PLANNING STAFF REPORT

Road Naming – Pendergrass Lane– Pin # 0483 01008

STAFF PROJECT CONTACT: Angie Blount

November 14, 2019

EXPLANATION OF THE REQUEST

This is a request to name a private access easement in accordance with Vance County Subdivision Ordinance, Section 313.11.6 (a) which states “A road name shall be assigned to any private road or private access easement which **provides vehicular access to two or more parcels**”, and (e) “New street names shall be approved by the Planning board at the time of plat final approval and addressing will be assigned by Emergency Operations Offices.” A minor subdivision for one lot from Pin # 0483 01008 triggers the ordinance requiring the assignment of a road name.

OWNER/APPLICANT

Applicant: Joann Pendergrass
1036 Dick Smith Rd
Kittrell, NC 27544

IMPACTS

Staff does not anticipate any negative impact to the surrounding properties as a result of the proposed minor subdivision and access easement. The easement will be accessed from state maintained Dick Smith Rd and will serve the new lot.

STAFF COMMENTS

The planning board should consider the following factors in deciding this case:

- A. The proposal will place all property similarly situated in the area in the same category, or in appropriate complementary categories.
- B. There is convincing demonstration that all uses permitted under the proposed zone classification would be in the general public interest and not merely in the interest of an individual or small group.
- C. There is convincing demonstration that all uses permitted under the proposed zone classification would be appropriate in the area included in the proposed change. (When a new zone designation is assigned, any use permitted in the zone is allowable, so long as it meets zone requirements, and not merely uses which applicants state that they intend to make of the property involved.)

- D. There is convincing demonstration that the character of the neighborhood will not be materially or adversely affected by any use permitted in the proposed change.
- E. The proposed change is in accord with the County Land Use Plan and sound planning principles.
