COUNTY WATER SIGNUP FEE REDUCED TO FROM \$1,795 TO \$125 FOR LIMITED TIME

December 16, 2024

Dear Property Owner,

Our records indicate that you own property in close proximity to a county waterline and have not taken advantage of this benefit for your property. This letter serves as notice that the sign-up fee has been reduced from \$1,795 to \$125 for a limited time. This new rate will be in effect beginning December 2, 2024 through February 28, 2025.

The current system has over 1,800 customers who sleep at night without having to worry about replacing well pumps, pressure tanks or dealing with other well water issues. Our customers have experienced power outages and have comfort knowing water is available even when the power is out. Join the Vance County Water System before connection rates increase and have better peace of mind that you are drinking safe, dependable, and high quality water.

If you have questions concerning the water system or to sign-up, contact Envirolink at (252) 235-4900. Envirolink serves as the operator of the county water system. Information is also available on the County's website at <https://www.vancecounty.org/county-water-system/>

For Financial Assistance Connecting to the Water System:

Contact the local USDA Rural Development office regarding eligibility for financial assistance with County water service hookup costs. They may be contacted locally at 252-438-3141.

Sincerely,

Vance County Water District
