

STATE OF NORTH CAROLINA

COUNTY OF VANCE

The Vance County Board of Commissioners met in regular session on Monday, February 1, 2021 at 6:00 p.m. in the Commissioners' Conference Room, Vance County Administration Building, 122 Young Street, Henderson, NC. Those Commissioners present were as follows: Chairman Dan Brummitt, Vice-Chairman Leo Kelly, Jr., Commissioners Carolyn Faines, Yolanda J. Feimster, Thomas S. Hester, Jr., Archie B. Taylor, Jr., and Gordon Wilder.

Absent: None.

Also present were County Manager Jordan McMillen, Finance Director Katherine Bigelow, County Attorney Jonathan S. Care, and Clerk to the Board Kelly H. Grissom.

Rev. Joseph Ratliff, Shiloh Baptist Church, gave the invocation.

Mr. Christian Lockamy was introduced as the county's new Economic Development Director. Mr. Lockamy thanked the board for this opportunity and stated that he looks forward to working with everyone to create jobs and development throughout the community.

Written public comments were submitted by email as follows:

Greetings Commissioners,

This evening, I am proud to bring to your attention the mission and the efforts of HUBZone Technology Initiative.

Based in Henderson, our mission is simple. We accept donations of old or otherwise unusable laptop computers. Our team then transforms these into Google Chromebooks devices and donates them to worthy organizations in Vance County, as well as the Raleigh-Durham region.

Our computers help a variety of groups and individuals involved in providing access to virtual education, training, workforce needs, senior programs, entrepreneurship, and so much more.

Tonight, we want to introduce ourselves to the county commission and the public at large. We are looking to join partnerships and other efforts designed to help those most in need in our community using innovation, creativity, and good old fashioned hard work.

Also, we want to put the word out that we always need more donated old laptop style computers. Not only will this help us to help organizations in the community, it also can help businesses, individuals, and others easily comply with North Carolina regulations concerning e-waste while reducing pollutants that end up in the environment. Unfortunately, we cannot help at this time with desktop models, television sets, mobile phones, or other possible e-waste.

Should you have any questions or wish to inquire about donations, or other related issues, please email me at ssmoot@hubzonetech.org. If you are interested in partnerships, please reach out to Nikki Crawford at ncrawford@hubzonetech.org.

We want to thank the commissioners for the opportunity to discuss our mission and our work here tonight.

Dr. Anthony Jackson, Vance County Schools Superintendent, appeared before the board and provided information to convert the former Henderson Middle School to a Vance County

Center for Innovation. The facility would provide the opportunity to expand innovative programming to meet the needs of current students while building capacity for future program expansion. The Center for Innovation would include the following: STEM Early High School, Vance Virtual Village Academy, AdVance Academy, Vance Empowerment and Evening Academy, Vance Professional Practice Center, Tech Center and Help Desk, and a Community Auditorium and Gymnasium. The overall purpose of the Center is to expand school options, provide support for teachers, provide opportunities to showcase the fine arts, and provide community engagement.

The board thanked Dr. Jackson for his presentation and for planning to put a mostly unused building back into use for education. Chairman Dan Brummitt stated that he fully supports this project, but expressed his concerns with redirecting capital improvement funds for this project. Dr. Jackson stated that he is not seeking additional funds for this project and does not anticipate needing additional funds. Chairman Brummitt asked for a detailed capital improvements plan for this project for clarification purposes.

Tax Administrator Porcha Brooks Ms. Brooks was next on the agenda and presented the following untimely exemption applications as follows:

Water District Board

Water Committee Report – Waterline Break on Rock Mill Road. County Manager Jordan McMillen stated that the committee (Brummitt, Wilder & Hester [absent]) met on Monday, January 25, 2021 with Envirolink to review protocols from the most recent waterline break that occurred on Rock Mill Road on Sunday, January 17. The committee was informed that Envirolink received conflicting information early on from citizen calls and responded accordingly after receiving reliable location information after 1PM on the 17th. The committee reviewed the response which included having the first technician on site at approximately 3PM with equipment on site by 5:30PM and digging beginning at approximately 7PM. The committee was informed that the normal or ideal response time to have a technician on site is two hours. Due to a local contractor having the necessary parts, Envirolink was able to fix the line overnight into the 18th. Envirolink informed the committee that common waterline parts are kept locally, although this break included uncommon (HDPE) materials. The committee recommended that these parts be purchased and kept on hand for similar issues in the future. Following the waterline fix, the system was flushed for 24 hours, a bacteria test was taken and 24 hours later results came back satisfactory causing the precautionary boil water advisories to be lifted. After reviewing the response the committee discussed the lack of precautionary boil water advisories which should have been provided to customers along NC 39 South and Foster Road/Foster Road Extension. Envirolink provided boil water advisories along Rock Mill Road, and agreed to add a higher layer of review when determining locations where future boil water advisories may be necessary.

Chairman Dan Brummitt stated that he is still receiving calls from customers asking why there is still air in the water line. He requested Envirolink to provide an information sheet to the

board with frequently asked questions so that commissioners can respond to these questions when asked.

Water Committee - Tap Install Update. Mr. McMillen reported that the committee reviewed a map and proposed plan from Envirolink to install the remaining 24 taps by mid-February (weather permitting). The committee requested that Envirolink attend and provide a finalized progress report at the March 1st board meeting. Envirolink also informed the committee of challenges with the proprietary nature of the county's existing SCADA system that controls tank levels remotely. The committee requested that Envirolink provide costs and options for transitioning to a more user friendly system.

Committee Reports and Recommendations

Planning and Environmental Committee – Roadside Litter. County Manager Jordan McMillen reported that the committee (Faines, Kelly & Wilder) met on Monday, January 25, 2021 with local NC DOT Maintenance Engineer Frank Carpenter, Sheriff Curtis Brame and the Vance County Appearance Commission Chair Terri Hedrick to discuss roadside litter. Mr. Carpenter presented data indicating that a total of \$396,597 was spent in FY2020 for local man-hours and equipment associated with roadside and debris cleanup. He informed the committee that the local NC DOT budget for roadside cleanup has been reduced in recent years and is currently over budget for the current year which will negatively impact the frequency of future litter cleanups. The committee agreed this was unacceptable and mentioned the idea of lobbying the state for additional funding. The committee also discussed several other possible ideas as follows:

- To address accumulating debris on gravel portion of Ross Mill Road (City Street) - Potential for City of Henderson to shut down remote, gravel thru portion of Ross Mill Road.
- Effectiveness and possible use of trail cameras.
- Lobbying of state for increased funding to local NC DOT for roadside mowing and cleanup.
- Lobbying of state to allow roadside mowing contractors to pick up trash prior to mowing as is done in larger counties.
- Targeted enforcement along a few roads in the county from the Sheriff's Office.

The committee and sheriff agreed that a first step would entail targeted enforcement along a few predetermined roads with a follow up meeting in the future to discuss progress. The committee also discussed the inadequacy and reducing frequency of roadside mowing that is occurring in the region.

The board discussed this matter and directed the county manager to draft a letter to our state representatives and voice our concerns with the lack of state funding for litter control.

Human Resources Committee – Extension of Emergency Paid Sick Leave. Mr. McMillen stated that the committee (Faines, Taylor & Wilder) met on Tuesday, January 26, 2021 to review a proposal to extend the Emergency Paid Sick Leave policy which was provided by the federal government and expired December 31, 2020. The policy provided up to 80 hours of paid leave for employees that are subject to COVID quarantine when advised by a health care provider. The committee was made aware that a total of 19 employees have requested use of the leave since it expired at the end of the year. Staff reported a total of \$65,000 was spent in calendar year 2020 on emergency paid sick leave. The committee recognized the need for extending the policy in light of the ongoing pandemic and recommended approval of the resolution.

Motion was made by Commissioner Carolyn Faines, seconded by Commissioner Gordon Wilder, vote unanimous, to approve the following resolution amending personnel policies to extend Emergency Paid Sick Leave through April 30, 2021.

R E S O L U T I O N
by the
Vance County Board of Commissioners
Amendment to the Personnel Policies

WHEREAS, on March 18, 2020 the Families First Coronavirus Response Act (FFCRA) which included the Emergency Family and Medical Leave Expansion Act (the “Emergency FMLA Act”) and the Emergency Paid Sick Leave Act (the “Sick Leave Act”) was signed into law to be implemented no later than April 2, 2020; and

WHEREAS, the Vance County Board of Commissioners did previously amend its existing personnel policies and procedures to be in compliance with these new federal requirements as well as extend similar benefits to emergency responders; and

WHEREAS, the previous federal required benefits have expired and this board desires to end the previous benefits to emergency responders as well and to replace it with a new 2021 COVID-19 Leave Policy.

NOW THEREFORE BE IT RESOLVED, that the Vance County Board of Commissioners does hereby end the prior COVID-19 Policy for emergency responders and does approve and replace it with the following leave policy.

VANCE COUNTY 2021 COVID-19 LEAVE POLICY

- A. Employees will be entitled to a maximum of two work weeks of COVID paid sick leave, equal to their normal two-week work schedule, provided the absence is due to one of the following reasons:
1. The employee is subject to a Federal, State, or local quarantine or isolation order related to COVID–19.
 2. The employee has been advised by a health care provider to self-quarantine due to concerns related to COVID–19.
 3. The employee is experiencing symptoms of COVID–19 and seeking a medical diagnosis.

B. For purposes of calculating available COVID paid sick leave:

1. An employee who is normally scheduled to work at least 40 hours each work week will be entitled to 80 hours of COVID paid sick leave for qualifying reasons. An eligible employee who normally works fewer than 40 hours each work week will be entitled to the number of hours of COVID paid sick leave equal to the number of hours that the eligible employee is normally scheduled to work across two work weeks.
2. When an employee does not work a regular schedule, the same eligibility rules from the prior 2020 COVID-19 Emergency Paid Sick Leave Policy will be utilized to determine the number of hours an employee shall receive.
3. All COVID paid sick leave paid to the employee since April 2, 2020 will be credited to the employees maximum two work weeks of COVID paid sick leave.

This COVID paid sick leave benefit will expire on April 30, 2021 or whenever the Nationally Declared State of Emergency for COVID-19 ceases, whichever is earlier.

Employees who violate these policies or any other personnel policy may be subject to disciplinary action. It is critical that employees keep their Departmental Director or the Director’s designee apprised of their work status related to COVID-19 virus at all times. Employees must report to their Departmental Director as soon as possible any exposure or potential exposure that they have to the COVID-19 virus.

This, the 1st day of February, 2021.

Human Resources Committee – Position Reclassifications for Animal Services. Mr. McMillen stated that the committee reviewed a reclassification study for the animal services department that would adjust salary grades (hiring rates, midpoints, and maximums) to be in line with the average of surrounding counties. The intent of the study was to start with a small department that has experienced recent turnover due to salary ranges being significantly different from surrounding counties and to develop a template that can be repeated as necessary. The committee recognized that mini studies would allow the county to remain competitive with surrounding counties, assist with lowering turnover, and lower the cost impact of future salary studies. The total cost impact for the recommended reclassifications in Animal Services is \$6,756. The committee recognized this as a good start and discussed the impact of surrounding counties recently implementing salary studies. The committee recommended proceeding forward with the reclassifications as presented. Recommendation: Approve reclassification of Animal Services

Manager position from Grade 68 to Grade 72, the Lead Animal Services Officer position from Grade 64 to Grade 68, and the Animal Shelter Attendant position from Grade 56 to Grade 58.

The project name is CID Revitalization 2021 “A Successful Prosecution Begins at the Scene”. The county has applied for this grant for \$24,087.43. Ms. Bigelow stated that to be competitive she thought it would be beneficial to have matching funds of \$2,000.00. Recommendation: Approve Budget Amendment #21, with the condition of grant approval.

Henderson-Vance Industrial Park Property – Offer to Purchase. Attorney Care stated that an offer has been received on a 2 acre tract of land at the Industrial Park on Bearpond Road – Parcel 0453 05005A. The offer is from Gatham Properties, LLC in the amount of \$275,000. The company is aware that similar restrictive covenants that are placed on other industrial park properties will be placed on this tract prior to closing. Also, they are required to begin construction within one year and plans would require board approval before construction is allowed to begin. Attorney Care recommended that this offer be advertised for upset bids as is done for other county owned properties.

Chairman Dan Brummitt expressed his concern that the property has not been commercially marketed and would like to refer this matter to the properties committee to further review the offer and restrictive covenants.

Motion was made by Commissioner Thomas S. Hester, Jr. to authorize an upset bid process for Parcel 0453 05005A. This motion was seconded by Commissioner Archie B. Taylor, Jr.

The board discussed this matter at length and agreed to a 20-day upset bid process and directed staff to advertise commercially by a broader means outside the usual local paper.

Vote on the motion to authorize the upset bid process for Parcel 0453 05005A was ayes – six (6); noes – one (1), with the dissenting vote being cast by Chairman Dan Brummitt.

Chairman Brummitt referred this matter to the properties committee for a detailed review of the offer, existing industrial park covenants, etc.

County Manager’s Report

Resolution – Black History Month. County Manager Jordan McMillen stated that February has been observed nationally as Black History Month. Vance County has traditionally encouraged its citizens to participate in related events that create a greater awareness and appreciation of contributions made by African-Americans. Recommendation: Adopt the resolution in support of the designation of February as Black History Month in Vance County.

Motion was made by Commissioner Gordon Wilder, seconded by Commissioner Thomas S. Hester, Jr., vote unanimous, to adopt the following resolution in support of the designation of February as Black History Month in Vance County.

RESOLUTION
by the
Vance County Board of Commissioners
in designation of
February 2021 as Black History Month in Vance County

WHEREAS, for 86 years in the United States, at least some part of the month of February has been observed in recognition of black history and the many accomplishments and contributions made to society by African-Americans; and

WHEREAS, the second week of February was selected by Carter Woodson, a noted Washington, D.C. author, editor, historian, and publisher, to defend black humanity and highlight the accomplishments of his ancestors; and

WHEREAS, in 1976 the entire month of February was included in the bicentennial celebration of the United States, and every single American President has since designated February as National Black History Month; and

WHEREAS, since 2006, the Vance County Board of Commissioners has annually established February as a special month to recognize and celebrate the essential roles of African-Americans throughout Vance County; and

WHEREAS, the Board of County Commissioners sincerely desires for all citizens to thoroughly understand and appreciate value added to the local economy and overall community by African-Americans of all socio-economic levels.

NOW THEREFORE BE IT RESOLVED, that the Vance County Board of Commissioners does officially designate February 2021 as Black History Month in Vance County, and in doing so, does recognize the accomplishments and countless significant contributions made to society by individuals of African heritage.

BE IT FURTHER RESOLVED, that the Vance County Board of Commissioners does encourage businesses, churches, civic organizations, schools, and citizens of all races and color to actively participate in the observance and celebration of Black History Month in Vance County during the month of February 2021.

This, the 1st day of February, 2021.

Planning Retreat. Mr. McMillen noted that the annual planning retreat has been finalized and will occur on Wednesday, February 10 from 8:30AM to 1PM and will be held in the Board of Commissioners' meeting room. The agenda includes a presentation of results from the recent employee survey, a financial and budget review, review of capital improvement projects, and goal prioritization for the coming fiscal year.

Semi-Annual Jail Inspection Report. Mr. McMillen reported that the State conducted its periodic jail inspection on January 5, 2021 and submitted its report to the county. The report indicated one issue with two surveillance cameras which has already been addressed. This is a significant improvement upon previous jail inspection reports and is a testament to the Sheriff, Jail leadership and commissioners for providing recent funds for maintenance improvements. The jail staff has completed the plan of correction which was provided to the board for information.

Motion was made by Commissioner Thomas S. Hester, Jr. to receive the semi-annual jail inspection report as information. This motion was seconded by Commissioner Carolyn Faines and unanimously approved.

911 Console Radio Replacement. Mr. McMillen stated that the commissioners approved moving forward with the replacement of the radio consoles at the primary and backup 911 centers during the November 2nd meeting (Zetron Max Dispatch Console System). The total approved cost was \$419,754 and it was anticipated that 100% of the cost was to be covered with State ETS 911 funds. Upon further review, the NC 911 Board has only agreed to pay \$409,684.60 with state dollars leaving a balance of \$10,069.40 in local dollars to complete the project. The console radio replacement is essential as our existing radio consoles are in urgent need of replacement and due to our existing vendor going out of business. Staff proposes taking this cost from lapsed salaries in the 911 budget. According to our 911 Director the county will lose state funds if we do not complete the project before the end of this fiscal year. Recommendation: Approve Budget Transfer #5 allocating \$10,069.40 in local dollars to complete the replacement of 911 console radios at the primary and backup 911 centers.

Motion was made by Commissioner Gordon Wilder, seconded by Commissioner Carolyn Faines, vote unanimous, to approve Budget Transfer #5 as follows:

**Budget Transfer #5
FY 2020-2021
Emergency Management**

Transfer From:	Account Number	Amount
Regular Salaries	10-621-500001	10,069.40
Total		\$ 10,069.40

Transfer To:	Account Number	Amount
Capital Outlay	10-621-500074	10,069.40
Total		\$ 10,069.40

Purpose: To cover Zetron radio order that was originally to be covered 100% by ETS Funds. The 911 board has now decided that a portion of the replacement must be covered with local dollars.

Authorization: Vance County Board of Commissioners
February 1, 2021

911 Furniture Replacement. Mr. McMillen noted that the FY20-21 budget includes replacement of furniture consoles at the primary 911 center utilizing zero county dollars. The existing furniture is 10 years old and the NC 911 Board allows replacement every seven years and will cover 100% of the cost. The cost of replacement is \$98,486.50 based upon state contract pricing and includes delivery, removal of existing console furniture and installation costs. According to our 911 Director the county will lose state funds if we do not complete the project before the end of this fiscal year.

Motion was made by Commissioner Gordon Wilder, seconded by Commissioner Carolyn Faines, vote unanimous, to approve the purchase and replacement of furniture at primary 911 center totaling \$98,486.50 to be paid for 100% with 911 state ETS funds.

24/72 Schedule for EMS. Mr. McMillen explained that the EMS Department currently operates on a kelly schedule which is a fire based schedule (work 24 hours, off 24 hours, work 24 hours, off 24 hours, work 24 hours followed by four days off) and is a holdover from when Fire and EMS were a combined department. The EMS Department currently has 28 positions (three shifts of nine people plus the director) and continues to be challenged with filling open positions resulting in overworked and burned out staff. A 24/72 schedule (work 24 hours followed by 72

hours off) is designed for EMS agencies, provides more rest, and should allow open positions to be filled better as long as our salaries remain above our surrounding counties. Of our surrounding counties, Granville and Franklin operate on a 24/72 schedule while Warren County does not. The public safety committee has previously endorsed the 24/72 schedule for EMS; although due to budgetary constraints that would have caused a tax increase, the county was unable to implement it with the FY20-21 budget. Staff estimates the 24/72 schedule would cost an additional \$485,000 annually and up to \$180,000 for the remainder of the current fiscal year if put in place prior to July 1st. Once approved, it would take a few weeks or months to transition fully to the new schedule as an entire shift of nine positions would need to be recruited. The manager recommends beginning the transition to a 24/72 schedule early to allow for its full implementation by July 1st. This recommendation is being made with the knowledge that the upcoming budget for FY21-22 will be challenged to take on this significant cost without having a tax impact. Recommendation: Authorize staff to transition EMS to a 24/72 schedule prior to July 1, 2021 to include the addition of one Division Chief, one Field Training Officer and seven Paramedic/EMT positions and approve Budget Amendment #22 adding up to \$180,000 from fund balance to the FY2021 EMS budget.

Motion was made by Commissioner Gordon Wilder to authorize staff to transition EMS to a 24/72 schedule prior to July 1, 2021 to include the addition of one Division Chief, one Field Training Officer and seven Paramedic/EMT positions and approve Budget Amendment #22 adding up to \$180,000 from fund balance to the FY2021 EMS budget. This motion was seconded by Commissioner Carolyn Faines.

Commissioner Wilder expressed his concerns with only one ambulance running this past Saturday and hopes this new schedule will help alleviate this type of situation in the future.

Chairman Brummitt requested a daily report from EMS that shows how many county ambulances are in service each day – one report for the day shift and one report for the night shift. He asked that this be included in the Consent Agenda each month.

Vote on the motion to authorize staff to transition EMS to a 24/72 schedule prior to July 1, 2021 to include the addition of one Division Chief, one Field Training Officer and seven Paramedic/EMT positions and approve Budget Amendment #22 adding up to \$180,000 from fund balance to the FY2021 EMS budget was unanimous.
