

AGENDA
VANCE COUNTY BOARD OF COMMISSIONERS
January 8, 2024

Invocation **Rev. Joseph Ratliff, Shiloh Baptist Church**

1. **Public Comments** (for those registered to speak by 5:45 p.m. - speakers are limited to five minutes)

2. **Appointment** **6:00 p.m.** **Frankie Nobles, Employee Engagement Team**
Employee of the Month Recognition

3. **Public Hearing** **FY 2024-25 Budget**

4. **Public Hearing** **Zoning Ordinance Text Amendment**

5. **Water District Board**
 - a. **Staff Report**
 - Resolution Accepting ARP Funding for AIA
 - b. **Monthly Operations Report**

6. **Committee Reports and Recommendations**
 - b. **Properties Committee**
 - Land Donation
 - LED Billboards
 - a. **Public Safety Committee**
 - Vehicle Use Policy
 - Inmate Co-pay
 - Fire PPE Capital Request
 - Fire Prevention Code Enforcement Ordinance

7. **County Attorney's Report**
 - a. **Resolution – County Manager Hiring Authority**

8. **Consent Agenda Items**
 - a. **Tax Refunds and Releases**
 - b. **Monthly Reports**
 - c. **Minutes**

9. **Miscellaneous**
 - a. **Appointments**
 - b. **Voting Delegate and Alternate – Legislative Goals Conference**

10. **Closed Session**
 - a. **Personnel Matter**

AGENDA APPOINTMENT FORM
January 8, 2024

Name: Frankie Nobles, Chair

Name of Organization: Vance County Employee Engagement Team

Purpose of Appearance: Recognition of Employee of the Month

AGENDA APPOINTMENT FORM

January 8, 2024

Public Hearing: FY 2024-25 Pre-Budget Hearing

Public Notice

The Vance County Board of Commissioners will conduct a FY 2024-25 Pre-Budget Public Hearing at 6:00 p.m., or shortly thereafter, on January 8, 2024 in the Commissioners' Meeting Room at 122 Young Street, Henderson, NC. The board of commissioners will soon begin work on developing next year's county budget and is interested in receiving suggestions and priorities from residents to help them in the development of the budget. This is one of two public hearings that will be held on the budget. The county manager will submit a recommended budget in May and a second public hearing will be held on the proposed budget on June 3, 2024. The board will adopt the FY 2024-25 Budget no later than July 1, 2024.

This notice was published on December 26, 2023.

AGENDA APPOINTMENT FORM

January 8, 2024

Public Hearing: Proposed Zoning Ordinance Amendment

Request of Board: Approve Statement of Consistency and Reasonableness

Public Notice

In accordance with Section 11.2 (D) (1) of the County Zoning Ordinance and NCGS 160D Article 6 inclusive, the Vance County Board of Commissioners has scheduled a public hearing for Monday, January 8, 2024, at 6:00 p.m., or shortly thereafter, in the Commissioners' Meeting Room, 122 Young Street, Henderson, NC.

The purpose of the hearing is for the Commissioners to receive the Planning Board recommendation, staff and public comments, and take formal action on ZONING ORDINANCE AMENDMENTS: Staff has initiated Zoning Ordinance Text Amendments to the *Table of Permitted Uses*; *Section 6 – Special Use Permits*; and *Section 12 – Definitions* to update allowable land uses within the Light Industrial (LI) and Office Institutional (OI) general use zoning districts.

Amendments include adding asphalt and concrete processing plants as Special Uses (i.e., approved only through the issuance of a Special Use Permit by the Board of Adjustment), allowing for the development of research and development facilities and data centers as permitted uses, and the listing of several land uses to indicate they are prohibited from development in Vance County including Petroleum Refineries.

At its November 9, 2023 regular meeting, the Planning Board voted unanimously to recommend approval of the proposed text amendments.

The public is invited to attend and offer comment consistent with the County's applicable rules of procedure. Questions can be directed to Vance County Planning Department at (252) 738-2091. For more information visit the Vance County website at:

<https://www.vancecounty.org/departments/planning-and-development/planning-board/>.

Individuals with a disability who wish to attend/participate are asked to contact the Office of the Clerk to the Board at (252) 738-2003 no later than 12:00 noon on January 5, 2023 so that adequate plans for accommodation can be arranged.

This notice was published on December 26, 2023.

Staff Report – January 8, 2024: Zoning Ordinance Text Amendments concerning the Light Industrial (LI) and Office Institutional (OI) general use zoning districts

Vance County Board of County Commissioners

Case: Staff Generated Text Amendments to:

- Industrial Uses – Table of Permitted Land Uses
- Section 6 – Special Uses
- Section 12 - Definitions

Prepared by:
Michael D. Harvey –
Interim Planning Director

**Date of Legislative
Hearing:** January 8,
2024

PURPOSE: To hold a duly advertised LEGISLATIVE HEARING to receive the Planning Board recommendation, accept staff and public comments, deliberate and take action on Zoning Ordinance text amendments to:

1. Table of Permitted Land Uses – Industrial Uses category;
2. Section 6 – Special Uses; and
3. Section 12 – Definitions

modifying allowable land uses within the Light Industrial (LI) and Office Institutional (OI) general use zoning districts.

BACKGROUND: In September of 2023, the Interim County Manager Mr. Scott Elliot tasked Staff to begin a comprehensive evaluation of existing development regulations (i.e., zoning, subdivision, manufactured housing, floodplain development, watershed planning) and the adopted 1996 Comprehensive Land Use Plan.

During this review, staff was asked to make an assessment of existing Industrial land uses and devise recommendation(s) on expanding and updating what the County may permit either through staff review (i.e., approval of a Zoning Compliance Permit) or through the issuance of a Special Use Permit (i.e. by the Board of Adjustment after an Evidentiary Hearing).

The intent of the assessment was to expand the current list of allowable Industrial land uses, focusing primarily on permitted uses within the Light Industrial (LI) and Office Institutional (OI) general use zoning districts, making Vance County more competitive with respect to economic development recruitment activities and expanding the local industrial tax base.

After conferring with the Interim County Manager, and completing an assessment of existing land uses, staff recommended the following amendment(s):

1. Allow for the development of asphalt and concrete processing plants through the review and approval of a Special Use Permit within the LI general use zoning district.

STAFF COMMENT: The rationale is, like most jurisdictions, the county will need to have ready access to construction materials for roadway development. Staff recommends the imposition of development constraints (i.e., setbacks, landscaping, road access standards, etc.) to off-set potential negative impacts of the proposed use. The uses will also have to be reviewed and approved through the Special Use Permit (i.e., evidentiary hearing) process.

2. Allow for the development of pharmaceutical and other forms of chemical manufacturing operations within both the LI and OI general use zoning districts.

STAFF COMMENT: The amendment packet distinguishes between pharmaceutical and chemical manufacturing activities within each district and establishes appropriate regulations to address potential impacts for each land use.

3. Allow for the development of data centers (i.e. computer centers) within the county as permitted uses of property under staff review (i.e., site plan review and approval).
4. Allow for research and development operations, both with and without manufacturing activities, to develop in the county.
5. At the recommendation of the Planning Board, the amendment combines the Inert Debris Landfill activities into a single land use category.

STAFF COMMENT: Current regulations distinguish between operations based on their size (i.e. less than 2 acres in area versus greater than 2 acres in area). All other development standards are virtually the same. There is no need to have them listed as separate categories.

6. List specific land uses in order to ensure they cannot be developed within Vance County.

LAND USE PLAN: The proposed amendment(s) are supported by several goals and policies of the adopted Vance County Land Use Plan, including:

1. GOAL 1: *To encourage development at a rate and in a pattern which can be efficiently and effectively served by existing and planned services and facilities.*
2. GOAL 2 Objective 2: *To encourage sustainable economic growth and development.*
 - a. *Study the feasibility of constructing additional industrial parks as needed.*
 - b. *Prepare Capital Improvements Plan needed to improve all county services, with emphasis on education.*
 - c. *Enhance entrance corridors by improving the visual image for potential corporate and residential clients.*
 - d. *Enhance tourism transportation routes.*
 - e. *Plan and complete the construction of the Vance County Triangle North Site.*
3. GOAL 4: *To promote, expand, and diversify the economic base in Vance County to maximize the use of human resources while protecting important natural features and community values.*
4. GOAL 4 Objective 1: *Encourage industrial and commercial development to increase the tax base and job supply in development communities or areas.*

PLANNING BOARD RECOMMENDATION: The Planning Board reviewed this item at its October and November 2023 regular meetings. After making several recommendations, the Board voted unanimously to recommend approval indicating that:

- A. The request was reasonable and in the public interest as it expanded local economic development opportunities while imposing permit requirements to address secondary impacts of anticipated land use development activities; and
- B. The amendments were consistent with the adopted Land Use Plan.

Copies on the October and November, 2023 Planning Board minutes are contained in Attachment 2 for review.

ADMINISTRATION RECOMMENDATION: The Administration recommends the Board of County Commissioners:

- A. Open the LEGISLATIVE HEARING to order to receive the staff report, public comments, and the Planning Board recommendation;
- B. Ask questions as appropriate;
- C. Close the LEGISLATIVE HEARING;
- D. Act on the request to either:
 - i. Find the request IS or IS NOT consistent with the ADOPTED 1996 LAND USE PLAN and IS OR IS NOT REASONABLE AND IN THE PUBLIC INTEREST;
 - ii. Approve or Deny the recommend Zoning Ordinance Text Amendment.

ATTACHMENTS:

- 1. Attachment 1 – Ordinance Amendment Package
- 2. Attachment 2 – Minutes from the October and November 2023 Planning Board meetings
- 3. Attachment 3 – Certification of Advertising of the Legislative Hearing

¹ Staff recommended addition of the land use to address the need to support ready access to materials for roadway development and repair.

² There is an expanding need for chemical manufactured across the State. Staff created a distinction between chemical manufacturing operations associated with pharmaceutical operations, which has less secondary impacts, and other chemical operations that can have greater secondary impacts.

³ Consistent with the Planning Board recommendation, this land use will abide by the same standards as an Asphalt Plant. Staff has no concerns over the proposal.

⁴ A data center is a land use involving a building or group of buildings containing networked computer servers for the remote storage, processing, or distribution of large amounts of data

⁵ There do not appear to be specific standards in Section 6 addressing this specific land use.

⁷ Staff added language ‘spelling out’ where applicable standards were in the Ordinance.

⁸ Use added for the express purpose of ensuring it was listed as being prohibited.

⁹ Ibid.

¹⁰ Amendment designed to expand Vance County’s marketability for light industrial and manufacturing operations.

SECTION 6 - SPECIAL USE PERMITS

6.1 OBJECTIVES AND PURPOSE

It is recognized that there are some land uses, which are basically in keeping with the intent, and purpose of the various zones created by this Ordinance, yet these uses may have a significant impact on those zones. These impacts are best determined following careful review of the specific proposal. In order to add flexibility to this Ordinance, certain uses are allowed by means of controls exercised through the Special Use Permit process.

6.2 PROCEDURES

Special Use Permits shall be granted by the Board of Adjustment as permitted by G.S. 160D-406 for all Special Uses enumerated in the Table of Permitted Uses. Special Uses may only be established by Board of Adjustment approval. The owner or owners of all the property included in the petition for a Special Use Permit shall submit required application information to the Planning and Development Department at least three (3) weeks prior to the Board of Adjustment meeting at which it is to be heard. Such application shall include all of the requirements pertaining to it in this Ordinance. Applications shall include a Site Plan as outlined in Section 2.2C of this Ordinance and be accompanied by a fee set according to the Planning and Development Department Fee Schedule. The Board of Adjustment shall review all requests for Special Use Permits within thirty (30) days from submittal.

6.3 BOARD OF ADJUSTMENT ACTION

The Planning and Development Director or his/her designee shall submit all applications for Special Use Permits to the Board of Adjustment. The Board of Adjustment shall set and advertise a date and time for a quasi-judicial hearing on the Special Use permit application. The applicant shall provide to the Planning and Development Department a list of the names and addresses of all adjacent property owners. A notice of the hearing shall be mailed by the Planning and Development Director or his/her designee, to each person on this list and the applicant and the owner of the subject property (if not the applicant) at least ten (10) days but not more than 25 days prior to the hearing. The person mailing such notice shall certify that such notices have been mailed. Additionally notice of the hearing must be posted on the affected property at least ten (10) days but not more than 25 days prior to the hearing. At the hearing all interested persons shall be permitted to testify in sworn testimony. A person who is interested in the matter but who does not have a personal stake in the outcome (such as a likely effect on his or her property value) may attend and observe the hearing, but they have no legal right to offer evidence, ask questions, or otherwise directly participate in the matter. The Board of Adjustment shall consider the application and comments at the hearing and may grant or deny the Special Use Permit. If the Special Use Permit is granted, the Board of Adjustment shall use as a guide, the specific conditions outlined in this Article for each use proposed. In addition, the Board of Adjustment shall find:

- A. That the use will not materially endanger the public health or safety if located according to the plan submitted and approved.
- B. That the use meets all required conditions and specifications.
- C. That the use will not substantially injure the value of adjoining or abutting property, or that the use is a public necessity.
- D. That the location and character of the use, if developed according to the plan as submitted and approved, will be in harmony with the area in which it is to be located and in general conformity with the Vance County Land Use Plan. In granting the Special Use Permit the Board of Adjustment may designate only those conditions, in addition to those stated herein, which, in its opinion, assure that the use in its proposed location will be harmonious with the area and with the spirit of this Ordinance and clearly in keeping with the public welfare. All such additional conditions shall be entered in the minutes of the meeting, at which the Special Use Permit is granted, on the Special Use Permit itself, and on the approved plans submitted therewith. All

2. The maximum number of machines/terminals/computers for any electronic gaming operations business is twenty (20).
 3. Minimum paved parking spaces:
 - a. One (1) space per every two (2) terminals or one (1) space per every one hundred (100) square feet of total floor area, whichever is greater;
 - b. One (1) handicapped space per every twenty five (25) or fewer spaces;
 - c. One (1) in every eight (8) accessible spaces, but not less than one, shall be served by an access aisle ninety six (96) inches wide minimum and shall be designated “van accessible”;
 - d. One (1) additional space per each (1) employee.
 4. If food or beverage is served, the establishment must meet the requirements of the Vance County Health Department, including any and all necessary permits and/or licenses.
 5. The establishment must be a minimum of three hundred (300) feet from any building being used as a dwelling.
 6. The establishment must be a minimum of two thousand (2,000) feet from any other organization engaged in an electronic gaming operations business or any adult or sexually oriented business.
 7. The establishment must be a minimum of two thousand (2,000) feet from any established religious institution/synagogue, school, daycare center/home; library, public park, recreation area or motion picture establishment where “G” or “PG” rated movies are shown to the general public on a regular basis.
 8. A straight-line drawing shall be prepared by a registered land surveyor depicting the property lines and the structures containing any existing electronic gaming businesses within two thousand (2,000) feet of the property; the property lines of any established religious institution/synagogue, school, daycare center/home; library, public park, recreation area or motion picture establishment where “G” or “PG” rated movies are shown to the general public on a regular basis that is within two thousand (2,000) feet of the property. For purposes of this Section, a use shall be considered existing or established if it is in existence at the time an application is submitted.
 9. Measurement of distance separation shall be in a straight line from the closest point of the buildings at which the internet café/sweepstakes business is located.
- F. Industrial Uses in Non-Industrial Zones
1. Dimensional Requirements: The zone dimensional requirements shall apply.
 2. Screening and Buffering: Outdoor storage must meet the requirements of Section 4.15. Screening and buffering must be provided in accordance with Section 4.16.
- G. Landfill (Demolition, Sanitary, Land Clearing Inert Debris) *(Amended 10/7/2019)*
1. Distance Requirements (Only applies to Demolition or Sanitary Landfills): The landfill or any structure must be a minimum of one thousand (1,000) feet from any residential structure on surrounding properties. An owner occupied residence on the property of the tract is allowed. All buildings, including accessory garages or storage buildings, shall be set back a minimum of one hundred (100) feet from all property lines and street rights-of-way.
 2. Screening, Buffering, and Fencing: Outdoor storage must meet the requirements of Section 4.15. Screening and buffering must be provided in accordance with Section 4.16.
 - a. Any gates allowing for access must meet the same height requirement and must be kept closed and locked after dark and at any time when not open for business.

- b. Screening is required which completely screens from view the stored items. Such screening shall be a durable wall or fence at least eight (8) feet high *in addition* to a minimum fifteen (15) foot wide vegetated strip around the entire perimeter of any outdoor storage area. This vegetated strip shall consist of a naturally wooded area or planted with a mixture of evergreen and deciduous trees and shrubs to simulate a naturally wooded area.

3. Licensing and Operating Requirements *(Amended 10/7/2019)*

- a. LCID (Land Clearing Inert Debris) ~~Landfills minor, uses~~ under two acres, require a copy of the Facility Plan approved by NCDEQ to be filed with the county planning department. ~~Landfills major, LCID (Land Clearing Inert Debris) uses~~ greater than two acres, require a copy of the licensing issued by the North Carolina Division of Waste Management to be filed with the county planning department.
- b. LCID (Land Clearing Inert Debris) landfill facilities may not operate prior to 7:00 a.m. or after 7:00 p.m. unless allowed by the county manager in responding to excess debris resulting from a natural disaster.

H. Mining and Quarrying or other Extraction Operations

1. Additional Site Plan Requirements:

- a. The names and addresses of property owner(s) or developers(s) and the designer or Registered Surveyor or Professional Engineer, if the plans are drawn other than by the property owner, operator or developer.
- b. Date, scale and approximate North arrow.
- c. Boundaries of the tract, parcel, plot or lot shown with bearing and distances.
- d. Buffers, ingress and egress, surrounding land usage and any other specific information pertinent to the parcel, plot or lot
- e. A vicinity map showing the location of the parcel, plot or lot.
- f. The names for each adjoining property owner, shown on the parcel, plot or lot they own.
- g. Land contours with vertical intervals of not less than ten (10) feet. U.S.G.S. 7.5 Minute Topographical Quadrangle Maps are acceptable.
- h. When an expansion is being requested, the size and location of any existing area that is being operated as a mine or mining operation.
- i. A letter or other certification of approval must be submitted from the North Carolina Department of Transportation, as to the safety and design of the access or entrance on to a State maintained street or road from the mine. In place of this requirement, the applicant may submit a completed application as required by the State of North Carolina for a Mining Permit.

- 2. Access: Access to a mine or mining operation must be from a road or street that is a State maintained road or a private road with a right-of-way width of not less than thirty (30) feet and a cleared or drivable area of not less than twenty (20) feet. Any ingress or

- d. A statement indicating the owner’s intent to allow shared use of the tower and how many other users can be accommodated.
7. *Co-Location.* To further encourage co-location, additional users and associated equipment that do not add to the tower’s height may be added without additional approval. However, additional building code regulations may apply. Site plans must show the locations for at least two equipment buildings, even if the tower is proposed for a single user.
8. *Collocation of small wireless facilities.*
 - A. Small wireless facilities that meet the height requirements of G.S. 160D-936(b)(2) shall only be subject to administrative review and approval under subsection (d) of this section if they are collocated outside of city rights-of-way on property other than single-family residential property.
 - B. In no instance in an area zoned single-family residential where the existing utilities are installed underground may a utility pole, public utility pole, or wireless support structure exceed 40 feet above ground level, unless the Board of Adjustment grants a waiver or variance approving a taller utility pole, public utility pole, or wireless support structure.
9. *Removal of Towers.* Towers that are not used for a period of six (6) months or more shall be removed by the owner within one hundred eighty (180) days after receiving notice from the County to remove the tower. To assure the removal of towers that do not meet requirements for use or maintenance, this section serves as notice that the County may remove said tower and may file a lien collectable as taxes against the property.
10. *Additional Requirements for Special Use Permits for Telecommunication Towers and Equipment:*
 - a. When considering a Special Use Permit request, the Board of Adjustment shall be required to make a determination of the electromagnetic field (EMF) effects of the tower on the health of the public.
 - b. All property owners within a 1,500 foot radius and/or adjoining the property where the tower is proposed shall be notified, in writing, of the hearings at which the application will be considered.
 - c. Special Use Permits for all towers shall expire unless documentation, including but not limited to an FCC license, is submitted each January to the Board of Adjustment indicating that the tower is being utilized.
 - d. The tower shall meet all other applicable supplementary requirements.

P. ASPHALT PLANTS AND CONCRETE PROCESSING PLANTS.

1. Access: Access to the use shall be from a State maintained roadway.
2. Screening and Buffering: An area of land, not less than 50 feet in width, shall be provided along all boundaries of the affected land apart from permitted ingress and egress to public roadways. This buffer area may be left in a natural vegetative state if sufficient visual buffering is provided otherwise the buffer, where practicable, must be planted with trees, shrubs or plants that create a visual screen.

Trees, plants, and ground covers to be planted must be native to the area and trees shall not be less than 10 feet in height when mature. Alternatively, an earthen berm (or berms) may be placed within the buffer for visual screening. Any berm must have a vegetative groundcover and side slopes sufficient to minimize erosion. If the berm(s) is (are) less than ten feet in height, trees not less than six (6) feet in height at the crown shall be planted on the berm(s) to supplement visual screening.
3. The boundary of the property shall be at least 1,000 feet from any residential use or zoning

district.

4. The use shall be totally enclosed by a security fence or wall at least 8 feet high.
 - a. For Asphalt Plants, this requirement may be waived if the use is completely enclosed within a fireproof building.
5. All plans shall be reviewed by Fire and Emergency staff prior to approval to determine that existing services provide adequate protection for citizens.
6. Applicant shall be required to demonstrate the facility has secured or can secure prior to the commencement of earth disturbing activities to commence construction, all require permits from the State of North Carolina to operate including, but not limited to, an Air Quality Permit.

Q. CHEMICAL MANUFACTURING AND PROCESSING.

1. Pharmaceuticals and Medicine:
 - a. All plans shall be reviewed by Fire and Emergency staff prior to approval to determine that existing services provide adequate protection for citizens.
 - b. The use shall be totally enclosed by a security fence or wall at least 8 feet high.
2. Other:
 - a. Access: Access shall be from a State maintained roadway.
 - b. The boundary of the property shall be at least 1,000 feet from any residential use or zoning district.
 - c. Screening and Buffering: An area of land, not less than 50 feet in width, shall be provided along all boundaries of the affected land apart from permitted ingress and egress to public roadways. This buffer area may be left in a natural vegetative state if sufficient visual buffering is provided otherwise the buffer, where practicable, must be planted with trees, shrubs or plants that create a visual screen.
 - d. All plans shall be reviewed by Fire and Emergency staff prior to approval to determine that existing services provide adequate protection for citizens.
 - e. The use shall be totally enclosed by a security fence or wall at least 8 feet high.

SECTION 12 - DEFINITIONS AND WORD INTERPRETATIONS

In the construction of this Ordinance, the word interpretations and definitions contained in this section shall be observed and applied, except when the context clearly indicates otherwise. In further amplification and for clarity of interpretation of the context, the following definitions of word usage shall apply:

- A. Words used in the present tense shall include the future; and words used in the singular number shall include the plural number, and the plural the singular.
- B. The word “shall” is mandatory and not discretionary.
- C. The word “may” is permissive.
- D. The word “person” includes a firm, association, organization, partnership, corporation, trust and company as well as an individual.
- E. The word “lot” shall include the words “piece”, “parcel”, “tract”, and “plot”.
- F. The word “building” includes all structures of every kind, except fences and walls, regardless of similarity to buildings.
- G. The phrase “used for” shall include the phrases “arranged for”, “designed for”, “intended for”, and “occupied for”.
- H. The word “map” or “zoning map” shall mean the official Zoning Map(s) of Vance County, North Carolina.
- I. The term “Board of Adjustment” shall mean the Zoning Board of Adjustment of Vance County, North Carolina.

Abutting: Having property or zone lines in common; i.e., two lots are abutting if they have property lines in common. Lots are also considered to be abutting if directly opposite each other and separated by a street, alley, railroad right-of-way, or stream.

Active Solar System: A solar energy system that transforms solar energy into another form of energy or transfers heat from a collector to another medium using mechanical, electrical, or chemical means.

Abandonment: That the use, structure, building, or sign is not used occupied or otherwise operating for the intended non-conforming activity for the period specified in Section 5 of this Ordinance. Periods of active re-modeling during which the use is closed for repairs should not be considered in determining abandonment, provided the remodeling is completed within a reasonable time period as indicated on the zoning permit issued for re-modeling the nonconforming use. Abandonment of signs shall mean having electricity disconnected for lighted signs, no message, or the failure to repair damaged signs.

Access: A way of approaching or entering a property. Access also includes ingress, the right to enter, and egress, and the right to leave.

Accessory Building, Structure, or Use: A building, structure, or use, not including signs, which is:

- A. Conducted or located on the same zoning lot as the principal building, structure, or use, except as may be specifically provided elsewhere in the Ordinance;
- B. Clearly incidental to, subordinate in area and purpose to, and serves the principal use; and,
- C. Either in the same ownership as the principal uses or is clearly operated and maintained solely for the comfort, convenience, necessity, or benefit of the occupants, employees, customers, or visitors of or to the principal use.

Adult Entertainment Establishment: Includes clubs and eating and drinking establishments with nude or seminude entertainment or dancing; physical culture establishments, such as but not limited to massage parlors, etc.; and establishments that include adult bookstores, adult motion picture theaters, adult motels and hotels, and similar establishments depicting/emphasizing sexual activities and/or nudity.

Advertising Signs (Billboards or Outdoor Advertising Signs): A sign which publicizes and directs attention to a business, profession, commodity, activity, product, service or entertainment not conducted, sold or offered upon the premises where such sign is located.

Affected land (relating to mining): The surface area of land that is mined, the surface area of land associated with a mining activity so that soil is exposed to accelerated erosion, the surface area of land on which overburden and waste is deposited, and the surface area of land used for processing or treatment plant, stockpiles, nonpublic roads, and selling ponds.

Agriculture: The practice of cultivating the soil, producing crops, and raising livestock; such as but not limited to dairying, pasturage, viticulture, horticulture, hydroponics, floriculture, aquaculture, truck farming, orchards, forestry, and animal and poultry husbandry. However, the operation of any accessory uses shall be secondary to that of the normal agricultural activities. See definition of Bona Fide Farm for complete listing of activities included within the definition of Agriculture.

Agriculture Support and Services (Agri-business): Any support or service (agri-business) store or any such use where the primary activity is supplying farm hardware, seed, fertilizer, and/or that provides tractor or other agricultural equipment sales/service.

Agri-tourism: A type of tourism, as a commercial practice, in which farmers provide their farms as a venue for tours of the farming operations and/or making the operation available to overnight guests. This type of commercial venture allows visitors and guests the opportunity to experience “what it's like to live on a farm, to see how food is produced and gain an appreciation for natural ecosystems.” This practice also provides farmers with additional operating income to assist in preserving their respective farms operations as well as preserving such farmlands and their native ecosystems.

Airport: A use that includes facilities for the flying of aircraft and their maintenance for the private use of an individual and those used by ultra-light aircraft. This definition includes flight schools.

Alley: A public or private right-of-way primarily designed to serve as secondary access to the side or rear of those properties whose principal frontage is on a street and is not intended for general traffic.

Alter: To make any structural changes in the supporting or load-bearing members of a building, such as bearing walls, columns, beams, girders, or floor joists.

Animated Sign: Any sign which flashes, revolves, rotates or swings by mechanical means, or which uses a change of lighting to depict action, or to create a special effect or scene.

Antenna: Any exterior transmitting or receiving device that radiates or captures electromagnetic waves (excluding radar signals).

Apartment: A room or suite of rooms intended for use as a residence by a single household or family. Such a dwelling unit may be located in an apartment house, duplex, or as an accessory use in a single family home or a commercial building.

Apartment House: A building containing three (3) or more dwelling units, except where permitted as an accessory use.

Apartment Hotel: A hotel in which at least ninety (90) percent of the hotel accommodations are occupied by permanent guests.

Asphalt Plant: Involves the manufacture of asphalt by heating and drying aggregate and/or bitumen and other additives for application in roadway or pathway surfacing, patching, development of roofing materials, and other similar applications. Use includes any combination of dryers, systems for screening, handling, storing, and weighing dried aggregate, systems for loading, transferring, and storing mineral filler, systems for mixing, transferring, and storing asphalt, and emission control systems within the stationary source.¹¹

Assembly: A joining together of completely fabricated parts creating a finished product.

Automobile Service Station (Gas Station): Any building or land used for the dispensing, sale, or offering

¹¹ Staff is adding a definition of the term Asphalt Plant to the Zoning Ordinance as part of this amendment package.

Cemetery, Commercial: All graves and crypts shall be set back at least thirty (30) feet from all exterior property lines, and provided that no burial lots are sold on a commercial basis.

Cemetery, Family: All graves and crypts shall be set back at least thirty (30) feet from all exterior property lines, and provided that no burial lots are sold on a commercial basis.

Certificate of Occupancy. An official certification that a premise conforms to provisions of the State Building Code and may be used or occupied. Such a certificate is granted for new construction or for alterations or additions to existing structures or a change in use. Unless such a certificate is issued, a structure cannot be occupied, but a certificate may be issued for a portion of a structure ready for occupancy, such as separate dwelling or commercial units in a structure with multiple units.

Chemical Manufacturing and Processing – Pharmaceutical and Medicine. A land use involved with the transformation of organic and inorganic raw materials by various processes for the formulation of pharmaceutical and medical products for eventual distribution and sale off-site.

Chemical Manufacturing and Processing – Other than Pharmaceutical and Medicine. A land use involved with the transformation of organic and inorganic raw materials by various processes for the formulation of non-pharmaceutical and non-medical products including the creation of base chemicals, dyes, gasses, resins, etc.¹²

Club or Lodge (Private, Nonprofit, Civic, or Fraternal). A nonprofit association of persons, who are bona fide members paying dues, which owns, hires, or leases a building, or portion thereof, the use of such premises being restricted to members and their guests. A Board of Directors, executive committee, or similar body chosen by the members conducts the affairs and management of such “private club or lodge”. It shall be permissible to serve food and meals on such premises, providing adequate dining room space and kitchen facilities are available. The sale of alcoholic beverages to members and their guests shall be allowed, provided it is secondary and incidental to the promotion of some other common objective of the organization, and further provided that such sale of alcoholic beverages is in compliance with the applicable federal, state, and local laws.

Cluster Development. A development process that keeps land in agriculture or open space, and protects natural resources, by requiring buildings to be concentrated on a specified, proportional area of a total acreage. For this definition (and as relates to Planned Unit Development - PUD) for zero (0) side and/or rear yard setbacks (townhouse and/or condominium development), a zero (0) side and/or rear yard setback is within the development only and does not refer to the setbacks that abut adjoining properties (relates to the sides of dwelling units that face open spaces).

Commercial Message: Any sign wording, logo, or other representation that directly or indirectly, names, advertises, or calls attention to a business, product, service, or other commercial activity. This definition does not include company nameplates or logos on instructional signs.

Common Open Space. A parcel or parcels of land, or an area of water, or a combination of both land and water, within the site designated for development and designed and intended for the use and enjoyment of residents of the development or for the general public, not including streets or off-street parking areas. Common Open Space shall be substantially free of structures, but may contain such improvements as are in the plan as finally approved and are appropriate for the benefit of residents of the development.

Concrete Processing, Preparation, and Distribution. A land use primarily engaged in the following:

- (a) Manufacturing Portland, natural, masonry, pozzolanic, and other hydraulic cements;
- (b) Batch or mixing plants;
- (c) Manufacturing of concrete pipe, brick, and block; or
- (d) Manufacturing other concrete products.

¹² Again, staff is adding new definitions for these new land uses to Article 12 of the Ordinance.

Condominium. A dwelling unit in which the ownership of the occupancy rights to the dwelling unit is individually owned or for sale to an individual, and such ownership is not inclusive of any land.

Construction Sign: A sign on a construction site during the period of construction on which is printed or written the name of the owner, developer, contractor, architect, planner, engineer, or development title.

Contractor. One who accomplishes work or provides facilities under contract to another. The major portion of a contractor's work normally occurs outside and away from his business location. As used in this Ordinance, the term "contractor" does not include general assembly, fabrication, or manufacture at his business location.

Controlled-Access Highway. A roadway which, in accordance with State and Federal guidelines, is designed to give preference to through traffic by providing access connections at interchanges or selected public roads only, with no direct access from private roads or driveways and with no crossing at grade, including any interstate, State, or U.S. Route.

Convalescent Home (Nursing Home). An institution, which is advertised, announced, or maintained for the express or implied purpose of providing nursing or convalescent care for persons unrelated to the licensee. A convalescent home is a home for chronic or nursing patients who, on admission, are not as a rule acutely ill and who do not usually require special facilities such as an operating room, X-ray facilities, laboratory facilities, and obstetrical facilities. A convalescent home provides care for persons who have remedial ailments or other ailments for which continuing medical and skilled nursing care is indicated; who, however, are not sick enough to require general hospital care. Nursing care is their primary need, but they will require continuing medical supervision. A major factor that distinguishes convalescent homes is that the residents will require the individualization of medical care.

Convenience Store. A commercial building where a variety of items are sold, which may include food, magazines, automobile accessories and maintenance supplies, and other such items. In addition to the commercial building, other services on the premises may include gasoline sales, and a coin operated (automated) car wash.

Convenience Center. A county owned, operated and maintained or privately owned, but county operated and maintained site for the collection of residential waste and recycling. *(Amended 3/11/2019)*

Conversion. Changing the original purpose of the building to the different use.

Covenant. A private legal restriction on the use of land, which is contained in the deed to the property or otherwise formally recorded. There may be certain legal requirements for formal establishment of a covenant such as a written document, a mutual interest in the property, that the covenant be concerned with the use of the land rather than individual characteristics of ownership, etc.

Data Center. [A building or group of buildings containing networked computer servers for the remote storage, processing, or distribution of large amounts of data.](#)

Day Care Facility (Adults and Children). A place other than an occupied dwelling, which provides for the care of children or adults. Those receiving care are not all related to each other by blood or marriage and are not legal wards or foster children of the attendant adults, and for which care a payment, fee, or grant is made. All State registration requirements and inspections shall be met. If children are the primary clients of the day care home the following shall apply: Any child care arrangement where three (3) or more children under thirteen (13) years of age receive care away from their own home by persons other than relatives, guardians, or full-time custodians, or in the child's own home where other unrelated children are in care. Child day care does not include seasonal recreational programs operated for less than four (4) consecutive months. Child day care also does not include arrangements that provide only drop-in or short-term child care for parents participating in activities that are not employment related and where the parents are on the premises or otherwise easily accessible.

Day Care Home (Adults and Children). A dwelling in which a permanent occupant of the dwelling provides for the care of children or adults. Those receiving care are not all related to the occupant or to each other by blood or marriage and are not the legal wards or foster children of the attendant adults. Those receiving care and are not dependents of the occupant, do not reside on the site. For the purpose of

be initiated by an interested person/party who is:

- A. The owner of the property that is the subject of the application;
- B. The owner’s authorized agents; or
- C. Any review or decision-making body (inclusive of the Board of Commissioners, Board of Adjustments, and Planning Board) as specified in this Ordinance.

When an authorized agent files an application under this section on behalf of a property owner, the agent shall provide the County with written documentation that the owner of the property has authorized the filing of the application. When review or a decision-making body initiates action under this Ordinance, it does so without prejudice toward the outcome.

Junk Yard. Any area, in whole or in part, where waste or scrap materials are bought, sold, exchanged, stored, baled, packed, disassembled, or handled, including but not limited to scrap iron and other metals, paper, rags, vehicles, rubber tires, and bottles. A “junk yard” includes an auto-wrecking yard, but does not include uses established entirely within enclosed buildings. A “junk yard” for vehicles is defined as four or more junk, inoperable or unlicensed vehicles stored on the property. See definition of commercial garage for exception.

Kennel: Any facility used for the purpose of boarding animals, not including horses, cattle, swine, sheep, goats, geese or peafowl. Kennels may conduct other such incidental activities, such as the sale of animals, treatment of the animals, grooming or cleaning, and the sale of pet supplies. This definition shall include any establishment wherein any person engages in business or practice, for fee, of boarding, breeding, grooming, letting for hire, or training of more than three domesticated animals at any one time; or an establishment wherein any person engages in the business or practice, for a fee, of selling more than one litter of domesticated animals at any one time or the selling of any three individual domesticated animals (not defined as litter herein) at any one time. Domesticated animals, for the purpose of this ordinance, shall be defined as dogs, cats, and other generally accepted household pets. Litter, for the purpose of this Ordinance, shall be defined as the offspring resulting from the breeding of two domesticated animals. The following shall not constitute the operation of a kennel as defined above and in no way shall this provision regulate the following (for personal use):

- (a) The ownership of domesticated animals as household pets;
- (b) The ownership of domesticated animals for hunting or tracking purposes;
- (c) The ownership of domesticated animals for the purpose of exhibiting at shows, obedience or field trials; and
- (d) The ownership of domesticated animals for the purpose of protection or guarding of residences or commercial establishments.

Landfill, Demolition. A landfill facility for stumps, limbs, leaves, concrete, brick, wood, uncontaminated earth and other solid wastes resulting from construction, demolition or land clearing.

Landfill, Land Clearing Inert Debris, (LCID), ~~major.~~ A landfill facility, ~~greater than two acres,~~ for the land disposal of land clearing waste, concrete, brick, concrete block, uncontaminated soil, gravel and rock, untreated and unpainted wood, and yard trash, as defined ~~in 15A NCAC 13B.0101~~ under State regulations. *(Amended 10/7/2019)*

Landfill, Land Clearing Inert Debris, (LCID), ~~minor.~~ A landfill facility, ~~less than two acres, for the land disposal of land clearing waste, concrete, brick, concrete block, uncontaminated soil, gravel and rock, untreated and unpainted wood, and yard trash as defined in 15A NCAC 13B.0101.~~ *(Amended 10/7/2019)*

Landfill, Sanitary. A facility where waste material and refuse is placed in the ground in layers and covered with earth or some other suitable material each work day. Sanitary landfills shall also conform to requirements of 15A NCAC 13B regarding solid waste management.

Landscaped Area. A portion of the site or property containing vegetation to exist after construction is completed. Landscaped areas can include, but are not limited to, natural areas, buffers, lawns, and plantings.

more than forty-eight (48) consecutive hours shall be considered outdoor storage. Outdoor storage does not refer to licensed vehicles in use by the person occupying the property, or other minor/incidental storage, such as items specifically designed for outdoor use including; lawn furniture, outdoor grill, swing set, lawn care equipment, which would not have a negative impact on the health, safety and general welfare of adjacent property owners and land uses.

Paperboard Containers and Box Manufacturing, Assembly, and Processing. A land use engaged in converting previously manufactured paperboard into containers. Does not include the actual manufacturing of the paperboard product. Please refer to Pulp, Paper, and Paperboard Mills as defined herein.

Parking Lot or Area: An area or plot of land used for, or designated for, the parking or storage of vehicles, either as a principal use or as an accessory use.

Parking Space: A storage space of not less than one hundred sixty (160) square feet for one automobile, plus the necessary access space.

Parking Space, Off-Street. A parking space located outside of a dedicated street right-of-way.

Person: An individual, firm, partnership, corporation, company, association, joint stock association or government entity; includes a trustee, a receiver, an assignee, or a similar representative of any of them.

Petroleum and Coal Product Processing, Preparation, and Distribution. A land use engaged in the transformation of crude petroleum and coal into usable products, including the separation of crude petroleum into component products through such techniques as cracking and distillation. Allowable activities include manufacturing of asphalt for paving or roofing, manufacturing of asphalt shingles and coating. This activity does not include the manufacturing of Petroleum and Lubricating Oil and Grease Manufacturing or Petroleum Refinery operations as defined herein.

Petroleum and Lubricating Oil and Grease Manufacturing. A land use engaged in the blending or compounding of refined petroleum to make lubricating oils and greases and/or re-refining used petroleum lubricating oils.

Petroleum Product Storage and Distribution. The storage of finished/refined petroleum products for sale and distribution including retail and wholesale activities.

Petroleum Refinery. A land use engaged in refining crude petroleum into refined petroleum products involving one or more of the following activities: (1) fractionation; (2) straight distillation of crude oil; and (3) cracking.

Photovoltaic System: An active solar energy system that converts solar energy directly into electricity.

Planned Unit Development (PUD). A form of development usually characterized by a unified site design for a number of housing units, clustering buildings, providing common open space, density increases, and mix of building types/land uses. It permits the planning of a project and the calculation of densities over the entire development, rather than on an individual lot-by-lot basis. For this definition (and as relates to Cluster Development) for zero (0) side and/or rear yard setbacks (townhouse and/or condominium development), a zero (0) side and/or rear yard setback is within the development only and does not refer to the setbacks that abut adjoining properties (relates to the sides of dwelling units that face open spaces).

Political Sign. A sign advertising a candidate or issue to be voted upon on a specific election day, which is attached to the ground by a stake or stakes, but which excludes any other sign defined as a portable sign. See TEMPORARY SIGN definition below, this type of sign shall not be placed more than 30 days prior to the event/election and must be removed within 10 days following the event/election.

Portable Sign: A sign not permanently attached to any surface.

Pre-Existing Tower. Any tower erected or for which a permit has been issued prior to the effective date of this ordinance.

Property. All real property, or a lot or a number of adjacent lots on which is situated a land use, a building, or group of buildings designed as a unit or on which a building or a group of buildings are to be constructed which is subject to the land-use regulations of the county.

Private Road or Street: Any road or street which is not publicly owned and maintained and is used for access by the occupants of the development, their guests, and the general public.

Professional or Occupational Sign or Name Plate: A sign that publicizes and directs attention to a home occupation, rural family occupation, or to a profession.

Projecting Sign: Any sign that is end mounted or otherwise attached to an exterior wall of a building that forms an angle with said wall.

Pulp, Paper, and Paperboard Mills. Land uses engaged in the manufacturing of pulp, paper, or paperboard from raw materials.

Real Estate Sign: A sign that advertises the sale, rent, or lease of property.

Recreational Vehicle: A vehicle which is: (a) built on a single chassis; (b) 400 square feet or less when measured at the largest horizontal projection; (c) designed to be self-propelled or permanently towable by a truck; and, (d) designed primarily not for use as a permanent dwelling, but as temporary living quarters for recreational, camping, travel, or seasonal use. Recreational vehicles and camping trailers shall not be used as temporary living quarters for more than ninety (90) days in any twelve (12) month period except if these are placed in an approved RV/Camper park or in the event of an emergency or disaster when a governmental grant/program provides a temporary recreational vehicle while the damaged/destroyed home is being replaced. Recreational vehicles must be ready, willing, and able to move off-site within 48 hours.

Research Facility With Manufacturing. An enclosed structure which accommodates research and research applications as well as related light industrial uses. Facilities may include laboratories, offices, other facilities for research and development, and production facilities.

Research Facility Without Manufacturing. An enclosed structure which accommodates research and research applications. Facilities may include laboratories, offices, and other facilities for research and development, as well as prototype production facilities for product creation. Prototype production shall be limited in scale to that necessary to fully analyze the merits of the product.

Right-of-Way. An area owned and maintained by a municipality, the State of North Carolina, a public utility, a railroad, or a private entity for the placement of such utilities and/or facilities for the passage of vehicles/pedestrians, including roads, pedestrian walkways, utilities, or railroads.

Satellite Dish Antenna (Earth Station): A dish antenna, or earth station, is defined as an accessory structure and shall mean a combination of:

- ☐ Antenna or dish antenna whose purpose is to receive communication or other signals from orbiting satellites and other extraterrestrial sources;
- ☐ A low-noise amplifier which is situated at the focal point of the receiving component and whose purpose is to magnify and transfer signals; and
- ☐ A coaxial cable whose purpose is to carry the signals into the interior of the building.

Self-Service Gasoline Pump. A gasoline or diesel fuel dispensing pump, which is, operated by the customer who pays the charge to an attendant or cashier.

Self-Supporting Tower. See definition of Freestanding Tower.

Setback. The required minimum distance between every structure and the lot lines of the lot on which it is located (measured from the road right of way in the front and property lines on the remaining portions of the property).

Shopping Center: A commercial area with one or more buildings or lots and designed as a unit to house two (2) or more businesses offering products and/or services to the public.

TO: Vance County Planning Board
FROM: Michael D. Harvey, Planner
DATE: November 1, 2023

Board Members Present: Thomas Shaw - Chair, Ruxton Bobbitt - vice-chair, Mitch Wyatt, Phyllis Stainback, Ruth Jones, Benny Finch, Logan Darensburg, and Philip Lakernick.

Board Members Absent: Robin Liggon

County Staff: Michael Harvey

Others: None.

Chair Thomas Shaw called the meeting of the Vance County Board of Adjustment to order shortly after 5:30 p.m. p.m.

Chair Shaw indicated the only item on the agenda for the Planning Board review was a review of a proposed text amendment to the Table of Permitted Uses to update the allowable uses within the Industrial land use category. Chair Shaw asked the County Planner to present his report.

Mr. Michael Harvey indicated the Interim County Manager asked staff to begin a comprehensive evaluation of existing development regulations, including zoning, subdivision, manufactured housing, floodplain development, watershed planning, as well as the adopted Comprehensive Land Use Plan.

During this review, staff was asked to make an assessment of existing Industrial land uses and devise recommendation(s) on expanding and updating what the County may permit either through staff review (i.e., approval of a Zoning Compliance Permit) or through the issuance of a Special Use Permit (i.e. by the Board of Adjustment after an Evidentiary Hearing).

Mr. Harvey said he completed this task and is making cursory recommendations to expand the current list of allowable Industrial land uses, focusing primarily on permitted uses within the Light Industrial (LI) and Office Institutional (OI) general use zoning districts with the goal of making Vance County more competitive with respect to economic development recruitment and expanding the local industrial tax base.

Mr. Harvey reviewed the proposed amendment package contained within Attachment 1, including all of staff's footnotes, which included the following:

1. Allowing for the development of asphalt plants through the review and approval of a Special Use Permit within the LI general use zoning district. The rationale is that, like most jurisdictions, the county will need to have ready access to construction materials for roadway development. Staff has recommended the imposition of development constraints (i.e., setbacks, landscaping, etc.) to off-set potential negative impacts of the proposed use. As a

- 43 reminder, the land use would only be allowed to locate on property zoned LI and only after a
44 Special Use Permit had been issued in accordance with the provisions of the Ordinance;
- 45 2. Allow for the development of pharmaceutical and other forms of chemical manufacturing
46 operations within both the LI and OI general use zoning districts as noted. Mr. Harvey said
47 the proposed amendment distinguishes between pharmaceutical and chemical manufacturing
48 activities within each district to try and create distinctions on where the activity will be
49 permitted;
 - 50 3. Permit concrete processing operations within the LI general use zoning district;
 - 51 4. Allow for the development of data centers (i.e. computer centers) within Vance County as
52 permitted uses of property under staff review;
 - 53 5. Allow for research and development operations, both with and without manufacturing
54 activities, to develop in the county;
 - 55 6. List specific land uses in order to ensure they cannot be developed.

56
57 Mr. Harvey said he was not looking for any decision this evening but was looking for the Board to take
58 the information, review the materials, and be prepared to make a formal recommendation at the
59 November 9, 2023 regular meeting.

60
61 There was general discussion on the proposed land uses and on staff's recommendations.

62
63 With no further items on the agenda, the meeting was adjourned.

TO: Vance County Planning Board
FROM: Michael D. Harvey, Planner
DATE: December 5, 2023

Board Members Present: Thomas Shaw - Chair, Ruxton Bobbitt - vice-chair, Mitch Wyatt, Phyllis Stainback, and Ruth Jones.

Board Members Absent: Robin Liggon, Benny Finch, Logan Darensburg, and Philip Lakernick.

County Staff: Michael Harvey

Others: None.

Chair Thomas Shaw called the meeting of the Vance County Board of Adjustment to order shortly after 4 p.m.

Chair Shaw indicated the only item on the agenda for the Planning Board review was to complete review and make a recommendation on a proposed text amendment to the Table of Permitted Uses to update the allowable uses within the Industrial land use category. This amendment package also involves correcting several existing clerical errors in the current ordinance, creating new development standards for land uses, and creating new definitions within the current zoning ordinance. Chair Shaw asked the County Planner to present his report.

Mr. Michael Harvey reminded the Board the former Interim County Manager asked staff to begin a comprehensive evaluation of existing development regulations, including zoning, subdivision, manufactured housing, floodplain development, watershed planning, as well as the adopted Comprehensive Land Use Plan.

During this review, staff was asked to make an assessment of existing Industrial land uses and devise recommendation(s) on expanding and updating what the County may permit either through staff review (i.e., approval of a Zoning Compliance Permit) or through the issuance of a Special Use Permit (i.e. by the Board of Adjustment after an Evidentiary Hearing).

Mr. Harvey said he completed this task and is making cursory recommendations to expand the current list of allowable Industrial land uses, focusing primarily on permitted uses within the Light Industrial (LI) and Office Institutional (OI) general use zoning districts with the goal of making Vance County more competitive with respect to economic development recruitment and expanding the local industrial tax base. Mr. Harvey reminded the Board the originally reviewed this item at their October 2023 regular meeting and were asked to consider the changes, being ready to make a formal recommendation this evening.

44 Mr. Harvey summarized the amendment package contained within Attachment 1 as follows:

- 45 1. Allowing for the development of asphalt plants through the review and approval of a Special
46 Use Permit within the LI general use zoning district. The rationale is that, like most
47 jurisdictions, the county will need to have ready access to construction materials for roadway
48 development. Staff has recommended the imposition of development constraints (i.e.,
49 setbacks, landscaping, etc.) to off-set potential negative impacts of the proposed use. As a
50 reminder, the land use would only be allowed to locate on property zoned LI and only after a
51 Special Use Permit had been issued in accordance with the provisions of the Ordinance;
- 52 2. Allow for the development of pharmaceutical and other forms of chemical manufacturing
53 operations within both the LI and OI general use zoning districts as noted. Mr. Harvey said
54 the proposed amendment distinguishes between pharmaceutical and chemical manufacturing
55 activities within each district to try and create distinctions on where the activity will be
56 permitted;
- 57 3. Permit concrete processing operations within the LI general use zoning district;
- 58 4. Allow for the development of data centers (i.e. computer centers) within Vance County as
59 permitted uses of property under staff review;
- 60 5. Allow for research and development operations, both with and without manufacturing
61 activities, to develop in the county;
- 62 6. Potentially combine inert debris landfill operations into a single land use category (staff was
63 looking for Board direction);
- 64 7. List specific land uses in order to ensure they cannot be developed in Vance County;
- 65 8. Incorporate new definitions into the Zoning Ordinance to ensure land uses are properly
66 defined.

67
68 Mr. Ruxton Bobbitt asked if there was a County-wide zoning map denoting where various districts
69 were located. Mr. Harvey said there was (Mr. Harvey pulled up the Zoning Map on-line and showed
70 Board members where it could be accessed and gave a demonstration on how the system worked). Mr.
71 Harvey indicated he would get members a paper copy if they desired.

72
73 Mr. Mitch Wyatt asked who enforces out zoning regulations to which Mr. Harvey said he and his staff
74 are responsible for enforcement.

75
76 Mr. Bobbitt indicated he had concerns about Stagecoach Road and other areas of the County being
77 turned into junkyards and hoped efforts would be undertaken to address them. Mr. Harvey said he and
78 his staff provide coverage for the County 3 days a week and are doing their best to address the issues
79 associated with rebuilding the department. Mr. Harvey said he currently has 5 open code enforcement
80 cases he is pursuing and that he and Mr. Frankie Nobbles are working to address several junkyard
81 complaints.

82
83 Ms. Phyllis Stainback asked if there was a need to update the County Land Use Plan. Mr. Harvey said
84 the current incarnation of the Land Use Plan was in need of updating. Ms. Stainback suggested all
85 amendments should be put off until the Plan was updated. Mr. Harvey said the County cannot hold off
86 on amending or updating land use regulations or ask residents and property owners to hold off on
87 proposing zoning map amendments while the Land Use Plan is possibly being updated. The proposed
88 amendments under review by the Planning Board are consistent with the goals and policies of the
89 currently adopted Land Use Plan and are consistent with the applicable land uses polices contained in
90 that document. Staff was not recommending anything inconsistent with this document. It would not be

91 appropriate to put development in the County on hold to wait for a new plan as that will take time to
92 complete.

93

94 Ms. Stainback said she believed there needed to be a lot of updates to the zoning ordinance. Mr.
95 Harvey agreed the zoning ordinance needed a lot of modifications.

96

97 Ms. Stainback said she had concerns about industrial development in the County, including where
98 industrial zoning districts are currently located, as these land uses can have more direct impact on
99 adjacent property owners than other land use categories and that she had a lot of concerns about any
100 proposed change. Ms. Stainback indicated she had voted against changes in the past because of
101 concerns over potential negative impacts of expanding industrial zoning and land uses where there were
102 residential land uses in close proximity. She was concerned these amendments could have a negative
103 impact on residential land uses near industrially zoned parcels of property.

104

105 Mr. Bobbitt said we all need to remember this County did not have comprehensive zoning until 2013.
106 Decisions have to be made as to what is most viable for the future growth of Vance County, which does
107 include protecting the value of residential property and promoting economic development. Mr. Bobbitt
108 said there are tough decisions that have to be made but he was confident there were tools in place to
109 address the impacts on adjacent property owners. There was general discussion on this topic.

110

111 Mr. Harvey asked if there were any concerns over the current amendment package. Ms. Stainback said
112 she was concerned about concrete processing but felt the proposed definition addressed her concerns.

113

114 Mr. Bobbitt asked about State and Federal permits for various land uses. Mr. Harvey reviewed various
115 permitting requirements, including air quality permits, for various land uses but could not guarantee
116 State or Federal officials would be as diligent as local Board members might hope for in all
117 circumstances. There was general discussion on this matter.

118

119 Mr. Harvey asked if the Board wanted concrete processing, currently proposed to be reviewed and
120 approved by staff, to be required to observe a Special Use Permit review and approval process and
121 abide by the same development standards as an asphalt plant including required land use buffers,
122 required setbacks, fencing, etc. There was consensus by the Board that a concrete processing plant
123 should observe the same permitting requirements. Mr. Harvey said he would make the requested
124 change.

125

126 Ms. Stainback said her experience with State officials in dealing with monitoring and enforcement of
127 State permitting requirements have not been positive in the past.

128

129 Mr. Wyatt said he had no concerns over the change as he felt a developer would do that anyway just for
130 safety purposes.

131

132 Mr. Harvey asked if there were any other comments or suggested modifications.

133

134 There was consensus amongst the Board to combine the inert debris land uses into a single category
135 rather than have two separate categories. Mr. Harvey said that would not be a problem.

136

137 Ms. Stainback wanted the term petroleum refinery added to the table of permitted uses as a land use to
138 show it was prohibited as an allowable land use within the County. There was general consensus
139 among the Board members this be done. Mr. Harvey said he would do so.

140

141

142 There was general discussion on the purpose and intent of various zoning districts.

143

144 Ms. Stainback said for Special Use Permit applications you have to be an adjacent property owner in
145 order to receive a notice of the hearing. With industrial land uses there can be impacts beyond the
146 property boundary. Ms. Stainback asked if people in the vicinity of an industrially zoned parcel going
147 through the Special Use Permit process will be allowed to testify before the Board of Adjustment or
148 will they not be able to because they are not adjacent property owners. Mr. Harvey said consistent with
149 the County Ordinance and State law individuals intending to offer testimony are required to
150 demonstrate they have standing in order to testify during an evidentiary hearing. If they are unable to
151 demonstrate they have standing, then they are not permitted to testify. Being an adjacent property
152 owner is not necessarily an indication of standing. Individuals have to demonstrate they will suffer
153 special damages as a result of the proposed development and supply evidence of same for the Board to
154 consider. There was general discussion on this matter.

155

156 Ms. Stainback said people need to be able to address the Board during a Special Use Permit meeting.
157 Mr. Harvey said the Board has an obligation to be consistent with State law and only allow those
158 individuals determined to have standing offer sworn competent testimony on matters before them.

159

160 Mr. Bobbitt said there obviously needs to be actions taken to educate the general public on what
161 constitutes standing. Mr. Harvey said he was working on education materials to address that, as he has
162 done in several other communities, but it has been his experience individuals simply want an
163 opportunity to address a Board to express their concerns regardless of the law. Mr. Harvey said his
164 responsibility was to keep the County consistent with State law and out of court for possible procedural
165 errors made during an evidentiary hearing. There was general discussion on this matter.

166

167 Mr. Bobbitt reminded the Board that when the County started down the path of developing a zoning
168 ordinance in the late 2000's it was very basic and represented what was best for the County at the time.
169 We need to take a comprehensive approach to review and revise these regulations to ensure they are
170 doing what we need them to do. Mr. Bobbitt said we should welcome this opportunity to take a
171 comprehensive approach to update these regulations.

172

173 Ms. Stainback made a motion that the Planning Board will not vote or consider text amendments,
174 changes, or consider action on a project when we do not know what we are voting for. Ms. Stainback
175 said the Board has been asked to allow for land uses in the past without knowing exactly what was
176 being proposed and she was not comfortable being asked to make amendments to the zoning ordinance
177 without having full disclosure for the reasons why.

178

179 There was no second and the motion died as a result.

180

181 Mr. Bobbitt said he believes the concern is over confidential land use client's wanting to come to an
182 area that may require modifications to local regulations but the specific client or land use is not subject
183 to public disclosure. While he understands the concern, there are situations where the Board has to
184 accept the requested change is being acted upon based on the basis of its appropriateness with the Land
185 Use Plan and not necessarily on the perspective tenant. There was general discussion on this topic.

186

187 Ms. Stainback made a motion that the Planning Board begin a comprehensive assessment of existing
188 light industrial and industrial zoned areas in the County, study their impacts on adjacent parcels, and
189 consider changing the zoning of light industrial and industrial parcels where appropriate to eliminate
190 identified negative impacts on adjacent parcels including financial and public safety impacts.

191

192 There was no second and the motion died as a result.

193 Motion was made by Mr. Wyatt to:

- 194 1. Combine the inert debris land fill categories in the current table of uses into a single land use
195 category;
- 196 2. Add the petroleum refinery land use category to the table and note it was a prohibited land use in
197 all general use zoning districts;
- 198 3. Make concrete processing a use allowed through the special use permit process and mirror the
199 standards proposed for asphalt plants;
- 200 4. Approve the amendment package proposed by staff as modified.

201 The motion was seconded by Mr. Bobbitt. There was no further discussion and the motion was passed
202 unanimously.

203
204 With no further items on the agenda, the meeting was adjourned at 5:00 p.m.

CASE ZA23-001

STATEMENT OF CONSISTENCY AND REASONABLENESS
Zoning Ordinance Amendment
Vance County Zoning Ordinance

WHEREAS Vance County (hereafter ‘the County’) Planning Staff (hereafter ‘the Staff’) completed amendments to the Zoning Ordinance (hereafter ‘the Ordinance’);

WHEREAS the amendments involve expanding allowable land uses within the Light Industrial (LI) and Office Institutional (OI) general use zoning districts and involve changes to the Table of Permitted Land uses, Section 6 *Special Uses*, and Section 12 *Definitions*, of the Ordinance;

WHEREAS The Planning Board completed its review on November 9, 2023 and recommended approval finding the amendments were reasonable, in the public interest, and consistent with the adopted 1996 Vance County Land Use Plan; and

WHEREAS, the Staff advertised the Legislative Hearing, scheduled to occur on January 8, 2024, consistent with the provisions of the Ordinance and NC General Statute 160D-601; and

WHEREAS, All Zoning Ordinance Amendments are required to comply with the provisions of the Ordinance and processed in accordance with Article 5 of G.S. 160D of the State of North Carolina General Statutes:

NOW THEREFORE BE IT RESOLVED The Vance County Board of Commissioners hereby makes the following finding(s):

- 1. **CONSISTENCY WITH LAND USE PLAN:** The Board determines the proposed test amendments (ARE / ARE NOT) consistent with the adopted 1996 Land Use Plan finding that:

<p>Sample language finding request ‘is’ consistent:</p> <ul style="list-style-type: none">a. The Land Use Plan establishes the following goals and objectives supporting the adoption of the proposed amendments:	<p>Sample language finding request ‘is not’ consistent:</p> <ul style="list-style-type: none">a. The Land Use Plan establishes the following goals and objectives supporting rejection of the amendment package:
---	--

1. GOAL 1: *To encourage development at a rate and in a pattern which can be efficiently and effectively served by existing and planned services and facilities.*
2. GOAL 2 Objective 2: *To encourage sustainable economic growth and development.*
3. GOAL 4: *To promote, expand, and diversify the economic base in Vance County to maximize the use of human resources while protecting important natural features and community values.*
4. GOAL 4 Objective 1: *Encourage industrial and commercial development to increase the tax base and job supply in development communities or areas.*

The Board finds the amendments expand allowable industrial land uses, focusing primarily on permitted uses within the Light Industrial (LI) and Office Institutional (OI) general use zoning districts, making Vance County more competitive with respect to economic development recruitment activities and expanding the local industrial tax base.

1. GOAL 2 Objective 2: *To encourage sustainable economic growth and development.*
2. GOAL 5: *To conserve, protect, and encourage the wise and prudent use of Vance County's natural and cultural resources.*

The Board finds the expansion of industrial land uses may not result in the desired level of diversification of local economic land uses and may not contribute the preservation of the county's natural and cultural resources.

The reliance on industrial land uses to support the local tax base is no longer deemed to be sustainable.

OTHER:

OTHER:

2. **STATEMENT OF REASONABLENESS:** The Board of County Commissioners finds:

<p>Sample language finding request 'is' reasonable and in the public interest:</p> <p>The request is reasonable and in the public interest as the amendments increase opportunities for additional industrial and commercial development and promotes current development patterns envisioned by the adopted Land Use Plan.</p> <p>Specifically, by expanding industrial land uses, Vance County becomes more competitive with respect to economic development recruitment activities and expanding the local industrial tax base.</p>	<p>Sample language finding request 'is not' reasonable and in the public interest:</p> <p>The request is not reasonable or in the public interest as it does not take into consideration the need for Vance County to diversify its economic tax base and expand local industry beyond simple industrial land uses.</p>

Staff Report

ARP Funding. The NC Department of Environmental Quality has offered American Rescue Plan funding in the amount of \$250,000 to perform an asset inventory and assessment study of the County's water system. *Recommendation: approve the attached resolution to accept the \$250,000 grant and allow the County Manager to furnish any needed information and execute any needed documentation.*

RESOLUTION
by the
Vance County Water District Board
Accepting American Rescue Plan Funding

WHEREAS, the American Rescue Plan (ARP) funded from the State Fiscal Recovery Fund was established in S.L. 2021-180 to assist eligible units of government with meeting their water/wastewater infrastructure needs; and

WHEREAS, the North Carolina Department of Environmental Quality has offered American Rescue Plan (ARP) funding in the amount of \$250,000 (Project No. AIA-D-ARP-0214) to perform an Asset Inventory and Assessment study detailed in the submitted application; and

WHEREAS, the Vance County Water District intends to perform said project in accordance with the agreed scope of work.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE VANCE COUNTY WATER DISTRICT:

That the Vance County Water District does hereby accept the American Rescue Plan (ARP) offer of \$250,000 grant (Project No. AIA-D-ARP-0214).

That the Vance County Water District does hereby give assurance to the North Carolina Department of Environmental Quality that any Conditions or Assurances contained in the Award Offer will be adhered to.

That County Manager C. Renee Perry, and successors so titled, is hereby authorized and directed to furnish such information as the appropriate State agency may request in connection with such application or the project; to make the assurances as contained above; and to execute such other documents as may be required by the Division of Water Infrastructure.

Adopted this the 8th day of January, 2024.

R. Dan Brummitt, Chairman
Vance County Water District Board

*Committee Reports
and Recommendations*

Vance County

Committee Reports and Recommendations

January 8, 2024

Properties Committee

Land Donation. The committee (Taylor, Brummitt, and Alston) met on December 20, 2023 to review a request from Mr. Faulkner for Vance County to accept 32.63 acres of land and a farmhouse. Cooperative Extension Director Wykia Macon presented her proposed use of the land and farmhouse to the committee. The committee has asked staff to continue to do research to determine if there are any funds that we can solicit for the maintenance of the land as well as how other counties/municipalities handle donations of this magnitude. *For Your Information.*

LED Billboards. The committee reviewed a request from Jonathon Edwards to the Vance County Board of Commissioners to amend the Vance County Zoning Ordinance to allow for electronic billboards within Vance County's planning jurisdiction. The committee agreed that they do not want to proceed with any amendments at this time. *For Your Information.*

Public Safety Committee

Vehicle Use Policy. The committee (Faines, Brummitt, and Alston) met on December 20, 2023 to review the vehicle use policy and also review possible changes. The County Manager recommends the policy stay the same and allow the County Manager to enforce the policy internally and deal with any performance issues that may arise. *Recommendation: Leave the policy as written.*

Inmate Co-pay. The committee reviewed the proposed policy and discussed the pros and cons to implementing such a policy. The committee agrees that we should implement the inmate co-pay policy to charge inmates with taking more responsibility for their health care. This will reduce the misuse of the correctional health care system. *Recommendation: Implement policy with staff's recommended effective date.*

Fire PPE Capital Request. The committee reviewed the request from Chief Wright to move forward with the purchase of PPE for Fire Staff. *Recommendation: Allow the County Manager to authorize capital purchase of PPE based on current needs and recommendations by Chief Wright.*

Fire Prevention Code Enforcement Ordinance. The committee received a proposed ordinance from Chief Wright. This proposed ordinance has been reviewed and approved by AP Triton. *Recommendation: review the ordinance for future adoption.*

Overview

North Carolina Cooperative Extension-Vance County Center (NCCE-VCC) currently offers the following technical assistance and program areas: Parenting, Agriculture (Horticulture and Small Farms), Food and Nutrition, 4-H Youth Development, and Family and Consumer Science. We also house an area STEM specialist who provides STEM training and support to adults leading programs. Based on data and community interest, NCCE-VCC is interested in exploring additional staff focusing on local foods, livestock, and a 4-H Youth Development agent who focuses primarily on STEM training, support and external opportunities for youth. More information about our recent and upcoming programs visit our newsletter on our website or [click here](#).

The information below are suggestions of possibilities for the land and home use at 699 Garrett Road, Henderson, NC. The suggestions below are presented with the community and organization in mind. This land can be used as a way to educate youth and adults in the community, provide youth with productive outlets, life skills and workforce development skills, address the food needs of the county¹, support local farmers, provide part-time or full-time employment in the community, and more. As the current County Extension Director, I would be interested in exploring possibilities with an advisory team and developing something that is sustainable and beneficial for the community.

0-3 Years Suggestions

Museum

- Part of the current structures on the land can be used as a NCCE-VCC (previously known as Agricultural Extension) museum, highlighting the evolution of Extension and Agriculture in the county. NCCE-VCC currently has artifacts and articles dating back to the early 1900s that can be displayed in this home.

Strengthening the Public-School Connection to NCCE

- Future Farmer of America (FFA): I am unsure of the current status of the VCS FFA program, but part of the land could be used as a way to grow the program and provide an area for hands on experiences near the schools (VCHS and Clarke Street Elementary). Currently, less than 4% of the total producers in Vance County are under age of 35 years old and the average primary producer age is 62 years old. So, there is a need to engage youth in the county in Ag. This means including traditional Ag as well as addressing the digital Ag revolution. Vance County 4-H'ers have learned about and trained others on Drones in Agriculture. We would need to bring programs like this as well as information about hydroponics and non-traditional ways of growing food to our youth and community. This facility can be used as a place to research and do hands on experiments in Ag. This collaboration may be able to incorporate school funding for some of the activities.

¹ 8,540 (19.2%) Vance County residents were food insecure in 2020

- Local Field Trips: Once the land has any (or all) of the items mentioned on this document, it can serve as an area for field trips and experiential learning. Youth can learn more about beekeeping through an apiary, schools could have allotment garden beds (in the community garden) where each school grows their own food and learn from Extension Staff (e.g., Community Gardens Coordinator). Youth could also take some of the food home or sell the food they grow, teaching mathematics and entrepreneurial skills. With two schools on this road, and others close by, this area could easily benefit the students in the community.

Apiary

- The Vance and Warren Counties Beekeepers Association may be interested in developing an apiary for education and outreach, community engagement, and as a means to benefit the community garden or general agriculture in the area. We currently have a youth beekeeping club with about 5-10 regular attendees, but the exposure through the school system can help build this club for years to come.

Community Garden

- Some NC Cooperative Extension offices have staff who support community and school gardens in their county. Guilford County has a community and school gardens Agent ([click here for more information](#)) who also supports the allotment raised bed garden at their county office. [Briggs Avenue Community Garden](#), managed by Durham County Cooperative Extension, is another example of what is possible.

Animals

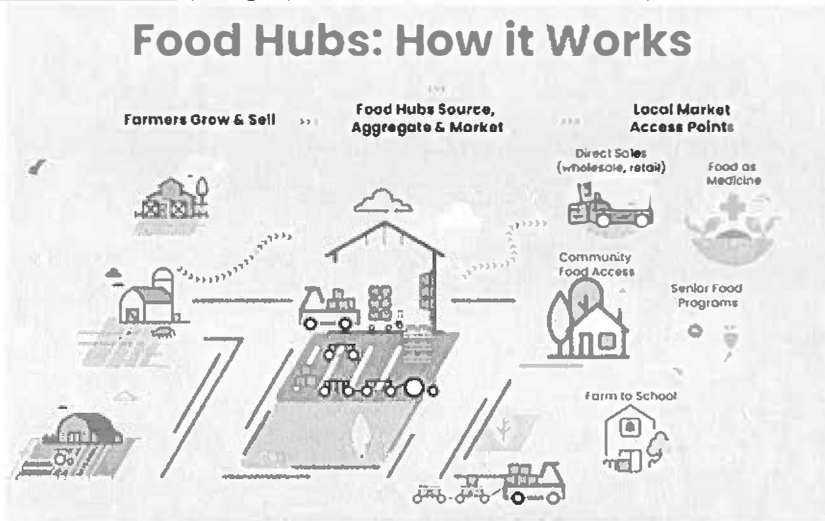

- Vance County 4-H Agriculture Club has expressed interest in bringing a Livestock Show back to Vance County, but there is concern about youth in the community being unable to house their animals. This land may be a place to house some animals. Furthermore, it would be beneficial to have goats or sheep to graze the land, which would reduce maintenance cost in some areas. We could also consider chickens, which could be beneficial for teaching as well as egg production at the Food Hub (see below). These animals would also support the enhancement of the FFA program in the areas of livestock. With the right facilities, we could possibly offer a livestock show on this land.

Food Hub

- More information about food hubs can be found at the links below but basically food hubs are growing around the state as a means of supporting our local foods systems. With proper structures, this area can work as a place to sell what is grown in the gardens and farming areas on site as well as what local farmers grow in the community. We currently offer this opportunity through the Farmers Market 1-2x a week, but a Food Hub is intended to have farm fresh foods available throughout the week. Some Food Hubs also provide the opportunity to buy farm fresh food online, which may benefit our local farmers. Our Farmer Market accepts EBT, so we can look into developing the same mechanisms for our Food Hub. With 34% of the county receiving SNAP benefits, this is a healthy way to utilize those benefits and keep the money in the county.

Food Hub NCSU Information

NC Food Hub Collaborative (infographics below is from this site)

Equipment Storage

- NCCE-VCC receives calls about equipment rental (e.g., No-Till Drill), which we currently do not have. I am unclear if one is available in the community. However, if/when this item is purchased it could be stored on this land, along with other farming equipment that may be used by FFA members or staff. We have also had inquiries about housing a bean and pea harvester, initiated by community members and funded by grants written by community members. A storage facility on this land would be a suitable for that request as well.

Amphitheater/ Outdoor Education Center

- A nature version of concrete amphitheater, similar to what they have at Granville Athletic Park (GAP). In addition to performances, yoga and/or morning meditation can be offered here. Mindfulness and meditation practices are useful ways to address stress and mental health. Vance County has less mental health resources in the county than compared to the state, so we have to think about various ways to address mental health issues that are often associated with poverty until we have the human resources needed to address all the things plaguing our county.
- Or outdoor education center, similar to what they have at GAP, where people can come learn from Staff, Master Gardeners, members of the Beekeepers Association, local farmers, and more.

Outdoor Walking Trail

- For walking and/or biking

Staff

- The county or NCCE-VCC will need additional staff to accommodate the structures and activities mentioned. A Community Gardens Coordinator and a Livestock Agent will be helpful in routine activities at this location. An individual who focuses on marketing,

especially with the inclusion of a Farm Hub, would be very helpful. Also, part-time student internships (unpaid and paid) as well as part-time employment opportunities may be needed for operating some of the activities above. The current house on the property could serve as a temporary office for these staff.

4-10 Years Suggestions

NCCE- VCC is outgrowing their currently facility. It does not offer space for outdoor activities, such as those mentioned above. Additionally, there are some safety concerns for the current location. Thus, a Center that allows for research and hands on activities, community engagement, agriculture, and more would be highly beneficial to NCCE-VCC and the community. Though there are cost associated with building a new center, the return on investment is likely to outweigh the cost for decades to come. With Vance County being a county of 30 years perpetual poverty, we must think of innovative ways to build the skills of people in our community to benefit them at home and in the workforce, as well as feed our community (figuratively and literally) to address some of the crime associated with poverty. Below are some of the ways that the Center could benefit the community.

Commercial Kitchen/ Fully Developed

- Youth Cooking Lessons
- Adult Cooking Lessons

Our Food and Nutrition Educator could use produce from the garden and/or farm on the site to teach people how to cook healthy meals. This not only will provide valuable life skills to people of all ages, but it could also address the chronic disease concerns and obesity issues in our community. Our youth are already benefiting from many of our food and nutrition programs. We are in the process of training youth to compete in the Dinah Gore Healthy Cooking Challenge. We are currently using the newly developed garden at our Boys and Girls Club for some of our produce. We see Vance County being a top competitor for many years to come.

- Food Preservation

Family and Consumer Science programs include food preservation programs. These programs can help youth that can utilize produce from the land.

STEM Facility/ Room

- Housing Ag STEM products along with the

We have a STEM specialist and one day we may have a STEM agent who focuses primarily on STEM education. We also have teens who teach youth (4-H Teen LEADs program) and adults (4-H Tech Changemakers) using the robots, drones, offline STEM kits, and other materials in our office. We just partnered with HUBZone Technology Initiative (HTI) to offer an afterschool program where youth 11+ learn how to build their own computers along with the basic entrepreneurship skills to sell these computers. A designated area to house our growing STEM inventory and offer more programs like the ones above would be helpful in addressing the quickly changing technology landscape. This would offer our youth an opportunity to gain skills that will be relevant in the present and future. The location of this facility will help us reach youth in areas that may be a little difficult for them to come into town for such programs.

Expanding Parenting

- Learn through camping and/or outdoor experiences

Our parenting programming could expand to include family camping on the land, utilizing the hiking trail and pond (if available). Families can be taught outdoor safety or general survival skills that may not be taught in schools, churches or other areas of the community. We could offer fatherhood programs or retreats to strengthen our fathers in the community, which would in return strengthen families overall.

Additional Rooms

- We will need additional conference rooms for classes/programs, a large meeting room would be ideal to host other counties for larger programs. These rooms could be made available for use (free or at low cost) to the public.

Further Considerations

Next Steps:

- Advisory Team: For any of this to be a success, input would be needed from organizations that work with youth and children in the community (e.g., Boys and Girls Club, Smart Start, Turning Point CDC, VCS, etc.) as well as those with experience with food and agriculture (e.g., local Farmers, orgs who run food Hub, members of Farm Bureau) as well as some of the County Commissioners. Additional suggestions recommended for the team. NCCE-VCC could help lead the formation and discussions of the advisory team.

Questions:

- Is the county interested in owning the land or will it be property of NCSU?
- Would a 501c3 be set up? This could be useful for obtaining grants or funding for activities mentioned above.
- Is there a pond or body of water on the land?
- Can we build other building on the land?
- What would be the responsibility of NCCE-VCC? What would be the responsibility of the county?

Interim Vance County Planning Director

DATE: November 20, 2023

SUBJECT: RESPONSE TO CITIZEN PETITION – Amendment to Vance County Zoning Ordinance to Expand Billboard Usage Within Vance County

Recently, Vance County Commissioners (hereafter 'BOCC') were approached by a resident with a request to amend the Vance County Zoning Ordinance (hereafter 'the Ordinance') to allow for electronic billboards within Vance County's planning jurisdiction. The purpose of this document is to provide a synopsis of the current regulations of billboards, summarize what would have to be amended to accommodate this request, and provide pros and cons to the proposal to the BOCC for consideration.

CURRENT REGULATORY FRAMEWORK: Sign regulations are found in Section 9 of the Ordinance.

A 'Billboard' is currently classified as *Off-Premise Outdoor Advertising*, defined in Section 12 *Definitions* of the Ordinance as follows:

any outdoor sign, display, light, device, figure, painting, drawing, message, plaque, poster, billboard, or any other thing which is designed, intended, or used to advertise or inform, any part of the advertising or information contents of which is visible from any place on the main-traveled way of the interstate or primary system or other public right of way, whether the same be permanent or portable installation.

Per Section 9.5 of the Ordinance, Off-Premise Outdoor Advertising Signs are regulated as follows:

- A. *Advertising Signs (Billboards): All advertising signs (billboards) located within 660 feet of interstate or federally assisted primary highways are subject to the standards and permitting requirements of the Outdoor Advertising Control Act administered by the North Carolina Department of Transportation.*
 1. *For Advertising Signs (billboards) that are off-premise, the maximum permitted sign area, location, characteristics, and number of off-premise outdoor advertising signs shall be in accordance with the standards in this section, the following regulations for such signs shall apply:*
 - a. *Permitted only with the issuance of a Special Use Permit.*

- b. *Limited to a maximum size of:*
 - 1. *400 square feet along any U.S. or North Carolina designated highway.*
 - 2. *200 square feet along all other streets/roads.*
- c. *Be setback a minimum of fifty (50) feet from the public right-of-way, or any legal private access road.*
- d. *Not exceed thirty (30) feet in height.*
- e. *Have only one (1) face per side of the sign. "Double-decker" signs with signs erected one over or above the other and side-by-side signs with signs erected one next to the other are prohibited.*
- f. *Be a minimum of one-thousand (1,000) feet from any residential zoning district or residentially developed property, whether within the jurisdictional limits of the county or not. The distance shall be measured radially from the proposed sign location to the nearest point of the residential district or property.*
- g. *Shall be a minimum of one-thousand (1,000) feet from any other off- premise outdoor advertising sign, located on the same or on the opposite side of the street. The distance shall be measured radially from the proposed sign location to the existing sign location.*
- h. *Shall be a minimum of one-hundred (100) feet from any existing or proposed building, off-street parking area, or other building or structure.*

The distance shall be measured radially from the proposed sign location to the nearest point of the building, off-street parking area, or other building or structure.
- i. *No vegetation in the public right-of-way shall be cut for the purpose of increasing or permitting visibility to such off-premises outdoor advertising sign unless approved by the chief engineer of the governmental authority having jurisdiction over such right-of-way.*
- j. *No outdoor advertising sign (billboard) shall be located in a required front yard setback.*
- k. *Outdoor advertising signs (billboards) shall meet North Carolina Building Code requirements for wind load and all supports shall be of steel, aluminum, concrete, or other non-combustible material.*
- l. *No outdoor advertising signs (billboards) shall be erected closer than ten (10) feet from any conductor of electricity, and*

all such signs shall comply with all requirements of the National Electrical Code with respect to clearance from overhead electrical conductors.

ISSUE/REQUEST: As staff understands it, the BOCC has been approached by an individual property owner seeking amendments to the Ordinance allowing for greater flexibility in locating/developing Off-Premise Outdoor Advertising Signs including:

- Allowing for electronic billboards;

STAFF COMMENT: Section 9.4 *Prohibited Signs* has a section reading as follows: *Signs with lights or illuminations which flash, move, rotate, scintillate, blink, flicker, vary in intensity, vary in color, or use intermittent electrical pulsations, except for: time, temperature, date signs; traditional barber poles; and electronically controlled message signs.*

This has been interpreted as prohibiting electronic billboard signs, which change messages/advertising material every 7 to 15 seconds with a new advertising material. This is different from an electronically controlled message sign, which is typically a smaller integral component of a freestanding sign (i.e., menu board, gas station signage, specials at a convenience store, etc.) Examples of what staff are referring to are noted below:

- Expanding allowable sign area on local roadways from 200 sq.ft. to 400 sq.ft.;

STAFF COMMENT: Off-Premise Outdoor Advertising Signs are only permitted to be 400 sq.ft. in area along U.S. or North Carolina designated highways. All other roadways, where they are permitted subject to compliance with applicable standards, can only be 200 sq.ft. in area.

- Reducing the required setback of Off-Premise Outdoor Advertising Signs from residential districts, currently set at 1,000 feet;
- Consider allowing Off-Premise Outdoor Advertising Signs to be approved by staff (i.e., eliminating the requirement for a Special Use Permit reviewed and acted upon by the Board of Adjustment during a duly advertised Evidentiary Hearing);

- Reducing the required setback of Off-Premise Outdoor Advertising Signs from other similar signs, currently set at 1,000 feet. This would allow for more signage along local roadways.

REQUIRED AMENDMENTS: To accommodate the request, staff would have to amend Section 9.5 as follows:

1. Amend Section 9.4 to modify language clarifying electronic Off-Premise Outdoor Advertising Signs would be permitted;

STAFF COMMENT: Staff would recommend standards establishing a time limit on the number of times the image could change/refresh in a minute to address concerns about drivers being distracted by constantly changing imagery/messages.

This change would also be advisable to address changing messages for all electronic signage within the County.

2. Amendment Section 9.5 as follows:

- a. Allow for Off-Premise Outdoor Advertising Signs to be administratively approved by staff as all sign permits are currently handled;

STAFF COMMENT: Regardless of the BOCC decision on additional flexibility for Off-Premise Outdoor Advertising Signs, staff do strongly recommend this change.

There is no practical reason they type of sign should be treated differently than all other signage from a permitting standpoint.

Provided the County has reasonable permitting standards, staff can administer and enforce same controlling the location and development of outdoor advertising signage within the county.

- b. Reduce required setbacks for Off-Premise Outdoor Advertising Signs from residential districts and from other existing Off-Premise Outdoor Advertising signage. This would place such structures closer to residential areas and allow for greater numbers of signs within the County;
- c. Increase the total allowable area for Off-Premise Outdoor Advertising Signs (i.e., make the allowable square footage of the signs uniform County-wide).

PROS AND CONS: A few items to consider with respect to this request:

- A. State law preempts local governments from addressing many regulatory aspects associated with Off-Premise Outdoor Advertising Signs.

While Vance County can adopt reasonable, content-neutral regulations, in cases where there are conflicts State law will always prevail and potentially allow for the location of such structures on State and Federal roadways;

- B. As previously indicated, staff is not comfortable asking the Board of Adjustment to review/act on sign permit applications for Off-Premise Outdoor Advertising Signs. It would be prudent to amend the Ordinance to require staff to process permit requests;
- C. There is a need to modernize current sign regulations, including current Off-Premise Outdoor Advertising Sign standards and standards governing electronic signage regardless of the request before the BOCC. Several existing standards are woefully out of date;
- D. Staff are concerned about reducing required setbacks for Off-Premise Outdoor Advertising Sign from other similar structures as well as from residential districts. Staff believes the standards have served the County well and see no need to change them;
- E. Staff would recommend Off-Premise Outdoor Advertising Signs only be permitted on State and Federal roadways and be prohibited on all other roadways within the county.

Staff look forward to receiving direction and stand ready to implement appropriate changes as directed.

Vance County Detention Center Co-Pay

Inmate co-payment will induce inmates to take more responsibility for their health care while diminishing the misuse of the correctional health care system. This in turn will allow health professionals more time to direct medical resources to those with true needs.

emergency medical services: for jail inmates, the county is generally responsible for the cost. G.S. 153A-224(b). In the relatively rare case where an inmate has third-party insurance, the provider can bill the insurer first, leaving the county liable for whatever costs are not covered by the insurance. The statute then says the county may seek recovery from the insured inmate for any non-reimbursed medical services.

nonemergency medical care: the jail may establish a fee of not more than \$20 per incident. The fee must be established as part of the jail medical plan required under G.S. 153A-225—developed in consultation with appropriate local officials, approved by the local health director, and adopted by the board of county commissioners.

	<u>Budget</u>	<u>Actual</u>	<u>Provider</u>
FY 2019 -	\$435,000	\$480,817.17	Southern Health Part
FY 2020 -	\$300,000	\$375,344.85	Medico
FY 2021 -	\$450,000	\$480,217.51	Medico& SHP
FY 2022 -	\$400,000	\$555,985.39	SHP
FY 2023 -	\$1,300,000	\$1,552,587.11	Temp Co and ACH
FY 2024 -	\$550,000	\$395,219.84	Advance Correction Health

Last 5 Years - \$559,952 over budget

On track to be \$1,000,000 over budget in 2024

If we spend \$1,300,000 in FY 24

Average number of inmates is 135

That is one inmate spending roughly \$10,000 per year and going to doctor 52 times in one year

Which is going to doctor 1 time per week at an average of \$200 per visit for non-emergent care.

VANCE COUNTY DETENTION CENTER

RULES AND REGULATIONS

1. Keep your hands, feet and objects to yourself at all times.
2. Address uniformed Officers as "Detention Officer" or "Officer".
3. Obey the orders of Detention Center Staff promptly. If you disagree with what you are asked to do, obey the Officer without delay and file a complaint at a later time.
4. All inmates must stay out of "Yellow Boxes" unless called by an Officer.
5. All inmates must be fully dressed while in the dayroom area, including G & H. **NO EXCEPTIONS, PERIOD.**
6. All inmates must wear your wristbands at all times. **NO EXCEPTIONS.**
7. No "DU-RAG" or any other kind of headgear will be allowed.
8. NO necklace of any kind will be allowed. This also includes necklaces made with county property, i.e. towels, sheets, wash cloths, etc.
9. **DO NOT DAMAGE COUNTY PROPERTY – ANY COUNTY PROPERTY YOU RETURN DAMAGED AT THE TIME OF YOUR RELEASE WILL REQUIRE YOU TO PAY FOR ITS REPLACEMENT.**
10. When you are being released from the detention center, you must return all County Property and clean up your personal area, including your mat.
11. Your money will be deposited into your Inmate Account. Deductions from your account include: commissary purchases, non-emergency medical co-payments; hygiene items, and **LOST OR DAMAGED COUNTY PROPERTY.**
12. Hygiene items will be handed out on Wednesdays **only**. Additional hygiene items may be purchased when ordering Canteen.
13. No pictures shall be on walls, windows or lights.
14. Do not use paper of any type to cover lights or vents.
15. Inmates are responsible for clearing and stacking their trays for collection after each meal.
16. Any contraband in your possession or in your living quarters will not be allowed. This includes any contraband in your possession upon incarceration (ex: cigarettes/lighters, cell phones, drugs, etc.)
17. Contraband is defined as any item which is forbidden by or not specifically authorized by Detention Center Rules, any property which has been altered from its original condition or converted to another use.
18. All inmate mail must comply with established facility rules related to incoming and outgoing mail. Please see "**Mail Procedures**" dated 4/4/2011, posted in every Dorm.
19. Only money orders will be accepted for inmate accounts. All money orders must be from the **U.S. Postal Service**, and must be delivered through the **U.S. Mail**.
20. Inmates are allowed only five (5) pictures during the entire time of incarceration. **NO PICTURES WILL BE EXCHANGED FOR NEWER ONES.** Polaroid pictures will not be accepted. Once you have reached the five (5) picture max, all other incoming pictures will be returned in the mail to the sender.
21. Books exceeding one inch thickness will not be allowed. **ALL BOOKS MUST COME FROM THE PUBLISHER.**
22. **A-M** Wednesday from 9:00am-10:30am and 1:00pm-3:30pm
N-Z Thursday from 9:00am-10:30am and 1:00pm-3:30pm
FEMALE VISITATION is on **TUESDAY** from 1:00pm-3:00pm
23. Violation of the Rules and Regulations will result in loss of privileges, to include: **Visitation,**

canteen, phone calls, or may result in being placed on lockdown.

- 24. Any violation deemed to be criminal in nature may result in additional charges being served with a warrant and prosecution.
- 25. Any inmate in **REC AREA** will be in full uniform. Leave everything in your room. **NO EXCEPTIONS.**
- 26. Blankets will remain in the room. **NONE IN THE DAY AREA.**
- 27. Clogging up toilets with paper towels, feminine products will delay your **CANTEEN ORDER. THIS MUST STOP!**
- 28. Any Officer, Sergeant, Lieutenant or Captain can say who can and who cannot use the phone. **NO PHONE CALLS AFTER 5PM IN PROCESSING AREA.**
- 29. Keeping medication given to you by the Nurse or canteen. It is against Policy and You will be subject to lockdown, during a shakedown.
- 30. **SMOKING OF ANY KIND IS PROHIBITED.**

NOTE: A copy of the revised Inmate Rules is being provided to you for review, with a copy being placed in your personal file. Once you have received a copy of the revised rules, you are responsible for its content, and these rules are effective immediately upon receiving a copy.

I have received information on how to access health services for (Medical, Mental Health and Dental).
 I have received instructions on how to request a sick call.
 I have been informed about emergency contraception (Female patients only)
 I have received a complete health screening and answered all medical questions to the best of my abilities
 Health service request forms otherwise known as Sick Calls may be submitted on their assigned tablet or obtained from any member of the health services department. Requests are available daily at the end of any medication pass.
 If you submit a Health Services Request/Sick Call Form and refuse to keep your appointment, you will be charged a \$5.00 refusal fee. The only exception will be a documented legal or court visit.

The following non-emergent medical services are offered at a fee effective **December 5, 2023**:

- General Sick Call appointment= \$10.00
- Doctor visits (includes MD, PA, and NP visits) =\$25.00
- Outside Medical/Doctor Visits=\$30.00 per visit
- Dentist visits=\$20.00 per visit
- OTC prescribed medication (each medication has a separate charge)= \$5.00
- OTC medication refills=\$5.00 (each medication refill has a separate charge and will automatically be deducted from your account at time of refill approval)
- Appointment refusal=\$5.00

Fees charged for medical service will be deducted from your account prior to any canteen orders being filled.

Indigent inmates will never be refused medical care. Any monies received by you will be used to satisfy any negative balances that you may have.

Requests for glasses, dental work, or other specialized items will be provided only when it is determined that lack of these items **will** affect the health of an inmate. This will be determined by a doctor or dentist.

NO PATIENT WILL BE DENIED ANY MEDICAL SERVICE OR TREATMENT BECAUSE OF THEIR INABILITY TO PAY.
 Medical request forms from ALL patients will be processed in accordance with current procedure.

Form has been manually printed, signed, and uploaded to documents	<input type="checkbox"/> Yes <input type="checkbox"/> No

To: Vance County Administration Staff

Re: Vance County Fire Department Capital Budget

The request for FY24 capital and non-capital line items request included replacement of turn-out gear that is in poor condition as well as turn-out gear approaching its 10-year life span as specified in NFPA 1851, Standard on Selection, Care, and Maintenance of Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting. Structural Fire Fighting gear is properly sized and fitted for each individual. Currently there are 14 sets of gear set to expire in February of 2024, 2 sets that are in poor condition and 3 employees that have not been properly sized for gear. It is recommended that each firefighter have 2 complete sets of protective gear with the increased risk of cancer amongst firefighters allowing them to wash their contaminated set and having a second set to continue their daily operations. Also within our CIP plan there was funding included to purchase 4 new Self-Contained Breathing Apparatus to complete a 4 to 5 year time frame to replace and update our breathing apparatus. We currently have replaced 12 out of 16. The ones needing final replacement are replacing those that were purchased over 20 years ago meeting the 1997 edition of NFPA 1852 and do not meet current standards of NFPA 1852, Standard on Selection, Care and Maintenance of Open-Circuit Self-Contained Breathing Apparatus. Air packs that have been replaced so far all meet the current edition of 2018 for NFPA 1852. The safety of our firefighters is a true concern. We do everything possible to make sure that our firefighters are properly protected in order for them to return home safely to their families. I am requesting the release of the Capital and Non-Capital Line Items be released in order to continue to provide for the safety of our firefighters. Turn around for these items generally is between 3 to 5 months based on inventory and supplies. I thank you for your sincere concern with this matter.

Professionally,

Chris Wright
Vance County Fire Chief / Fire Marshal
cwright@vancecounty.org

Discoloration of the turnout gear. This gear should be a vibrant black, and due to exposure of high heat, it is now a dull gray. This means that it has been close to the fire so many times, it is not as effective as it should be.

Discoloration and wear and tear. The stitching is coming out. Extended heat damage breaks down the material. You will start to feel and see more heat on the inner liner, which gives the firefighter protection.

Hole in the material which has come from an ember or snag. This will allow more exposure of heat and fire.

Holes in gear. Any breakdown in material will cause significant damage.

Holes in gear.

Material is beginning to break down and thread is shredding.

Replacement for FY 23-24

*County Attorney's
Report*

RESOLUTION
by the Vance County Board of Commissioners
Authorizing the County Manager to Appoint County Officers, Employees, and Agents
Pursuant to NCGS § 153A-82

WHEREAS, Pursuant to NCGS § § 153A-82, Vance County Board of Commissioners has the ability to authorize the County Manager to appoint positions within the County; and,

WHEREAS, The Board of Commissioners desire to authorize the County Manager direct authority to appoint without prior Board approval Officers, Employees and Agents.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Commissioners for the County of Vance as follows:

1. The Vance County Manager shall be authorized to appoint officers, employees, and agents without first securing the board's approval. The manager shall make these appointments, suspensions, and removals in accordance with any general personnel rules, regulations, policies, or ordinances that the board may adopt.

This resolution shall be effective upon its adoption.

ADOPTED this the ___ day of January, 2024.

R. Dan Brummitt, Chair
Vance County Board of Commissioners

EXPANDED FOOD & NUTRITION EDUCATION (EFNEP)

BY NITASHA KEARNEY

The Expanded Food and Nutrition Education Program associate hosted the first Holiday social bringing the graduates of Creating Success afterschool education center to meet the specialized program committee members. The name of the committee is FOCUS; feeding our community, united in service! Committee members in attendance were Chalis Henderson and Wykia Macon. The students endured a six-week program based upon the Organ Wiseguys curriculum. Students were educated on diabetes health, heart health and increasing water consumption. Graduates had presentations to show committee members of knowledge gained during the program.

For the month of January, EFNEP will migrate to Vance County HS to incorporate the Fuel for Life curriculum into the Foods 1 classes! Stay tuned...

Parenting Program - Incredible Years

BY JAMON GLOVER

The Incredible Years Parenting Program is in week 13 of our first series as we begin discussions about emotional regulation and social coaching.

We are also proud to announce the restructuring of The Vance Parenting Taskforce. Community stakeholders in partnership with the Vance County extensions office met on December 19th to discuss bringing back the task force, which received unanimous support. More details in the following months.

Small Farms Happenings

BY WAYNE ROWLAND

The Vance and Warren County Beekeepers held their December meeting with 915 members present. The preparations for the “Do You Want To Be A Beekeeper” meetings on December 28, 2023 and January 8, 2024 were finalized. The Beekeeper Academy was planned and finalized.

Small Farms program assisted small farmers with reading their soil sample reports. The correct interpretation of these reports will help these farmers know the correct amount of lime and fertilizer to apply to their crops. Providing the correct amount of plant nutrients will increase crop yields and save these farmers money.

Upcoming Events

- Do You Want To Be A Beekeeper 1/8/2024 6pm
Vance County Regional Farmers Market
210 Southpark Drive, Henderson, NC
- Vance Warren Beekeepers 1/8/2024 7pm
Vance County Regional Farmers Market
210 Southpark Drive, Henderson, NC
- Beginning Beekeepers Academy 1/20/2024 9am
Vance County Regional Farmers Market
210 Southpark Drive, Henderson, NC

VANCE COUNTY 4-H

BY MICAH SHARPE

As the month of December comes to a close, Mr. Sharpe visited the Boys & Girls club once more before the holiday season. During his visit, Youth engaged in a team building exercise by building and decorating gingerbread houses. Looking ahead, the youth of the Boys & Girls club are elated to learn about coding robots and best practices for training others in utilizing this skill set.

Mr. Sharpe in his efforts is looking forward to meeting with members of the TEEN LEADS program in the new year. This meeting will serve as a time to discuss various topics within the fields of STEM and Agriculture. The goal of this meeting will be to provide teens with the opportunity to engage in impactful content and ultimately share with younger audiences within the community.

December Ag Updates from Cooperative Extension Vance and Warren County Centers

BY PAUL MCKENZIE

Check your Pesticide Certification & Credit Status

This is a good time to pull out your pesticide certification card to check if your renewal period ends in 2024. If so, remember that you have until Sept 30, 2024 to get needed credits. Private Applicators need Category X credits (2) PLUS the Category V class. The X credits are often offered at the tobacco meeting, grain meeting, field days, etc. The Category V class is normally offered locally sometime during Feb or Mar (details coming soon), with a final opportunity in Aug or Sep. Call us if you want to check on your credits.

Warren County Leasing Two Parcels for Crop Production

Warren County has posted an opportunity to lease two parcels for crop production. Proposals are due Jan 2, 2024. Details below:

- [Approximately 18 tillable acres near International Paper](#)
- [Approximately 13.5 acres on Airport Rd.](#)

Upper Middle Belt Tobacco GAP Meeting

Starts Monday, January 22, 2024 at 9 a.m. Location will be the Granville County Convention & Expo Center at 4185 U.S. 15 in Oxford, NC.

We will have specialist Matthew Vann and NCSU Faculty to give updates on production and cover issues for the 2023 growing season. GAP Connections will also be in attendance to provide annual training to all tobacco growers.

There will be NCDA&CS Pesticide Recertification Credits available.

Lunch will be provided!

Following lunch, there will be an option to receive Soil Fumigation Training from the NCDA&CS.

If you have an questions, please reach out to your local extension agent:

2023 DECEMBER MONTHLY REPORT

Visits/Calls-	267	Male-	221	Meetings/Events-	7
Emails-	66	Female-	84	Out of County-	84
Intent to File-	2	Compensation/Pension-	123	Service Connected-	9
Claims Filed-	8	Other-	181	(received 10% - 100% this month)	

11/28/23- Bailey and I participated in the Mental Health and Substance Use Care event at Spring Street Missionary Baptist Church in Henderson.

12/01/23- A veteran was awarded a monthly tax-free VA compensation payment of \$3737.85 starting December 2023 and received a retroactive payment of \$2860.00.

12/05/23- The VA just announced in November that family members of veterans exposed to contaminated drinking water at Marine Corps Base Camp Lejeune from August 1, 1953 to December 31, 1987 are now eligible for reimbursement of health care costs associated with Parkinson's disease under the Camp Lejeune Family Member Program.

Family members are also eligible for health care reimbursement for esophageal cancer, lung cancer, breast cancer, bladder cancer, kidney cancer, leukemia, multiple myeloma, renal toxicity, miscarriage, hepatic steatosis, female infertility, myelodysplastic syndromes, scleroderma, neurobehavioral effects and non-Hodgkin's lymphoma.

12/08/23- The Department of Veterans Affairs recently announced all World War II veterans are now eligible for no-cost VA inpatient and outpatient health care.

Under this expansion, all WWII veterans who served between December 7, 1941 and December 31, 1946, are eligible for VA health care regardless of their financial status or length of service. These veterans won't have to pay inpatient or outpatient copays, enrollment fees or monthly premiums.

Veterans Affairs leaders are calling for an immediate halt to foreclosures on homes financed through department loans, and extending a pandemic support program to help veterans who are struggling to make their house payments.

The change came in November, in response to an NPR investigation earlier in the month, which found thousands of veterans who are in danger of losing their homes because of the end of the Veterans Assistance Partial Claim Payment program in late 2022.

The program was established by Congress, and it allowed individuals skip some of their mortgage payments during the COVID 19 pandemic, with the promise they would later make them up. However, when it was canceled, some mortgage lenders demanded a rapid repayment of all back payments, leading to financial problems for affected individuals and families.

NPR reported around 6,000 individuals with VA home loans have already entered the process of foreclosure as a result.
