuss an offer/arrangement concerning the School Administration Building (Teacherage) located next to the courthouse. The committee members present did not express an interest in the offer submitted; however, they did request staff to have an evaluation completed on the structural soundness of the building and the feasibility of converting the building to some alternative use. The staff will report back to the committee. *For Your Information.*

<b>Objectives</b>	<b>Outcomes</b>
<b>1. Producers will increase sales of food locally to more agriculturally aware consumers through market development, producer and consumer education, and new farmer and infrastructure support.</b>	<ul style="list-style-type: none"><li>● Kerr-Tar Beekeepers Association met for their January meeting with 12 members attending. The educational topic was BeeHive Diseases and insect pests. After the meeting the bee keepers stated that they gained a greater knowledge of Bee diseases and insect pest and how to control diseases and insects in their hives during 2015.</li></ul>
<b>2. Agricultural producers, workers, food handlers and consumers will adopt safer food and agricultural production, handling, and distribution practices that reduce workplace and home injuries/illnesses, enhance food security, and increase the quality and safety of food that North Carolinians prepare and consume</b>	<ul style="list-style-type: none"><li>● Cooperative Extension offered pesticide classes to area farmers so that they could maintain their certification, and also learn the latest recommendations to manage pests while protecting worker health and the environment.</li></ul>
<b>3. Individuals and groups will acquire leadership and decision making capacities needed to guide and actively participate in local and state organizations.</b>	<ul style="list-style-type: none"><li>● 4-H Agent was able to attend 4-H Association meeting and Kerr-Tar Youth Council of Governments meetings which focus on leadership development and provide decisions on what programs and services to offer our youth. These meetings help provide me with valuable information that help me in my position as 4-H Agent. The suggested programming examples also foster networking essential to success in this position.</li></ul>
<b>4. Youth and adults will address community issues and/or challenges through volunteerism.</b>	<ul style="list-style-type: none"><li>● Youth helped decorate cards for senior citizens that they will give out during the valentine's day holiday. These youth will volunteer some time at a local nursing home to</li></ul>

	hand out cards and pillows for the residents. Youth will also present some of their 4-H projects to these residents.
<b>5. North Carolina's plant, animal and food systems will become more profitable and sustainable.</b>	<ul style="list-style-type: none"><li>• Approximately 140 tobacco farmers from a four-county region including Vance attended the annual Good Agricultural Practices recertification meeting and received updates on integrated pest management techniques to manage insects and disease in a safe and environmentally sound manner, plus production updates to enhance efficiency and profitability.</li></ul>
<b>6. Parents and caregivers will effectively use recommended parenting, self care practices and community resources.</b>	<ul style="list-style-type: none"><li>• Parent Educators are busy marketing the upcoming Incredible Years Series schedule to begin February 12, 2015. There are 13 parents registered.</li><li>• Parenting volunteer and former Incredible Years participant Shamieka Thornton nominated for a Prevent Child Abuse North Carolina, Parent Leader Award. Ms. Thornton was also nominated for and received a scholarship to attend the PCANC Learning and Leadership Summit in March. Nominations submitted by the Parenting Education Program.</li><li>• Parent Ambassadors met with United Way to discuss funding and collaboration opportunities.</li></ul>
<b>7. Futures that Work: School to Career Pathways</b>	<ul style="list-style-type: none"><li>• Vance County 4-H is preparing to begin the 2nd rotation of the Agriculture Leadership Institute with Vance County Public Schools. This program is meant to encourage youth to look at careers in agriculture as a potential focus.</li></ul>

	Educating them in their ag classroom setting and exposing them to various careers in the field will hopefully encourage youth to explore this as a potential career.
<b>8. Youth and adult program participants will make healthy food choices, achieve the recommended amount of physical activity and reduce risk factors for chronic diseases</b>	
<b>9. Consumers and communities will enhance the value of plants, animals, and landscapes while conserving valuable natural resources and protecting the environment.</b>	<ul style="list-style-type: none"><li>• Cooperative Extension provided education and outreach on environmentally-responsible gardening and pest control methods through news articles, on-line newsletters, and a weekly radio program.</li></ul>

The Kerr-Tar Regional Council of Governments' Aging Program has an Aging Advisory Council consisting of thirty members- six from each of the five counties in the region. The Advisory Council advises the Area Agency on Aging to: (1) develop and administer the Area Plan, (2) conduct public hearings, (3) represent the interest of older persons, and (4) review and comment on all community policies, programs, and activities which affect older persons.

According to the Aging Advisory Council Bylaws, appointments to fill vacancies on the Council are made by the Standing Nominating Committee of the Aging Advisory Council and are subject to approval by the County Commissioners and the Council.

The following recommendations have been made by the Nominating Committee and approved by the Regional Advisory Council.

It is within the framework of these circumstances that we request the Vance County Board of Commissioners at February 2, 2015 meeting to review, endorse, and designate Ms. McClanahan to serve as a member of the Aging Advisory Council with her term expiring December 31, 2017. If you feel that another or other persons should be nominated to serve on the Council instead of the above, please let me know.

Your continued support for the Aging Program and for elderly citizens of Vance County is greatly appreciated.

Sincerely,

Rhonda Adams Smith, Director  
Kerr Tar COG, Area Agency on Aging
