I am submitting my name for your consideration for re-appointment to the Vance County Alcoholic Beverage Control Board for another three-year term. The Vance County ABC Board is responsible for planning and building one of the most modern ABC stores in North Carolina.

Sales at the new store continue to increase each year. Making additional payments on the mortgage loan will enable the ABC Board to repay the original fifteen year loan in eight years and save one hundred seventy five thousand dollars in interest cost.

I look forward to continue serving on the Vance County ABC Board and to its efficient operation. I appreciate your continuing support.

Sincerely,

To: The Vance County Board of Commissioners
Eddie Ellington, Mayor of the City of Henderson
Mrs. Gloria White, Chairperson of the Vance County Board of Education

It has been my privilege to serve on the Vance County Alcohol Beverage Control Board. I am submitting my name for consideration for another three year term. Currently I serve as Vice Chairperson of the board and have been deeply involved in all financial matters including planning, budgeting and wage and salary administration.

For nearly 40 years I have worked in the private sector including seven years as part owner of a business in Vance County, Henderson Fruit & Produce Inc. For 20 years I was employed by Roses Stores Inc., serving as Senior Manager of Human Resources reporting to the Executive Vice President of the company. I believe that my experience, both on this board and in the private sector will be valuable in the future operation of the Vance County Alcohol Beverage Control Board.

During my time on the board, we have built one of the most modern ABC stores in North Carolina. Sales and profits continue to rise which will enable us to pay off a 15 year mortgage in 8 years and will result in a savings of \$175,000 in interest cost. These savings will be passed on to Vance County and the City of Henderson as we distribute our profits.

In my opinion, we have an outstanding board which works extremely well together. I hope to be allowed to continue to be a member of this team for the next three years. Thank you for considering my application for re-appointment to the board. I appreciate your continuing support.

Sincerely,

Tom Hannon

I am requesting approval to install outdoor fitness equipment on county property at the open area on the southwest side of the Henry A. Dennis Building, S. Garnett Street Henderson, NC (Lois Thompson Park).

Executive Summary

The City of Henderson's "Walk the Beat" program for city employees and the public is a program designed to improve the overall health of the community. The program is being conducted in conjunction with the Henderson Police Department, Henderson-Vance Parks and Recreation Department, Henderson City Staff, Granville-Vance Public Health, and the Henderson/Vance YMCA. Currently, at designated times throughout the day, members of the Henderson Police Department are walking in the downtown area. This is in addition to the normal patrolling that is performed on a daily basis and is part of the Department's ongoing employee wellness program. In addition to the walking aspect of the program, the YMCA will soon begin conducting "Workout Wednesdays" in the area in front of the police department on a weekly/biweekly schedule. The exercise activities will vary and will be available to the public free of charge. One of the action steps in the program is to establish funding for and to install outdoor exercise equipment in designated areas along the "Walk the Beat" route.

The funds requested through the TNHF 2016 Grant will be used to purchase and install outdoor fitness equipment at two locations in the downtown area. The two locations will be designated as "Outdoor Fitness Areas" on the "Walk the Beat" path. The second recommended location for outdoor fitness equipment is the open area on the southwest side of the Henry A. Dennis Building, S. Garnett Street Henderson, NC (Lois Thompson Park). This location will target the senior demographic by providing exercise equipment that is designed to make it easier for the user to preform daily tasks and movements of everyday life.

Committee Reports and Recommendations

July 11, 2016

Public Safety Committee

Animal Shelter Construction Update, Change Order #3, and Award of Fencing Contract. The Public Safety Committee (Brummitt [C], Brown & Wilder) met Monday, June 27 to receive an update on the animal shelter construction and to consider a request to add fencing back into the project. The project is currently 16 days behind due to documented rain days in February and May with a scheduled completion the first week of September. The rain days are included in the attached Change Order #3 for approval. Over the last month the block walls have been put up, the trusses have been installed, the interior walls have been completed and shingle work is in process.

The original plan approved by the board included three fenced pasture areas for large animals. All fencing was removed at bidding due to cost with the idea that it would be added back if sufficient donations were received. The County has received a total of \$56,894 in donations, which is sufficient to add the fencing. The committee recommended proceeding with the low bidder (Seward Fencing) at \$34,447 for 2,325 linear feet of fencing. With the installation of fencing, two driveway pipe gates will not be necessary and can be removed from the construction contract.

Animal Shelter Donations - 6/28/2016	\$56,894
Committed to Construction	-\$17,000
Remaining Donations Prior to Fencing	\$39,894
Fencing Cost	-\$34,447
Remaining Donations after Fencing	\$5,447

This deducts \$4,060 from the contract and is included in Change Order #3 for approval.

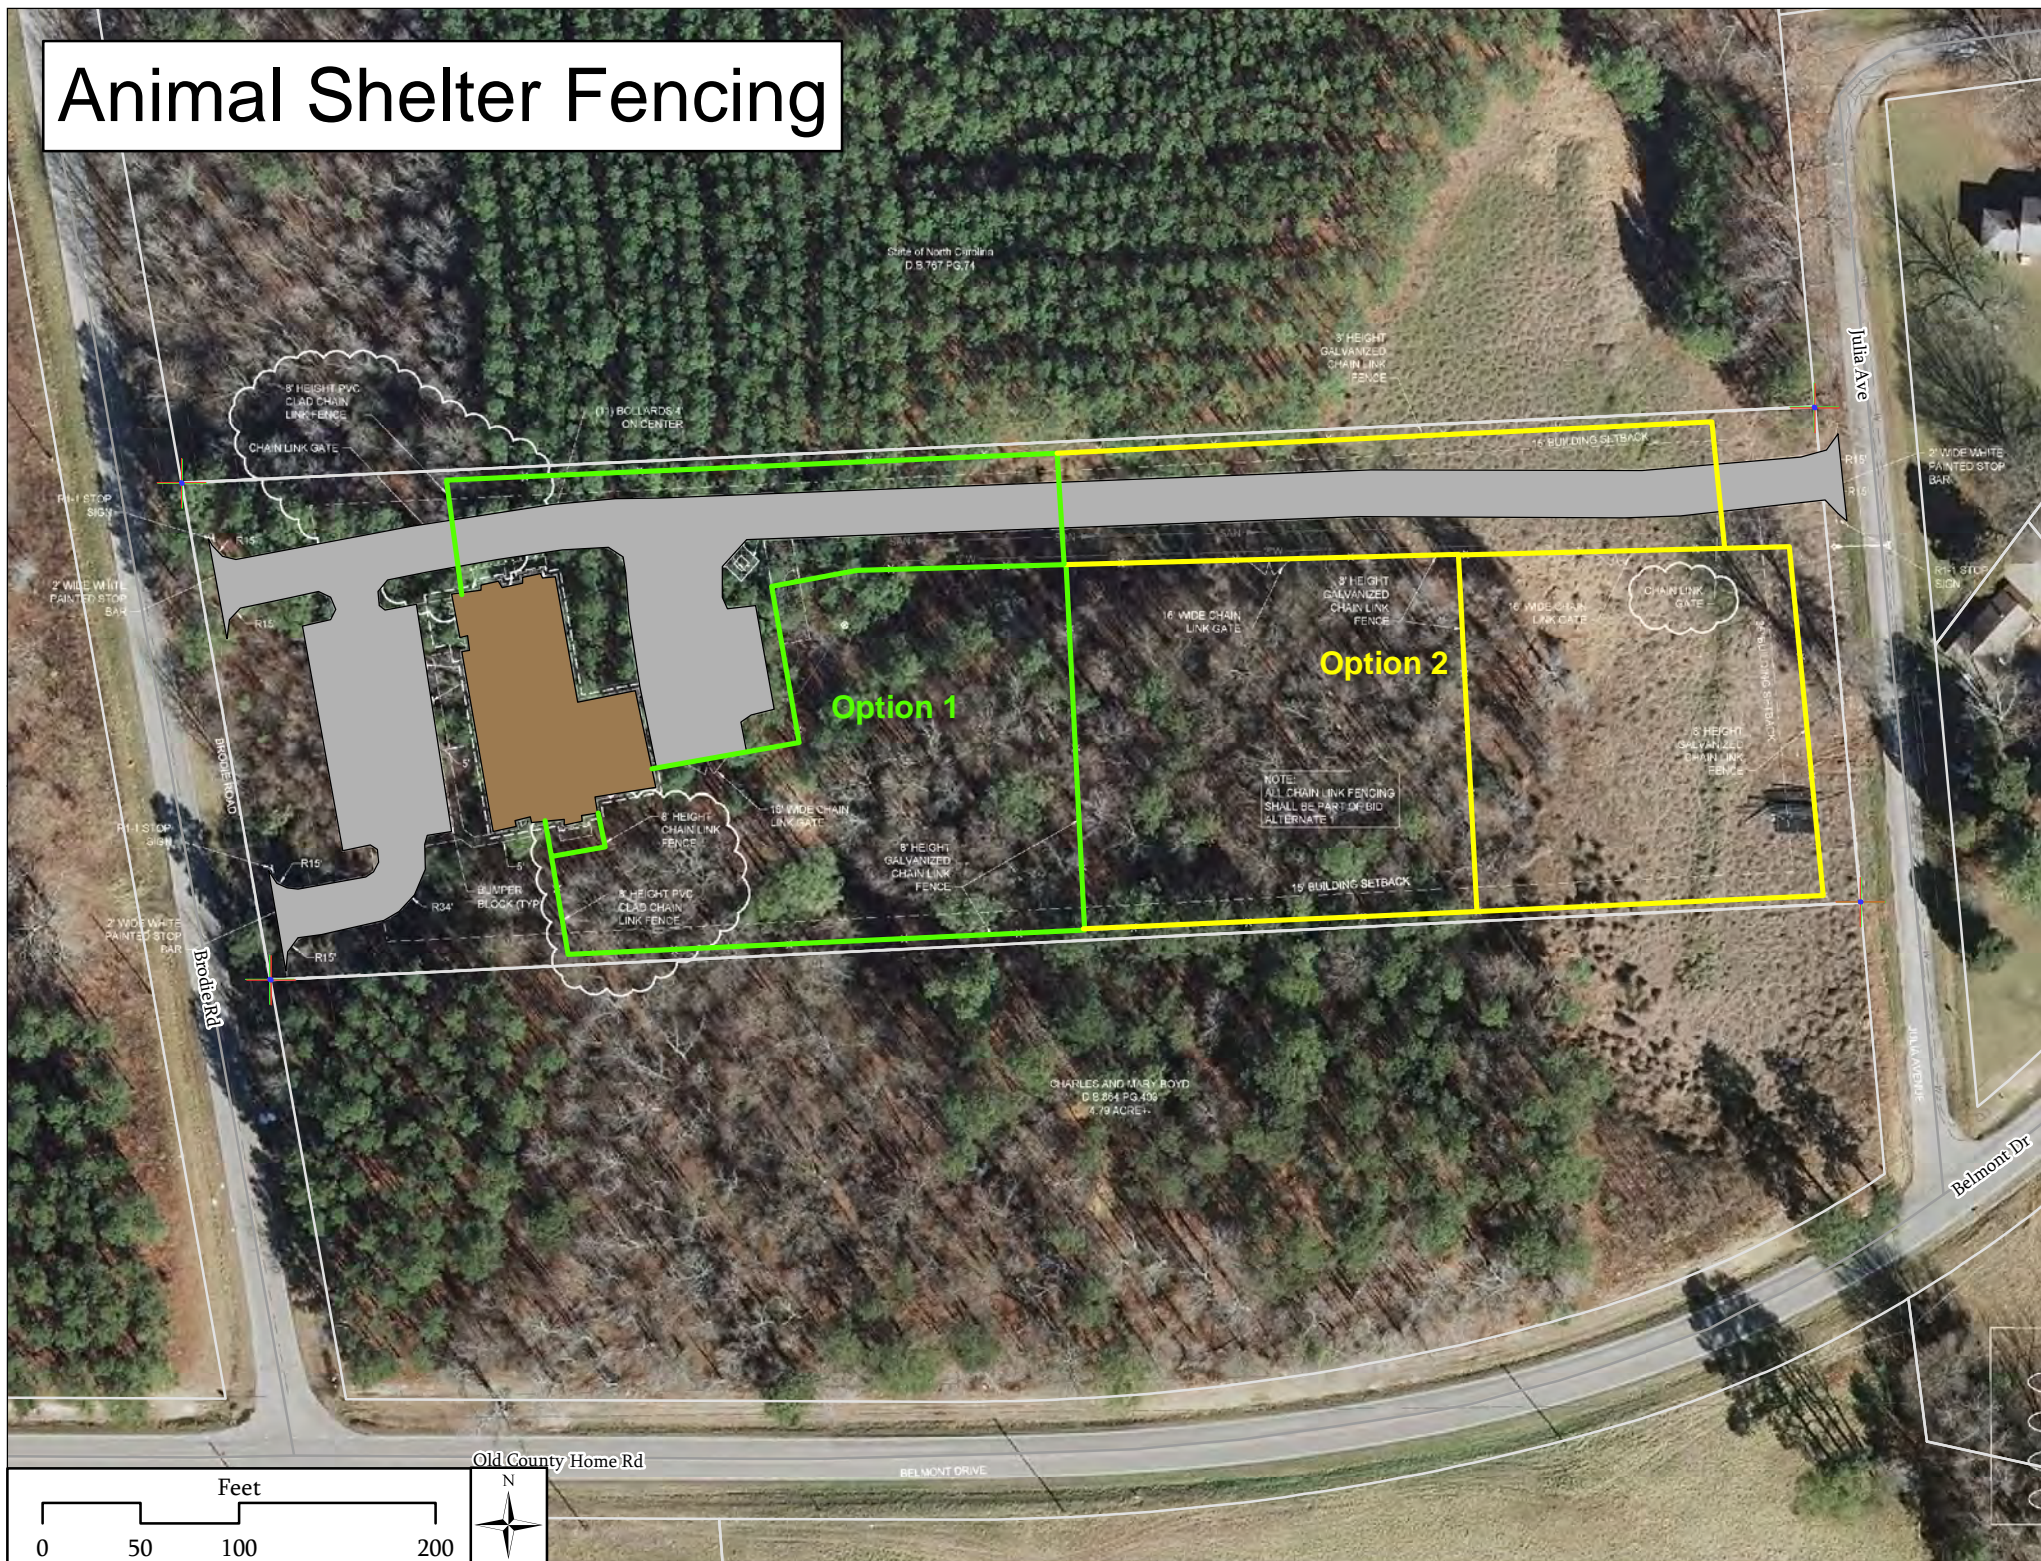

Recommendation: Award contract in the amount of \$34,447 from donation proceeds to Seward Fencing for installation of fencing at the new animal shelter. ***Recommendation:*** Approve Change Order #3 deducting \$4,060 for removal of two driveway gates and adding 16 working days to the contract.

Properties Committee

Henderson Collegiate Lease Extension. The committee (Brummitt [C], Wilder & Kelly) met Monday, June 27th to review a request from Henderson Collegiate to extend their land lease for 906 Health Center Road for an additional 2 school years through June 30, 2018. In the upcoming school year they will have grades K-8 at their new site on Old Epsom Road and will utilize the leased property for 9th and 10th grade. The committee recommended extending the lease and asked staff to ensure that the county will have access for the demolition of Vance Manor, which is located on the same property. ***Recommendation:*** Approve an extension of the Henderson Collegiate lease until June 30, 2018.

Dennis Building Roof Replacement. The committee met with the project engineer (Bob Tomlinson with REI Engineers) to review the project scope, roofing materials and bids for replacement of the roof and restoration of the roof masonry on the Dennis Building. The recommended replacement will be done with a thermoplastic membrane material and will include a 20 year warranty. The low bidder for the roof replacement is BIRS, Inc. at a total cost of \$126,335 and the low bidder for the masonry restoration is Pro-tech Construction at \$39,536. The total cost of \$165,871 will be taken from the capital reserve fund designated for this project. A total of \$157,000 remains in the FY16 capital reserve fund with the balance being taken from the \$200,000 set aside in FY17. The committee acknowledged the critical need for this project and recommended awarding both contracts. ***Recommendation:*** Award the roof restoration and replacement contract for the Henry A. Dennis Building to BIRS, Inc. at a total cost of \$126,335 from the capital reserve fund. ***Recommendation:*** Award the masonry restoration contract for the Henry A. Dennis Building to Pro-Tech Construction at a total cost of \$39,536 from the capital reserve fund.

Dear Vance County Commissioners,

On behalf of Henderson Collegiate, it is my pleasure to request a continuation and an expansion of our current lease for the property at 906 Health Center Road in Henderson.

Since the school's opening in 2010, we have been very fortunate for the support we have received from the County. This assistance has already empowered our students, staff, and families to achieve great success.

Our current student attendance rate is over 95% and our students average over two years of academic growth in reading and math each year. In the 2014-15 school year, Henderson Collegiate earned the highest possible state grade and the highest grade in our county, an A+, putting us in the top 2.8% of all NC public schools. We were also recognized as the first charter school in state history to be honored with representing North Carolina as the National Title I Distinguished School for High Student Progress.

The school has multiplied in size from just one grade level of 100 students with eight staff members, to six grades with 600 students and 56 staff members. In the 2016-17 school year, we have plans to open an elementary school and to add two grade levels to serve a total of 800 students in Kindergarten and grades 4-10.

Henderson Collegiate wishes to continue growing on a trajectory to become a complete K-12 program serving over 1,200 students by the fall of 2019, so that it can provide more students with a life-changing education. In order to do so, the school is pleased to ask for the following continued support from the County:

- An extension of our current lease for the property at 906 Health Center Road for at least two more full school years (through the end of June 2018)

Again, we thank you for your ongoing support of Henderson Collegiate and its students, staff, and families. We are grateful for your assistance and look forward to your response and to our continued partnership in service of the Vance County community.

If you have questions or comments, please contact me at esanchez@hendersoncollegiate.org or 252-598-1038.

BE IT RESOLVED, by the Board of Commissioners (the "Board") of the County of Vance, North Carolina (the "County") as follows:

Section 1. It is hereby found, determined and declared by the Board as follows:

(a) Section 1.150-2 of the Treasury Regulations (the "Regulations") prescribes specific procedures which will be applicable to certain bonds or notes issued by the County including, without limitation, a requirement that the County declare its official intent to reimburse certain expenditures with proceeds of debt to be incurred by the County prior to, or within sixty (60) days of, payment of the expenditures to be reimbursed.

(b) This declaration of official intent is made pursuant to Section 1.150-2 of the Treasury Regulations to expressly declare the official intent of the County to reimburse itself from the proceeds of debt to be hereinafter incurred by the County for certain expenditures paid by the County on or after the date which is sixty (60) days prior to the date hereof.

County Manager's Report to the Board

July 11, 2016

A. Resolution - State Road Additions. Please note the attached correspondence from NCDOT recommending changes in how we process requests for road additions to the state system. Currently, the board of commissioners passes a resolution requesting a review by NCDOT upon request by a developer or homeowners association, and the clerk files all the paper work with NCDOT. This process is followed for each and every request. Mr. Stephen Winstead, District Engineer, has suggested that the county pass a standing resolution that would cover all road addition requests and would allow the developer to submit a road addition request directly to NCDOT. This change would greatly simplify and speed up the process. The county plays no role in the actual review process. Two of our neighboring counties have already passed such resolutions and have had no issues with the new process. *Recommendation: Approve the resolution requesting the NC DOT to process all petitions for additions to the state maintained secondary road system within Vance County.*

B. Economic Development Office Lease Extension. The Vance Economic Development Commission has had a lease agreement with Barnett Properties, LLC, for office space at 1775 Graham Avenue. The sixth lease extension agreement extends the lease for a period of three years, beginning July 1, 2016. The rent will continue at the current rate for the first year of the extension without increase and will then increase by \$50 each year thereafter. *Recommendation: approve the extension of the lease agreement for the Vance EDC with Barnett Properties for office space through June 30, 2019.*

C. Award of Contract - Abandoned Mobile Home Program. The County has been awarded \$12,000 from the State Division of Environmental Assistance for demolition of abandoned mobile homes. Staff has received quotes for demolition of the following six mobile homes owned by the county and meeting the criteria of the grant:

- 202 Hawkins Drive (Tax Parcel 0111 04006)
- Tanner Street (Tax Parcel 0111 04009)
- 2140 Hicksboro Road (Tax Parcel 0401 02005)
- 634 Sombrero Lane (Tax Parcel 0552C02003)
- 394 Tower Lane (Tax Parcel 0531A02001)
- 406 Tower Lane (Tax Parcel 0531A02001)

The low bidder is Faulkner Grading and Landscaping with a total cost of \$14,000, which includes removal of all structures and debris, lot cleanup and grading, and landfill disposal. The grant will cover \$9,550 with a county match of \$4,450 from the Solid Waste Fund. Following the removal of the mobile homes, the county will have six additional homes/structures owned 100% by the county which are prioritized for demolition. *Recommendation: Award a demolition contract to Faulkner Grading and Landscaping totaling \$14,000 for the removal of county owned mobile homes and authorize the use of \$4,450 as matching funds from the Solid Waste Fund.*

Staff will also provide an update on demolition of jointly owned city/county properties.

SUBJECT: Road Addition Petitions

Dear Mr. Murphy:

I hope this letter finds you and Vance County both doing well. We have not officially met so, allow me to introduce myself. My name is Stephen Winstead and I am the District Engineer for the North Carolina Department of Transportation (NCDOT). My district covers Franklin, Vance and Warren Counties within Division 5.

Let me start off by saying it's always been a pleasure to work with all of the staff of Vance County and the Citizens of Vance County. As you are probably already aware, one of the many functions that a District Engineer has is to perform the review of roads petitioned for addition to the State Maintained System. Petitions for road additions come from developers, HOA's (Home Owner Associations), and or property owners. As part of NCDOT's addition process, we require a resolution or SR-2 Form from the County Commissioners requesting NCDOT review and add the petitioned roads to the State Maintained System if they meet the minimum standards & criteria established by the NCDOT. In addition to the resolution/SR-2 Form from the County Commissioners, my office also receives two copies of the recorded plat(s) and a NCDOT SR-1 Form completed by the petitioner(s). In Vance County this package of information (plats and SR-1) currently is sent to the Clerk for the County Commissioner's approval and passage of the resolution/SR-2 then all (plats, SR-1 and resolution/SR-2) are forwarded by the County Commissioners Clerk to my office.

In the last month, a situation arose concerning a previous Vance County Commissioners Meeting in the late 1990's. The County Commissioner's passed a resolution/SR-2 for a road addition; however we have no record of ever receiving that package. I bring this up for a couple of reasons. First, in my career with the State of North Carolina, I have found that Municipalities, County Governments and even us at the NCDOT will have different methods of how they do business. I would like to make a suggestion of placing the responsibility of getting the package to my office to the developer, the HOA, or the petitioner(s) instead of the Clerk for the Commissioners. Secondly, it should be left up to the petitioner to follow up on petition progress since the petitioner wants to relinquish responsibility of the roads to others. This removes a burden from the Clerk as well as potential culpability to the county.

Mr. Murphy
Page 2
May 26, 2016

This method follows the procedures that most other County Governments have in place and it would put the responsibility on the petitioners whom that are seeking the addition. Then they can track the progress.

One last thought that you might like to explore could include passing a standing resolution for road additions. Franklin and Granville Counties have this procedure already. It would simplify the addition process since the Commissioners won't have to review it or pass a resolution/SR-2 for each package. Also, it would shorten the time of review since there would not be a need to wait for the County Commissioner's meetings to take place.

Enclosed are examples of documents mentioned above. I hope these suggestions would be both helpful for Vance County Citizens and the Vance County Commissioners. Again, I look forward to working with you and meeting you in person. If I can be of any other assistance, feel free to contact me at 252-598-5100 or at stevewinstead@ncdot.gov

Objectives	Outcomes
1. Producers will increase sales of food locally to more agriculturally aware consumers through market development, producer and consumer education, and new farmer and infrastructure support.	<ul style="list-style-type: none">● Kerr- Tar Beekeepers met for their June meeting with twelve members present. The educational program was titled Beehive Monitoring. The beekeepers stated that after this meeting their knowledge of how to check for hive problems had increased and could identify bee hive problems before mites or disease can devastate their bee colonies.
2. Agricultural producers, workers, food handlers and consumers will adopt safer food and agricultural production, handling, and distribution practices that reduce workplace and home injuries/illnesses, enhance food security, and increase the quality and safety of food that North Carolinians prepare and consume	<ul style="list-style-type: none">● A Drip Irrigation for Farm & Garden workshop was conducted with seven small farmers attending. The post workshop evaluations from these farmers stated that all seven had increased their knowledge of drip irrigation. Six farmers stated they would adopt drip irrigation methods recommended by Cooperative Extension and would start using drip irrigation on their farms.
3. Individuals and groups will acquire leadership and decision making capacities needed to guide and actively participate in local and state organizations.	<ul style="list-style-type: none">● The Vance County Extension Advisory Leadership Council met to celebrate their success for 2015/2016 and to plan 2016.● 5 youth from Vance County participated the North Central District Activity Day in Yadkin County. All the participants place 1st or 2nd place for their presentations. Jeremiah Brinegar will go on to represent Vance County at the state competition.
4. Youth and adults will address community issues and/or challenges through volunteerism.	<ul style="list-style-type: none">● Over 60 volunteers assisted with the assembling and dismantling of the Speedway to Healthy Exhibit at Southern Vance High School. The Speedway to Healthy is a 1,200-square-foot, walk-through exhibit representing

	<p>the human body. This creative educational exhibit teaches children in kindergarten through fifth (K-5) grades how the foods they eat affect their bodies and their health.</p>
5. North Carolina's plant, animal and food systems will become more profitable and sustainable.	<ul style="list-style-type: none">● Horticulture Agent Paul McKenzie held workshops to review common vegetable pests and explain effective management strategies to help producers become more profitable.
6. Parents and caregivers will effectively use recommended parenting, self care practices and community resources.	<ul style="list-style-type: none">● Parenting educators have completed the PPP positive parenting program training. This training will enable educators to conduct workshops on positive parenting practices, raising resilient children, and raising competent confident children. Educators completed year end paperwork from Incredible Years Series three which graduated seven parents in May.
7. Futures that Work: School to Career Pathways	<ul style="list-style-type: none">● This summer we have 4 interns working with our extension programs. The interns began their internship in June and will continue to be with the agency throughout the summer. 1 student is funded through the Golden Leaf Scholarship Program and the remaining three students are Vance County Summer Interns. We hope that one day the interns may decide to pursue a career with cooperative extension or working in the Agriculture field.
8. Youth and adult program participants will make healthy food choices, achieve the recommended amount of physical activity and reduce risk factors for chronic diseases	<ul style="list-style-type: none">● Approximately 50 youth are participating in the Expanded Food and Nutrition (Kids in the Kitchen) as part of the Henderson-Vance Recreation Day Camp Activities. Campers

	are learning how to make healthy snacks and the importance of eating healthy. Kitchen safety, cleanliness and ways to avoid being exposed to bacteria have been provided as well.
9. Consumers and communities will enhance the value of plants, animals, and landscapes while conserving valuable natural resources and protecting the environment.	<ul style="list-style-type: none">● A produce safety/gap certification workshop was held at the Vance County Regional Farmers Market.
10. Community Outreach	<ul style="list-style-type: none">● The office participated in Vance County's Relay for Life and walked and raise funds with the friends of Kittrell Community Group.

Summary of Mulch Giveaway

July 11, 2016

Mulch Giveaway. The mulch giveaway took place June 15th - 18th with a total of 53 citizens taking advantage of the event resulting in 98 bucket loads (54 tons) removed from the site. The total revenue was \$490 with total expenditures of \$935 for rental of a loader. A very small portion of individuals loaded the mulch by hand with the vast majority taking advantage of the \$5 per bucket load deal. A good portion of mulch still remains on site and the Solid Waste Director is working to determine methods for its use and removal. There is potential for a similar event in the future. The County was able to save over \$15,000 in the grinding contract by saving the mulch on site. *[For Your Information](#)*
